Kingdoms Of The Savanna:

Kingdoms of the Savanna Jan Vansina,1970 *Kingdoms of the Savanna. (A History of Central African States Until European Occupation.) [With Maps.].* Jan Vansina,1966 **Great Kingdoms of Africa** John Parker,2023-03-21 A groundbreaking sweeping overview of the great kingdoms in African history and their legacies written by world leading experts This is the first book for nonspecialists to explore the great precolonial kingdoms of Africa that have been marginalized throughout history Great Kingdoms of Africa aims to decenter European colonialism and slavery as the major themes of African history and instead explore the kingdoms dynasties and city states that have shaped cultures across the African continent This groundbreaking book offers an innovative and thought provoking overview that takes us from ancient Egypt and Nubia to the Zulu Kingdom almost two thousand years later Each chapter is written by a leading historian interweaving political and social history and drawing on a rich array of sources including oral histories and recent archaeological findings Great Kingdoms of Africa is a timely and vital book for anyone who wants to expand their knowledge of Africa s rich history **Kingdoms of the Savanna** Jan Vansina,1968 The Lunda-Ndembu James Anthony Pritchett,2001 Pritchett anthropology African studies Boston U presents an account of the Lunda Ndembu people of northwestern Zambia The text is based upon archaeological data travel accounts colonial field reports and the scholarly studies of others as well as his own field research conducted intermittently over the course of 14 years He contends that despite much cultural borrowing in recent decades the Lunda people have an image of themselves that is essentially unchanged He also reflects on continuity and change in Africa c Book News Inc **Church, State and Colonialism in Southeastern Congo, 1890-1962** Reuben A. Loffman,2019-05-23 This book examines the relationship between Catholic missionaries and the colonial administration in southeastern Belgian Congo It challenges the perception that the Church and the state worked seamlessly together Instead using the territory of Kongolo as a case study the book reconfigures their relationship as one of competitive co dependency Based on extensive archival research and oral histories the book argues that both institutions retained distinct agendas that while coinciding during certain periods clashed on many occasions The study begins by outlining the pre colonial history of southeastern Congo The second chapter examines how the Church began its encounters with the peoples in Kongolo and the Tanganyika province of the Democratic Republic of the Congo Subsequent chapters highlight how missionaries exerted significant influence over the colonial construction of chieftainship and the politics of Congolese decolonization The book ends in 1962 with the massacre of a number of Holy Ghost Fathers in an event that signaled the beginning of a more Africanized Church in Kongolo The author gratefully acknowledges support from the Economic and Social Research Council in the completion of this project **The Democratic Republic of Congo** Michael Deibert,2013-09-12 Over the past two decades the Democratic Republic of Congo has been at the centre of the deadliest series of conflicts since the Second World War and now hosts the largest United Nations peacekeeping mission in the world

In this compelling book acclaimed journalist Michael Deibert paints a picture of a nation in flux inching towards peace but at the same time solidifying into another era of authoritarian rule under its enigmatic president Joseph Kabila Featuring a wealth of first hand interviews and secondary sources the narrative travels from war torn villages in the country s east to the chaotic pulsing capital of Kinshasa in order to bring us the voices of the Congolese from impoverished gold prospectors and market women to government officials as it explores the complicated political ethnic and economic geography of this tattered land A must read for anyone interested in contemporary Africa The Democratic Republic of Congo Between Hope and Despair sheds new light on this sprawling and often misunderstood country that has become iconic both for its great potential and dashed hopes

Decolonizing Mission Partnerships Taylor Walters Denyer,2020-06-26 We all know that healthy partnerships are essential to fruitful boundary crossing ministries but how exactly do we create them What barriers must be overcome and what self examination must we do How do the legacies of colonialism racism and unhealed trauma impact missional collaborations today In this doctoral thesis Denyer reflects on these questions as she examines the history of relational dynamics between American and Congolese United Methodists in the North Katanga Conference DR Congo By surveying memoirs magazines and journals and conducting in depth interviews Denyer presents a complex and multifaceted example of a partnership that is in the process of decolonizing More than just a history lesson Decolonizing Mission Partnerships presents the questions hard truths pitfalls and toxic assumptions we must face when attempting to be in mission together

The African Roots of Marijuana Chris S. Duvall,2019-05-09 After arriving from South Asia approximately a thousand years ago cannabis quickly spread throughout the African continent European accounts of cannabis in Africa often fictionalized and reliant upon racial stereotypes shaped widespread myths about the plant and were used to depict the continent as a cultural backwater and Africans as predisposed to drug use These myths continue to influence contemporary thinking about cannabis In The African Roots of Marijuana Chris S Duvall corrects common misconceptions while providing an authoritative history of cannabis as it flowed into throughout and out of Africa Duvall shows how preexisting smoking cultures in Africa transformed the plant into a fast acting and easily dosed drug and how it later became linked with global capitalism and the slave trade People often used cannabis to cope with oppressive working conditions under colonialism as a recreational drug and in religious and political movements This expansive look at Africa s importance to the development of human knowledge about marijuana will challenge everything readers thought they knew about one of the world s most ubiquitous plants

Slavery and African Ethnicities in the Americas Gwendolyn Midlo Hall,2009-11-05 Enslaved peoples were brought to the Americas from many places in Africa but a large majority came from relatively few ethnic groups Drawing on a wide range of materials in four languages as well as on her lifetime study of slave groups in the New World Gwendolyn Midlo Hall explores the persistence of African ethnic identities among the enslaved over four hundred years of the Atlantic slave trade Hall traces the linguistic economic and cultural ties shared by large numbers of enslaved Africans

showing that despite the fragmentation of the diaspora many ethnic groups retained enough cohesion to communicate and to transmit elements of their shared culture Hall concludes that recognition of the survival and persistence of African ethnic identities can fundamentally reshape how people think about the emergence of identities among enslaved Africans and their descendants in the Americas about the ways shared identity gave rise to resistance movements and about the elements of common African ethnic traditions that influenced regional creole cultures throughout the Americas
