Blaming the Poor Susan D. Greenbaum, 2015-07-01 In 1965 the late Senator Daniel Patrick Moynihan then a high ranking official in the Department of Labor sparked a firestorm when he released his report *The Negro Family* which came to be regarded by both supporters and detractors as an indictment of African American culture *Blaming the Poor* examines the regrettably durable impact of the Moynihan Report for race relations and social policy in America challenging the humiliating image the report cast on poor black families and its misleading explanation of the causes of poverty A leading authority on poverty and racism in the United States Susan D Greenbaum dismantles Moynihan's main thesis that the so called matriarchal structure of the African American family feminized black men making them inadequate workers and absent fathers and resulting in what he called a tangle of pathology that led to a host of ills from teen pregnancy to adult crime Drawing on extensive scholarship Greenbaum highlights the flaws in Moynihan's analysis She reveals how his questionable ideas have been used to redirect blame for substandard schools low wages and the scarcity of

jobs away from the societal forces that cause these problems while simultaneously reinforcing stereotypes about African Americans Greenbaum also critiques current policy issues that are directly affected by the tangle of pathology mindset the demonization and destruction of public housing the criminalization of black youth and the continued humiliation of the poor by entrepreneurs who become rich consulting to teachers non profits and social service personnel A half century later Moynihan s thesis remains for many a convenient justification for punitive measures and stingy indifference to the poor Blaming the Poor debunks this infamous thesis proposing instead more productive and humane policies to address the enormous problems facing us today

Breaking the Cycle Nancy Brown Diggs,2013-10-09 Breaking the Cycle tells the inspiring story of young people whom many would write off as a lost cause but who thanks to a remarkable school are headed for success We learn about their world from teens like Shawna the daughter of a crack addicted mother Or Andre the only one in his family not on drugs Or Daron kicked out of his home by an abusive father Challenged by the pernicious factors of their environment drugs violence fatherless homes and poor educational backgrounds students at the Dayton Early College Academy are nevertheless beating the odds All are headed for college from which the vast majority will graduate The book reveals how this school is succeeding when so many fail It conveys the hopeful message that others can replicate much of what DECA does and save a generation mired in despair America s failure to educate its urban children is evidenced by our woeful statistics If it is possible to turn around this bleak picture and it is this is a story well worth telling And this is what Breaking the Cycle aims to do For more information on the book including interviews with the author please check out www.nancybdiggs.com

Connect and Involve Robert J. Martin,2020-09-15 Connect and Involve How to Connect with Students and Involve Them in Learning is a practical handbook of strategies and procedures for teaching at all grade levels elementary middle and high school The secret to increasing teaching effectiveness is to make small changes in what teachers think and do and to get their students to make small changes in what they think and do Every time teachers connect with students and involve them in learning teachers engage them in powerful ways that make it more likely that they will choose to learn and to do quality work This book shows how to be a more effective teacher through small changes in planning and classroom procedures Each chapter focuses on a key strategy and each chapter head and its subheads are an outline of how to put the strategy into practice Teachers can preview all the ideas by reading the chapter titles heads and subheads There are no prescriptions here teachers bring their expertise on the age group the subjects they teach and the big ideas and key skills students need to achieve on high stakes testing The strategies and procedures provide ways for teachers to evaluate where small changes can make a difference in achievement for their students

Challenging the Classroom Standard Through Museum-based Education Ian Pumpian,Douglas Fisher,Susan Wachowiak,2006-08-15 School in the Park is an innovative museum based educational effort to engage students in their community during the school day Since 1999 several hundred students have been educated each year in museums and the zoo in San Diego This is more than a field trip it is

changing the way that education is provided Challenging the Classroom Standard Through Museum Based Education School in the Park presents the experience of School in the Park from the perspective of different disciplines oral language reading writing social studies math science and the arts to determine how students are learning content within museums and the zoo It provides a number of examples case studies references scenarios and recommendations for teaching and learning outside of the traditional classroom The perspectives of teachers museum educators and students are represented Importantly this book offers ideas that readers can use in their own communities ranging from long term partnering with cultural institutions to one day trips to ensure that students have authentic experiences with the curriculum With the current increased focus on accountability and achievement less attention and importance is given to community based learning experiences This book demonstrates the viability of merging formal and informal learning and using community venues as an extension of the classroom All those interested in and charged with educating children will find this book useful in exploring powerful learning experiences that occur outside traditional classroom settings

