The New York Times Index ,1988 *The Guardian Index* ,1989 **Francois Mitterrand** Alistair Cole,2018-10-24

Francois Mitterrand is one of France s most famous twentieth century politicians yet interpretations of his values and leadership vary widely Alistair Cole s in depth study starts with a chronological overview of Mitterrand s career and proceeds with a policy based assessment of Mitterrand s presidency By evaluating Mitterrand s policies in relation to various key roles such as the party leader the President the dispenser of patronage the European statesman and the World Leader this book places his leadership in comparative perspective and offers a new understanding of him as an individual political leader This fully up dated paperback edition will be invaluable for students of contemporary European politics as well as those interested in the career of one of post war Europe s leading statesmen **François Mitterand, 1945-1967. [With Portraits and Maps.]** ,1967 *François Mitterrand* Ronald Tiersky,2000 Looks at a controversial political figure who in spite of being one of France s most detested politicians was also one of the twentieth century s most substantial durable and statesmanlike leaders *Mitterrand* Pierre Joubert, Ali Magoudi, François Mitterrand, 1986 **Mitterrand** Philip Short, 2014-12-22 Aesthete sensualist bookworm politician of Machiavellian cunning Fran ois Mitterrand was a man of exceptional gifts and exceptional flaws who during his fourteen years as President strove to drag his tradition bound and change averse country into the modern world As a statesman and as a human being he was the incarnation of the mercurial contrarian France which Britain and America find so perennially frustrating He embodied the ambiguities and the contradictions of a nation whose modern identity is founded on a stubborn refusal to fit into the Anglo American scheme of things Yet he changed France more profoundly than any of his recent predecessors arguably including even his great rival Charles de Gaulle During the war he was both the leader of a resistance movement and decorated for services to the collaborationist regime in Vichy After flirting with the far Right he entered parliament with the backing of conservatives and the Catholic Church before becoming the undisputed leader of the Left As President he brought the French Communists into the government the better to destroy them And all the while he managed to find time for an extraordinarily complicated private life This is a human as much as a political biography and a captivating portrait of a life that mirrored Mitterrand s times The Black and the Red Catherine Nay, 1987 Chronicles the life of the French President from his austere childhood and deeply religious youth through the development of his obsessive ambition for power and ruthless pursuit of the presidency **Europe and France in François Mitterrand's View** François Mitterrand, 1988 Mitterrand Wayne Northcutt, 1992 **François Mitterrand** Alistair Cole, 1994
