Kingfisher Days:

In the Kingdom of the Fairies Susan Coyne, 2003-09-13 When Susan Coyne was five years old her family went as always to spend the summer in a cottage on Lake of the Woods in Western Ontario One of their neighbors was an elderly retired school administrator and his wife Mr and Mrs Moir whose garden was one of the local wonders Nearby was a ruined cabin now inhabited Susan was assured by elves all that remained of it was a moss covered fireplace a miniature enchanted castle with tunnels and ramparts If you leaned in close you could hear the hum of elves living and working deep within Susan swept the heart filled walnut shells with water and left a small tribute of flowers One day when she visited the fireplace she found a letter waiting for her it was from a princess fairy and so began a summer's correspondence that would nourish a lifetime Susan later knew that the letters were written by Mr Moir with whom she stayed in touch over the years But to her they always remained pure magic a pathway into the worlds that words alone can create Here is a memoir for children of all ages to be read read aloud reread remembered

Kingfisher Days Susan Coyne, 2002-11-26 A magical tale of friendship and wonder the perfect gift for the imaginative child in all of us One summer in a hedge near her family's cottage in Kenora five year old Susan Coyne discovered an overgrown stone fireplace Her father said it was the home of Uncle Joe Spondoolak an elf who'd moved in after the cottage had burned down long ago Susan a fanciful child decided to become keeper of the hearth tidying it up and leaving little gifts for the elves handfuls of wild strawberries daisy chains a tiny birchbark canoe Overnight the gifts would disappear One morning there was a tiny piece of carefully folded pink paper wedged in between the mossy stones To Helen Susan Cameron Coyne Greetings Her Majesty Queen Mab has instructed me to thank you for making a home for all her people Thus began Susan's correspondence with a precocious young fairy princess Nootsie Tah and her indoctrination into the world of the great and little people Susan took the letter next door to Mr Moir because he knew all sorts of interesting things Sure enough he had an entire library filled with books about characters such as Puck Ariel and Oberon The letters

from Nootsie Tah continued and that summer Susan developed two unique relationships one with a proud princess from a mystical land and the other with a gentle gardener with infinite wisdom and patience These would sustain her throughout her life

Wylding Hall Elizabeth Hand, 2015-07-14 This Shirley Jackson Award winning novel is a true surreal phantasmagoria a gothic supernatural horror story set in the decadent world of British rock Chelsea Quinn Yarbro When the young members of a British acid folk band are compelled by their manager to record their unique music they hole up at Wylding Hall an ancient country house with dark secrets There they create the album that will make their reputation but at a terrifying cost Julian Blake the group's lead singer disappears within the mansion and is never seen or heard from again Now years later the surviving musicians along with their friends and lovers including a psychic a photographer and the band's manager meet with a young documentary filmmaker to tell their own versions of what happened that summer But whose story is true And what really happened to Julian Blake

House documents, 1892 **Appalachian Autumn** Marcia Bonta, 2011-12-01 Like her popular Appalachian Spring Marcia Bonta's new book offers a day by day account of the changing world of nature in the mountains of central Pennsylvania This time she chronicles the beauties of the autumn months as she walks the familiar roads and trails of her 500 acre mountain top farm noting the minute transformations of the season as well as the more dramatic ones But her quiet sojourn in the natural world is shattered by the intrusion of a lumberman who insists upon clear cutting a neighboring property The massive bulldozers and skidders crush every tree and shrub weed and wildflower leaving only rubble in their wake The Bontas become involved in a lawsuit challenging this violation of the land they love and seeking to protect their own property from the effects of the logging Autumn is a bittersweet time Bonta writes a season of good byes when after the flaming leaves fall and start the inevitable process of decay we are left with only the bare bones of nature

Fleeing from the whine of chain saws and the crash of falling trees she roams the mountain top watching wild turkeys forage in the field flocks of migrating birds feast on wild grapes does and bucks eye each other in their mating ritual But she can never completely evade the insistent question What is the relationship between humans and nature Does ownership give one the right to do as one pleases with the land and all the flora and fauna living on it Does the natural world exists solely to satisfy mankind s desire for profit The answer is not simple it cannot be drawn in winter s black and white But the issues must be of concern to every thoughtful person Marcia Bonta s Appalachian Autumn offers a new voice in the ongoing debate
