moment for a two state solution has passed After examining each issue and speaking with Palestinians and Israelis as well as negotiators directly involved in past summits O Malley concludes that even if such an agreement could be reached it would be nearly impossible to implement given a variety of obstacles including the staggering costs involved Palestine s political disunity and economic fragility rapidly changing demographics in the region Israel s continuing political shift to the right global warming s effect on the water supply and more In this revelatory hard hitting book O Malley approaches the key issues pragmatically without ideological bias to show that we must find new frameworks for reconciliation if there is to be lasting peace between Palestine and Israel Critical Perspectives on Human Security David Chandler,Nik

Hynek,2010-09-13 This new book presents critical approaches towards Human Security which has become one of the key areas for policy and academic debate within Security Studies and IR The Human Security paradigm has had considerable significance for academics policy makers and practitioners Under the rubric of Human Security security policy practices seem to have transformed their goals and approaches re prioritising economic and social welfare issues that were marginal to the state based geo political rivalries of the Cold War era Human Security has reflected and reinforced the reconceptualisation of international security both broadening and deepening it and in so doing it has helped extend and shape the space within which security concerns inform international policy practices However in its wider use Human Security has become an amorphous and unclear political concept seen by some as progressive and radical and by others as tainted by association with the imposition of neo liberal practices and values on non Western spaces or as legitimizing attacks on Iraq and Afghanistan This book is concerned with critical perspectives towards Human Security highlighting some of the tensions which can emerge between critical perspectives which discursively radicalise Human Security within frameworks of emancipatory possibility and those which attempt to deconstruct Human Security within the framework of an externally imposed attempt to regulate and order the globe on behalf of hegemonic power The chapters gathered in this edited collection represent a range of critical approaches which bring together alternative understandings of human security This book will be of great interest to students of human security studies and critical security studies war and conflict studies and international relations **International Law and the Israeli-Palestinian Conflict** Susan M. Bush, 2009-04 The challenges America faces are great yet we have enormous power and influence to address those challenges The times require an ambitious national security strategy yet one recognizing the limits to what even a nation as powerful as the United States can achieve by itself Our national security strategy is idealistic about goals and realistic about means There was a time when two oceans seemed to provide protection from problems in other lands leaving America to lead by example alone That time has long since passed America cannot know peace security and prosperity by retreating from the world America must lead by deed as well as by example This is how we plan to lead and this is the legacy we will leave to those who follow **Entry-points to Palestinian Security Sector**

TRANSATLANTIC POLICY QUARTERLY - FALL 2022 - VOL. 21 NO. 3 Eyal Zisser, Gerald M. Feierstein, Efraim Karsh, Maia Hallward, Taib Biygautane, Zoltan Barany, Michael Harari, Paul Scham, Joshua Sinai, Rémi Daniel, Gallia Lindenstrauss, Yoel Guzansky, Ian S. Lustick, Chelsi Mueller, Nir Boms, Ahmed Khuzaie, Levent Kırval, Umut Can Adısonmez, Laçın Idil Öztığ, 2022-12-01 Israel formally known as The State of Israel was established on 14 May 1948 and has since played a pivotal role in international affairs particularly in the politics of the Middle East and North Africa Israel's relations with its Arab neighbors have been tense for decades and a lasting peace has never appeared more likely Yet we already live in a time of perpetual change and naturally the politics of Israel and the surrounding region of the Middle East and North Africa are not immune to this pattern Realizing this TPQ decided to focus on the Changing Dynamics of Israel's Foreign Policy in its upcoming Fall 2022 issue Many new headings with a specific reference to Israeli politics have started to appear in Middle East and North African context Israel and its Arab neighbors often considered as the enemies at gates are experiencing an intriguing phase of normalization of relations The Abraham Accords a historic agreement resulting from this process were ratified on 15 September 2020 Since then positive reports about the improvement of ties among Israel the UAE Bahrain and Morocco have been steadily increasing We at TPQ are firm believers in the significance of the Abraham Accords and plan to keep covering the topic as one of our primary areas of focus The Abraham Accords will be the main topic of our upcoming roundtable organization going to take place in Istanbul on November 30 This comes after a lengthy hiatus caused by the

pandemic One of the main goals of this issue is to delve deeper into the possibilities the Abraham Accords present by analyzing the factors of improving ties between Israel and its neighbors In this spirit we have encouraged our contributors to highlight this in their work Additionally we discuss the changing dynamics of Israeli Palestinian relations as well as Israel s ties with other major regional actors such as T rkiye in this issue The fourteen papers featured in this special issue of TPQ were written by a diverse group of internationally known scholars and public intellectuals who welcome your feedback and constructive criticism Eyal Zisser sees the signing of the Abraham Accords in September 2022 as a turning point in Israel s place in the Middle East He thinks the accords improved the atmosphere for cooperation in the areas of security and the economy by laying the groundwork for it However he claims that this change doesn t do anything to fix Israel s fundamental issues His article is a brilliant work that aims to further evaluate these essential issues Gerald M Feierstein says that Israelis and Gulf Arabs drew closer due to similar worries of an aggressive and potent regime in Tehran which bragged of its sway over four Arab capitals Baghdad Damascus Beirut and Sanaa His excellent work focuses on regional issues that contributed to making of Abraham Accords He likewise explores the Abraham Accords and discusses the geographical dynamics that contributed to its ratification Efraim Karsh argues that in the 85 years since the two state solution was proposed a Jewish state and a Palestinian Arab state living side by side in peace and security no Palestinian Arab leader has shown true support for it Therefore he concludes that if Palestinian society does not experience a thorough revolution that sweeps the corrupt and repressive PLO and Hamas governments from power it will remain a pipe dream He considers a two state solution as a delusion Maia Carter Hallward and Taib Biygautane believe that in 2020 numerous Arab governments announced U S brokered full normalization accords with Israel without any specific sacrifices on Israel s part vis vis the Palestinians According to them these agreements the Abraham Accords signified a dramatic change in Arab Israeli relations Their great article looks at how the Abraham Accords were portrayed in the Israeli press We encourage you to learn more about the aspects of Changing Dynamics of Israel s Foreign Policy

Cultures of Counterproliferation Raphael BenLevi,2023-10-20
