Foundations Their Power And Influence:

Foundations Rene A Wormser,2014-10-01 This is a searching analysis of some of America s most powerful tax exempt foundations their actions as opposed to their stated purpose s the interlocking groups of men who run them and their influence on the country at large The author as counsel to the Reece Committee which investigated foundations for the last Republican Congress gained a unique insight into the inner workings of the various Rockefeller Carnegie and Ford created giants He also witnessed the intense and powerful opposition to any investigation of these multi billion dollar public trusts The Reece investigation was virtually hamstrung from the start to its early demise which was aided and abetted by leading newspaper of the country It is difficult for the public to understand writes Mr Wormser that some of the great foundations which have done so much for us in some fields have acted tragically against the public interest in others but the facts are there for the unprejudiced to recognize The power of the individual foundation giant is enormous When there is like mindedness among a group of these giants which apparently is due to the existence of a closely knit group of professional administrators in the social science field the power is magnified hugely When such foundations do good they justify the tax exempt status which the people grant them When they do harm it can be immense harm there is virtually no counter force to oppose them *Foundations, Their Power and Influence* René Albert Wormser,1958 *Hidden Evil* Mark Rich,2008-08-21 Highly organized covert state sponsored psychological warfare operations being carried out on the civilian population in all NATO countries Reports and Documents United States.
