Four Graves To Jericho:

Four Graves to Jericho Orlando Rigoni, 1974 Judaism in Late Antiquity 5. The Judaism of Qumran: A Systemic Reading of the Dead Sea Scrolls Alan Avery-Peck, Jacob Neusner, Bruce D. Chilton, 2015-11-02 The authors have asked of the documents of the Dead Sea Library found at Qumran a simple question how does each participate in a single Judaic religious system They propose a reading of the Scrolls from the hypothesis that all of them in one way or another rest upon one authoritative Judaism Their analysis of the Dead Sea Scrolls describes how diverse writings hold together to make a single coherent statement to stand for a religious system possessed of integrity and wisdom This account of the world view of Judaism covers principal questions addressed to any Judaic religious system the doctrine of God the Torah and matters of history wisdom and mysticism When it comes to the way of life they include the evidence of the material culture of the community as well as practical matters of religious conduct How the community's world view comes to realization is suggested by its treatment of the calendar by its provision of laws that concern women by questions of cultic and secular purity by its piety and forms of worship and views of Temple sacrifice and the like Finally with the community's definition of Israel and of itself in relationship to Israel inclusive of Israelites excluded from this Israel an account is gained of the theory of who and what is Israel that animates the particular Judaism represented in these writings Children in the Ancient Near Eastern Household Kristine Garroway, 2014-10-21 Children were an important part of the ancient Near Eastern household This idea seems straightforward but it can be understood in many ways On a basic level children are necessary for the perpetuation of a household On a deeper level the definitions of child and member of the household are far from categorical This book begins to explore the multiple definitions of child and the way the child fits within a household It examines what membership in the household looks like for children and what factors contribute to it A study addressing what a child is and how a child's gender and social status affect her place in the household is vital to a proper understanding of the ancient Near Eastern household Despite their importance children have long been marginalized in discussions of ancient societies Only recently has this trend begun to change within biblical and ancient Near Eastern scholarship A recent wave of studies especially in relation to the Hebrew Bible has started to address children in their own right In light of the current state of scholarship on children the purpose of this book is threefold First Garroway continues to fill out the picture of the child in the ancient Near East by compiling child centric texts and archaeological realia In analyzing these materials she surveys the relationship between children and ancient Near Eastern society by examining the extent to which structuring forces in a community such as social status and gender contribute to the process of a child's becoming a member of his household and society Finally this information provides a base for future research for example a cross cultural study of children in the ancient Near East in Classical Antiquity *Catalog of Copyright Entries. Dead Sea Scrolls: Archaeological Interpretations and Debates Jean-Baptiste Humbert, Jürgen Zangenberg, 2018-11-01

Today archaeology plays an ever growing role in Qumran studies Fifteen papers presented in 2002 at Brown University provide the necessary data to break new ground in the recent debate about the character of Qumran Section I discusses material from old and new excavations that help assess the validity of the traditional Qumran Essene hypothesis Part II discusses various aspects of the main settlement such as division of space the character of period III the date of the cave scroll deposits and the use of food Part III deals with the Qumran cemetery and a similar graveyard at Khirbet Qazone Part IV places Qumran into a wider regional context concentrating on local agriculture and ceramic production The articles strongly call for a new awareness for archaeological detail and in their various ways instigate a renewed debate about how to bring texts and material culture into a meaningful dialogue

A History of Israel Walter C. Kaiser, Jr., Paul D Wegner, 2017-11-20 This volume provides a comprehensive introduction to the history of ancient Israel from the creation account to setting the stage for the New Testament era This edition has been thoroughly revised but maintains its focus on Old Testament texts as well as ancient Near Eastern literary and archeological sources to highlight the important modern controversies surrounding this part of Scripture The work provides an up to date conservative evangelical position on matters relating to ancient Israel s history and is illustrated with over 600 figures charts and maps

Bronze Age Migrations in the Aegean; Archaeological and Linguistic Problems in Greek Prehistory R. A. Crossland, Ann Birchall, 1973 *The Archaeology of Ancient Israel* Amnon Ben-Tor, 1992-01-01 In this illustrated book some of Israel s foremost archaeologists present a survey of early life in the land of the Bible from the Neolithic era eighth millenium BC to the fall of Jerusalem and the destruction of the First Temple in 586 BC Each chapter covers a particular era and includes a bibliography

Stone Vessels and Values in the Bronze Age Mediterranean Andrew Bevan, 2007-08-13 The societies that developed in the eastern Mediterranean during the Bronze Age produced the most prolific and diverse range of stone vessel traditions known at any time or anywhere in the world Stone vessels are therefore a key class of artefact in the early history of this region As a form of archaeological evidence they offer important analytical advantages over other artefact types virtual indestructibility a wide range of functions and values huge variety in manufacturing traditions as well as the subtractive character of stone and its rich potential for geological provenancing In this 2007 book Andrew Bevan considers individual stone vessel industries in great detail He also offers a highly comparative and value led perspective on production consumption and exchange logics throughout the eastern Mediterranean over a period of two millennia during the Bronze Age ca 3000 1200 BC

