producer Pip Keane chose to broadcast on that programme on June 23 2011 Nevertheless I do call Mihingarangi Forbes John Campbell and Pip Keane for what media commentator Dr Brian Edwards at the time called dishonest journalism The book in five parts covers in parts 2 and 3 my downfall as the Employer and Manufacturers EMA CEO in June 2011 which led to my sacking for allegedly bringing the EMA into disrepute on 6 July 2011 even though I had offered my resignation almost immediately It covers how my wife Joan and I coped and ultimately dealt with the maelstrom that followed my comment first made on Mike Hosking's NewstalkZB breakfast show that some women's monthly sickness problems affected their productivity and earnings This escalated when later that afternoon I was interviewed by Mihi Forbes in a 27 minute interview the last 4 minutes of which were chosen by producer Pip Keane as the best bits most controversial to be broadcast that evening on Campbell Live It is mainly parts 2 and 3 of my 5 part book that are the basis of an in depth TV3 3rd Degree programme to be screened on Wednesday 2nd October The programme also looks at my life now my transformation having researched feminism and Christian theology leading to me becoming a Christian travelling extensively overseas and to again become a self employed business advisor and tourist business operator Life Changing is about much more than all this though although it does reveal so much more than was ever made public at the time of my demise mainly because I was barred at the time from talking to the media and my employer <u>LIFE</u>, 1966-12-02 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use On Her Majesty's Nuclear Service Eric Thompson, 2018-04-19 A journey inside the submarines that patrolled beneath the surface to keep the peace during the Cold War from a Royal Navy officer and engineer During the Cold War nuclear submarines quietly helped prevent a third world war keeping watch and maintaining the deterrent effect of mutually assured destruction For security reasons very few knew the inside stories until now Eric Thompson is a career nuclear submarine officer who served from the first days of the Polaris missile boats until after the Cold War ending up as the top engineer in charge of the Navy's nuclear power plants Along the way he helped develop all manner of kit from guided torpedoes to the Trident ballistic missile system In this vivid personal account of his submarine operations he reveals what it was like to literally have your finger on the nuclear button He leads the reader through top secret submarine patrols hush hush scientific trials underwater weapon developments public relations battles with nuclear protesters arm wrestling with politicians and the changes surrounding gender and sexual preference in the Navy It is essentially a human story rich in both drama and comedy like the Russian spy trawler that played dance music at passing submarines There was never a dull moment but it was always a deadly serious game Among other subjects Thompson discusses The two American nuclear submarines Thresher and Scorpion which sank with no survivors during the Cold War The history of submarines including the Hunley a Confederate submarine during the US Civil War which was the

first sub to ever sink a ship though it did so kamikaze style What a submarine base is like How a Soviet sub in the Mediterranean was flushed out earning the crew a crate of champagne from America The author's personal experience with the Polaris and Trident classes of submarine and more Interesting sometimes thought provoking but above all an Seizing Your Divine Moment Erwin Raphael McManus, 2002-11-03 In this inspiring entertaining read Nuclear Futures book Erwin McManus uses the biblical account of Israel s war with the Philistines 1 Samuel 13 and 14 and the characters of Saul and Ionathan to demonstrate the difference between living a life of purpose and adventure and living one of apathy and missed opportunity. In the midst of a less than hopeful battle Saul who should have been leading rested beneath a pomegranate tree as Jonathan seized the divine moment that would impact the future of Israel Through this story McManus artfully illustrates the eight characteristics of an adventurer's heart what he calls the Jonathan factor Using powerful examples from his own life and ministry along with fresh biblical teaching McManus asserts that God crafts divine moments specific to each of us priceless opportunities for us to actively engage in God's big picture plan Apathy and apprehension prevent us from being all we are meant to be for God s kingdom But by developing the characteristics McManus outlines Christians can move from mundane to miraculous living Four-Minute Mile Roger Bannister, 2004-05-01 Bannister writes in much the same fashion as he runs with rippling smoothness eye catching grace and spectacular effectiveness The New York Times It is strange that the intrinsically simple and unimportant act of placing one foot after another for 1 760 yards as fast as possible should become such an important sporting achievement I think the appeal lies in its simplicity it needs no money no equipment no particular physique no knowledge no education and in a world of increasingly complex technology it stands out as a naive statement about the nature of man A man can with his own two feet overcome severe difficulties to reach a pinnacle upon which he can declare No one has done this before Roger Bannister from the Introduction All sports have pivotal moments single events that change perceptions forever after For the sport of running such a moment occurred on a blustery May afternoon in 1954 when Roger Bannister broke the four minute mile This is the story of that epic run Today fifty years later lovers of the sport runners and non runners alike will be moved by this modest but impassioned story of one of sport s true heroes The Race of the Century: The Battle to Break the Four-Minute Mile (Scholastic Focus) Neal Bascomb, 2022-04-05 Highly acclaimed author Neal Bascomb brings his peerless research and fast paced narrative style to a young adult adaptation of one of his most successful adult books of all time The Perfect Mile an inspiring and moving story of three men racing to achieve the impossible the perfect four minute mile Scholastic Focus is the premier home of thoroughly researched beautifully written and thoughtfully designed works of narrative nonfiction aimed at middle grade and young adult readers These books help readers learn about the world in which they live and develop their critical thinking skills so that they may become dynamic citizens who are able to analyze and understand our past participate in essential discussions about our present and work to grow and build our future There was a time when running the mile in

four minutes was believed to be beyond the limits of human foot speed In 1952 after suffering defeat at the Helsinki Olympics three world class runners each set out to break this barrier Roger Bannister was a young English medical student who epitomized the ideal of the amateur John Landy the privileged son of a genteel Australian family and Wes Santee the swaggering American a Kansas farm boy and natural athlete Spanning three continents and defying the odds these athletes collective quest captivated the world Neal Bascomb's bestselling adult account adapted for young readers delivers a breathtaking story of unlikely heroes and leaves us with a lasting portrait of the twilight years of the golden age of sport
