Sabol Jr., 2009-03-27 Ghost Research is archaeological work that requires specific field practices This book introduces the investigative techniques of a ghost archaeology This is defined as a scientific discipline of the ordinary a search for the repetitive patterns of cultural behavior that can be unearthed during an field investigation Six case studies of cultural hauntings are presented which illustrate the usefulness of archaeological methodology and techniques in field research The investigation of ghostly presence at Gettysburg in the anthracite coal region at Eastern State Penitentiary in Philadelphia and a Civil War haunting in Petersburg Virginia are cited These investigations show how potential evidential data can be uncovered if only the investigators would maintain an archaeological sensibility in their fieldwork operations The Irish Ecclesiastical Record, 1915 *Eucharist and Globalization* Claudio Carvalhaes, 2013-10-30 The ritual of eating and drinking together is one of the most important Christian events Often called Eucharist Lord's Supper or Communion this sacrament is about the presence of Christ transforming not only those who participate in it but also the world In this book the author engages this Christian liturgical act with movements of people around our globalized world and checks the sacramental borders of hospitality The author calls our attention to the sacramental practices of Reformed churches and from this liturgical practice challenges Christian churches to expand the borders of hospitality Engaging several critical lenses around the notion of the sacrament namely Greco Roman meals Calvin's theology and feminist and Latin American theologies the author challenges theological and liturgical understandings of the Eucharist He fosters an interreligious dialogue around the table and ends up using ritual theory to expand the circles of traditions vocabularies and practices around the sacrament Proposing a borderless border eucharistic hospitality the author encourages readers to ask who and where we are when we get together to eat and drink and how this liturgical act around Jesus table meal can transform the lives of the poor our communities societies and the world Cultural Translation and Postcolonial Poetry A. Contemporary Clay and Museum Culture Christie Brown, Julian Stair, Clare Twomey, 2016-06-17 This groundbreaking book is the first to provide a critical overview of the relationship between contemporary ceramics and curatorial practice in museum culture Ceramic objects form a major part of museum collections with connections to anthropology archaeology and other disciplines that engage with the cultural and social history of humankind In recent years museums have provided the impetus for cutting edge artistic practice either as a response to particular collections or as part of exhibitions But the question of how museums have staged contemporary ceramics and how ceramic artists respond to museum collections has not been the subject of published research to date This book examines how ceramic artists have over the last decade begun to animate museum collections in new ways and reflects on the impact that these new initiatives have had in the broad context of visual culture Ceramics in the Expanded Field is the culmination of a three year AHRC funded project and reflects its major findings It brings together leading international voices in the field of ceramics research undertaken throughout the project and papers delivered at the concluding conference By examining the benefits and constraints of interventions and the dialogue between ceramics and museological practice this book will bring focus to an area of museology that has not yet been theorized and will contribute to policy debates and art practice **Cultures of the Fragment** Heather

Bamford, 2018-01-01 Cultures of the Fragment places fragments at the center of reading and non reading uses of Iberian manuscripts The book contests the notion that fragments came about accidentally arguing that most fragments were created on purpose as a result of a wide range of practical intellectual and spiritual uses of manuscript material *Shadow and Substance* Jay Zysk, 2017-09-30 Shadow and Substance is the first book to present a sustained examination of the relationship between Eucharistic controversy and English drama across the Reformation divide In this compelling interdisciplinary study

Jay Zysk contends that the Eucharist is not just a devotional object or doctrinal crux it also shapes a way of thinking about physical embodiment and textual interpretation in theological and dramatic contexts Regardless of one s specific religious identity to speak of the Eucharist during that time was to speak of dynamic interactions between body and sign In crossing periodic boundaries and revising familiar historical narratives *Shadow and Substance* challenges the idea that the Protestant Reformation brings about a decisive shift from the flesh to the word the theological to the poetic and the sacred to the secular The book also adds to studies of English drama and Reformation history by providing an account of how Eucharistic discourse informs understandings of semiotic representation in broader cultural domains This bold study offers fresh imaginative readings of theology sermons devotional books and dramatic texts from a range of historical literary and religious perspectives Each of the book s chapters creates a dialogue between different strands of Eucharistic theology and different varieties of English drama Spanning England s long reformation these plays some religious in subject matter others far more secular reimagine semiotic struggles that stem from the controversies over Christ s body at a time when these very concepts were undergoing significant rethinking in both religious and literary contexts *Shadow and Substance* will have a wide appeal especially to those interested in medieval and early modern drama and performance literary theory Reformation history and literature and religion

The Future of Love John Milbank, 2009-01-01 With a newly written preface relating his theology to the current global situation *The Future of Love* contains revised versions of eighteen of John Milbank s essays on theology politics religion and culture ranging from the onset of neoliberalism to its current crisis and from the British to the global context Many of the essays first appeared in obscure places and are thus not widely known Also included are Milbank s most important responses to critiques of his seminal work *Theology and Social Theory* Taken together the collection amounts to a political theology arrived at from diverse angles This work is essential reading for all concerned with the current situation of religion in the era of globalization and with the future development of Radical Orthodoxy Edmund
Campion Gerard Kilroy, 2016-12-05 *Edmund Campion A Scholarly Life* is the response at long last to Evelyn Waugh s call in 1935 for a scholarly biography to replace Richard Simpson s *Edmund Campion 1867* Whereas early accounts of his life focused on the execution of the Jesuit priest this new biography presents a more balanced assessment placing equal weight on Campion s London upbringing among printers and preachers and on his growing stature as an orator in an Oxford riven with religious divisions Ireland chosen by Campion as a haven from religious conflict is shown paradoxically to have determined his life and his death Gerard Kilroy here draws on newly discovered manuscript sources to reveal Campion as a charismatic and affectionate scholar who was finding fulfilment as priest and teacher in Prague when he was summoned to lead the first Jesuit mission to England The book argues that the delays in his long journey suggest reluctant acceptance even before he was told that Dr Nicholas Sander had brought holy war to Ireland so that Campion landed in an England that was preparing for papal invasion The book offers fresh insights into the dramatic search for Campion the populist nature of the

disputations in the Tower and the legal issues raised by his torture It was the monarchical republic itself that in pursuit of the Anjou marriage made him the beloved champion of the English Catholic community Edmund Campion A Scholarly Life presents the most detailed and comprehensive picture to date of an historical figure whose loyalty and courage in the trial and on the scaffold swiftly became legendary across Europe

The English Religion A. M., 1876 **Essays on Various Subjects** Nicholas Patrick Wiseman, 1853

Wiseman Review, 1846 The Powers of Philology Hans Ulrich Gumbrecht, 2003 Philology the discovery editing and presentation of historical texts was once a firmly established discipline that formed the core study for students across a wide range of linguistic and literary fields Although philology departments are steadily disappearing from contemporary educational establishments in this book Hans Ulrich Gumbrecht demonstrates that the problems standards and

methods of philology remain as vital as ever For two and a half millennia philologists have viewed themselves as the modest heirs and curators of their textual past s most glorious periods collecting and editing text fragments historicizing them and adding commentary and ultimately teaching them to contemporary readers Gumbrecht argues for a return to this tradition as an alternative to an often free floating textual interpretation and to the more recent redefinition of literary studies as cultural studies which risks a loss of intellectual focus Such a return to philological core exercises however can become more than yet another movement of academic nostalgia only if it takes into account the hidden desire that has inspired philology since its Hellenistic beginnings the desire to make the past present again by embodying it *Essays on Various Subjects, Etc*
