*Missouri School Journal* ,1918      **Bird Spotting in a Small Town** Sophie Morton-Thomas,2024-02-08 My feet are itching to walk to the shore to leave the kids again to sit with the birds and pretend none of this has happened In a small isolated town on the North Norfolk coast Fran s life is unravelling As she fills her days cleaning the caravan park she owns she is preoccupied by worry about the behaviour of her son the growing absence of her husband and the strained relationship with her sister Her one source of solace is slipping out to the beach early in the morning to watch the birds

Small town tension simmers when a new teacher starts at the local school and a Romany community settle in the field adjoining Fran's caravan park. From the distance of his caravan, seventy-year-old Tad quietly watches the townspeople, mainly Fran's family. When the schoolteacher and Fran's brother-in-law both go missing on the same night, accusations fly. Yet all Fran can seem to care about is the birds. An eerie and unsettling novel, *Bird Spotting in a Small Town* perfectly encapsulates the intensity of rural claustrophobia when you don't know who you can trust. A haunting, disquieting novel exquisitely written. The detail throughout is like acupuncture, and the whole thing is difficult to pull away from. I read it in short bursts because each sitting left me with something new to think about. IAN MOORE, author of *Death and Croissants*. The kind of book that gets under your skin, hugely atmospheric and dark in the best possible way. JENNIE GODFREY, author of *The List of Suspicious Things*. Perfect for fans of Francine Toon's *Pine* and hit British crime dramas like *Broadchurch* and *Hollington Drive*.

*A Practical Guide for Raising a Self-Directed and Caring Child* Louis J. Lichtman Ph. D., 2011-04 Countering the Tiger Mother parenting style, this research-based practical guide provides an excellent framework for raising competent and compassionate children. In an era of helicopter parents, moms and dads who constantly hover over their children to monitor and manage their lives, and our culture's focus on personal gain and corporate greed, there is great need for a parenting guide that outlines how to raise children who are well-adjusted. *A Practical Guide for Raising a Self-Directed and Caring Child* fills that void. In response to Amy Chua's recent bestseller *Battle Hymn of the Tiger Mother*, psychologist Louis J. Lichtman PhD presents a compelling case for the notion that children will be more successful if they are self-directed rather than parent-controlled. Through anecdotes and research studies, Lichtman illustrates how to build a child's self-esteem and delves into how parenting styles and disciplinary practices influence a child's behavior and character. Lichtman also gives special attention to the topics of achievement parenting during the adolescent years and how family structure impacts children. In addition, Lichtman discusses how to avoid common parenting mistakes, issues to consider before deciding to become a parent, and how to give children the best possible start in life. Designed to help parents develop a set of guiding parenting principles, this guide is applicable to all situations and to children of all ages. *A Practical Guide for Raising a Self-Directed and Caring Child* offers a solid, comprehensive resource for today's parents.