Dismantling Contemporary Deficit Thinking

Richard R. Valencia, 2010-09-13 Deficit thinking is a pseudoscience founded on racial and class bias It blames the victim for school failure instead of examining how schools are structured to prevent poor students and students of color from learning Dismantling Contemporary Deficit Thinking provides comprehensive critiques and anti deficit thinking alternatives to this oppressive theory by framing the linkages between prevailing theoretical perspectives and contemporary practices within the complex historical development of deficit thinking Dismantling Contemporary Deficit Thinking examines the ongoing social construction of deficit thinking in three aspects of current discourse the genetic pathology model the culture of poverty model and the at risk model in which poor students students of color and their families are pathologized and marginalized Richard R Valencia challenges these three contemporary components of the deficit thinking theory by providing incisive critiques and discussing competing explanations for the pervasive school failure of many students in the nation s public schools Valencia also discusses a number of proactive anti deficit thinking suggestions from the fields of teacher education educational leadership and educational ethnography that are intended to provide a more equitable and democratic schooling for all students

Literacy with an Attitude, Second Edition Patrick J. Finn, 2009-04-09 The classic indispensable guide for teachers parents and community organizers concerned with educating working class children Literacy with an Attitude dares to define literacy as a powerful right of citizenship Patrick J Finn persuasively debunks the time honored paradigm for teaching poor and working class students Our job he argues is not to help such students to become middle class and live middle class lives most don't want it Education rather should focus on a powerful literacy a literacy with an attitude that enables working class and poor students to better understand demand and protect their civil political and social rights This tenth anniversary second edition features eight new chapters and a revised and updated original text

Culturally Proficient Education Randall B. Lindsey, Michelle S. Karns, Keith Myatt, 2010-04-14 Develop culturally proficient policies and practices that create opportunities for students of poverty Countering the perspective that students from poverty come to school with deficits that prevent them from learning this resource offers educators the knowledge and skills to maximize educational opportunities for all students independent of students socioeconomic status Using the framework of cultural proficiency this guide features An examination of how poverty intersects with other groupings including race ethnicity and language acquisition Research based teaching strategies that draw on student strengths and assets Vignettes and case studies Reflective activities for understanding your own assumptions and values regarding equity

Whitewashed Critical Perspectives Catherine Compton-Lilly, Tisha Lewis Ellison, Kristen Perry, Peter Smagorinsky, 2021-06-30 This volume examines revolutionary constructs in literacy education and demonstrates how they have been gentrified whitewashed and appropriated losing their revolutionary edge so as to become palatable for the mainstream Written by top scholars in literacy education chapters cover key concepts that were originally conceived as radical theories to upset the status quo including Third Space Funds of Knowledge Culturally Relevant Pedagogies and more Each chapter addresses how the core theory was culturally appropriated and defanged to support rather than take down racial and societal hierarchies Critiquing the harmful impact of watering down these theories the contributors offer ways to restore the edge to these once groundbreaking ideas reject racist and assimilationist trends and support the original vision behind these liberatory theories In so doing this volume adopts a truly radical critical stance that is essential for researchers scholars and students in literacy education

Poor Technology Levi Checketts, 2024-01-23 In recent years artificial intelligence AI has moved in popular discourse from the purview of science fiction imaginings to the key financial sector of the twenty first century As world powers trillion dollar companies and public intellectuals emphasize the importance of AI the general concerns people raise relate to economic movement control bias and safety This book adds a further concern namely the way our approach to AI reinforces assumptions about dignity and personhood tied to the sort of thinking that is characteristic of bourgeois capitalists The

experience of poverty reveals that people who are poor do not think the same way as the upper classes their experience of the world must be understood through the reality of survival within resource scarce settings and the attendant domination and discrimination that come with being poor These experiences do not fit well with the ideal choice selection model that underlies AI modeling and numerous failures of AI to help the poor demonstrate that those who benefit primarily from AI are those who already live well As a result the fervor surrounding AI often serves to dehumanize the poor by eliminating employment opportunities automating social work reinforcing biases and prioritizing profit over stability Worst of all however AI functions to satisfy a psychological need for us to have others against whom we can distinguish ourselves without having to feel guilty about the reality of the struggle of the poor Taking seriously the theological perspective of the preferential option for the poor this work contends that to avoid relegating poor people to nonhuman status we must be willing to put aside the fantasy that AI is intelligent and focus rather on the all too human embodied reality of the poor