From Qumran to the Yahad Alison Schofield, 2009 Since the discovery of the Cave 4 versions of The Community Rule Serekh ha Yaad or S scholars have been perplexed about its complex textual history This book offers a fresh broader model for reading S that better accounts for the long and diverse history behind the text

Temple Period Rachel Hachlili, 2005-01-01 Research of burials constitutes one of the main reliable sources of information related to various aspects of funerary practices and rituals and offers a perception of ancient social life and community organization The material remains of mortuary rituals is effective in reconstructing the history of a society its religious beliefs and its social outlook Tombs offer ample data on the artistic taste evinced by funerary architecture and the ornamentation of receptacles and objects Changes in Jewish funerary practices did not alter the plan and architecture of the tombs Though the funerary rites changed from inhumation in coffins and loculi to secondary burial by collecting bones in ossuaries the artifacts associated with these graves did not modify much and indicate that these were culturally and socially identical people The study outlines the material preserved in the ancient Jewish cemeteries of the Second Temple period first century BCE to first century CE at Jerusalem Jericho En Gedi Qumran and some other tomb sites Evidence That Demands a Verdict Josh McDowell, Sean McDowell, 2017-10-03 Everything you need to effectively defend the truths of the Bible and the beliefs of the Christian faith Winner of the 2018 ECPA Christian Book award for Bible Reference Works The truth of the Bible doesn't change but its critics do Now with his son Sean McDowell speaker and author Josh McDowell has updated and expanded the modern apologetics classic for a new generation Evidence That Demands a Verdict provides an expansive defense of Christianity's core truths rebuttals to some recent and popular forms of skepticism and insightful responses to the Bible's most difficult and misused passages It invites readers to bring their doubts and doesn't shy away from the tough questions Topics and questions are covered in four main parts Evidence for the Bible Evidence for Jesus Evidence for the Old Testament Evidence for Truth Also included you'll find An introduction about the biblical mandate to defend one's faith and why our faith is built on facts A prologue describing why we live in a theistic universe A closing response to the specific challenges of atheist New Testament scholar Bart Ehrman Two reflections How to Know God Personally and He Changed My Life Serving as a go-to reference for even the toughest questions Evidence that Demands a Verdict continues to encourage and strengthen millions by providing Christians the answers they need to defend their faith against the harshest critics and skeptics Here's a treasure trove of apologetic gems This is an indispensable book that all Christians should keep within reach Lee Strobel bestselling author of The Case for Christ **Jericho's Judgment** Walter J. Beasley, 1938 Sūkās. 4. A middle bronze age collective grave on Tall Sūkās, 1978 **Scarabs, Chronology, and Interconnections** Daphna Ben-Tor, 2007 Anhand der Fossilien des Pillendrehers Skarabaus erforscht Daphna Ben-Tor die Beziehungen zwischen Ägypten und der Levante im Zeitraum der 12 und 13 Dynastie Schon vor langerer Zeit wurde die Bedeutung von Skarabaen Fossilien zur historischen Rekonstruktion des Verhältnisses zwischen Ägypten und der Levante entdeckt Doch die Kontroverse über die Typologie von Skarabaen schloss sie als verlässliche historische Quelle aus Diese Studie schlägt eine neue Typologie der Pillendreher für die erste Hälfte des zweiten Jahrtausends v. Chr. vor die sich an den Erkenntnissen zu ägyptischen und levantischen Keramik Sammlungen orientiert Basierend auf diesen Forschungen kann das Alter der Erdschicht bestimmt

werden in welcher die Skarabaen und Abdrucke in beiden Regionen gefunden wurden und die Verbindung zwischen der zweiten mittleren Periode in Agypten und der mittleren Bronzezeit IIB in der Levante nachgewiesen werden Der prinzipielle methodologische Unterschied zwischen der heutigen und der fruheren Forschung liegt im Verstandnis der agyptischen und palastinensischen Skarabaen als zweier statt vormals einer Gruppe Die neue Sicht erlaubt eine systematische Unterscheidung agyptischer und kanaanitische Skarabaen dieser Zeit und fuhrt zu einer separaten stilistischen und chronologischen Typologie fur jede Gruppe Die Schlussfolgerungen welche in dieser Studie prasentiert werden zeigen die Signifikanz der Skarabaen als Hauptinformationsquelle fur die Rekonstruktion der Geschichte der 12 und 13 Dynastie