Help! My Students Write Like They Text Jennifer French,2018-08-16 IMHO LOL OIC OMG If you ve recently graded middle school or high school writing chances are you ve read terms like these or my favorite wtf idk which also happened to be an answer on a student s quiz As a middle school English teacher I became more and more perplexed to see students using texting talk on their homework and classroom writing assignments not to mention answers on the writing portion of the state standardized test My students were not differentiating appropriate writing contexts The answers written on the unit test were written the same way that they invited their friends to hang Starbucks How do we as educators and parents allow students to creatively express themselves support them academically and prepare them for a professional world built on written and verbal communication Herein lies this text Hopefully it will alleviate the concerns of those who are worried about the disintegration of the English language and help those ISO in search of strategies to support textspeaking learners

Students of Color and the Achievement Gap Richard R. Valencia,2015-03-05 Students of Color and the Achievement Gap is a comprehensive landmark analysis of an incontrovertible racialized reality in U S K 12 public education the relentless achievement gap between low socioeconomic students of color and their economically advantaged White counterparts Award winning author and scholar Richard Valencia provides an authoritative and systemic treatment of the achievement gap focusing on Black and Latino Latina students He examines the societal and educational factors that help to create and maintain the achievement gap by drawing from critical race theory an asset based perspective and a systemic inequality approach By showing how racialized opportunity structures in society and schools ultimately result in racialized patterns of academic achievement in schools Valencia shows how the various indicators of the achievement gap are actually symptoms of the societal and school quality gaps Following each of these concerns Valencia provides a number of reform suggestions that can lead to systemic transformations of K 12 education Students of Color and the Achievement Gap makes a persuasive and well documented case that school success for students of color and the empowerment of their parents can only be fully understood and realized when contextualized within broader political economic and cultural frameworks

Intersectionality in Health Education Cara D. Grant,Troy E. Boddy,2024-01-16 The concept of intersectionality considers the interconnected nature or overlap of multiple categorizations such as race gender sexual orientation religion socioeconomic class and physical ability For Black students already experiencing inequalities being Black and female queer or another marginalized identity can lead to encounters that further devalue their identities or leave them feeling unseen Intersectionality in Health Education seeks to prompt meaningful reflection on the current status of health education and to ultimately result in more equitable practices for all students It will help health educators identify their implicit biases examine how intersectionality is affecting Black students and build classrooms where all students are seen and valued

Through a collection of 10 case studies Intersectionality in Health Education offers insights into the issues that students who identify as Black and commonly face The text geared to health education teacher education HETE students as well as in service teachers does the following Illuminates culturally aware teaching strategies that affirm the worth of Black and students Amplifies crucial issues that negatively affect students with intersectional identities Addresses intentional or unconscious biases that harm Black youths thus broadening the book s value beyond the sharing of teaching strategies With a goal of generating a deeper understanding of how intersectionality creates complexities for Black students the case studies in the book expose the disparities racism and other issues affecting students well being self worth and positive experiences in the health classroom Each case includes discussion prompts that lead the way to effective strategies and immediate implementation opportunities Topics explored include the following Self awareness and social awareness in a predominantly white school environment Classroom climate and culturally responsive teaching The dilemma of Black health care access socioecological factors and social determinants of health Health education spaces created with Black and Brown girls in mind Perceptions identity and opportunities for Black males Additionally the text provides tips and guidance for writing your own case study Through this experience you will gain the opportunity to look at a scenario with the goal of observing and analyzing behaviors reviewing theory and practices and analyzing problem solving and promoting discussion on a given topic Intersectionality in Health Education will help preservice and in service teachers adopt teaching practices that create a supportive empathetic and nurturing environment In doing so they can help validate Black and students self worth and swing the pendulum toward a more equitable experience in health education for all students Human Kinetics is proud to publish this book in association with SHAPE America the national organization that defines excellence for school based health and physical education professionals across the United States
