LELAH JACKSON. EDSON,1978 *Oxford Symposium on Food & Cookery, 1989* Harlan Walker,1990 A study of staples such as potato rice root vegetables in early modern England wheat and other cereals *Shipwrecks of the San Juans: A History of Maritime Disaster in the San Juan Islands* Joseph Reigel,2024-09-07 Mariners have long dreaded the labyrinth of the San Juan Islands Bounded by the howling straits of Georgia Rosario Haro and Juan de Fuca the islands have proved the resting place of many an unlucky ship With the aid of period accounts and historical photographs Shipwrecks of the San Juans brings to life harrowing tales such as the infamous Clallam tragedy the Bahada mystery and the unsolved disappearance of the yacht Prelude along with many more Indigenous Women and Work Carol Williams,2012-10-30 The essays in Indigenous Women and Work create a transnational and comparative dialogue on the history of the productive and reproductive lives and circumstances of Indigenous women from the late nineteenth century to the present in the United States Australia New Zealand Aotearoa and Canada Surveying the spectrum of Indigenous women s lives and circumstances as workers both waged and unwaged the contributors offer varied perspectives on the ways women s work has contributed to the survival of communities in the face of ongoing tensions between assimilation and colonization They also interpret how individual nations have conceived of Indigenous women as workers and in turn convert these assumptions and definitions into policy and practice The essays address the intersection of Indigenous women s and labor history but will also be useful to contemporary policy makers tribal activists and Native American women s advocacy associations Contributors are Tracey Banivanua Mar Marlene Brant Castellano Cathleen D Cahill Brenda J Child Sherry Farrell Racette Chris Friday Aroha Harris Faye HeavyShield Heather A Howard Margaret D Jacobs Alice Littlefield Cyb le Locke Mary Jane Logan McCallum Kathy M Closkey Colleen O Neill Beth H Piatote Susan Roy Lynette Russell Joan Sangster Ruth Taylor and Carol Williams *Utopias on Puget Sound, 1885-1915* Charles Pierce LeWarne,2002-07-01 Postmaster General James A Farley s famous toast to the forty seven states and the soviet of Washington introduces and sets the tone for this study of Washington State radicalism The state s colorful reputation for radical movements was established in the 1920s and 1930s by free speech fights strikes

strong labor organizations and woman suffrage reforms Charles LeWarne finds the roots of this radicalism in the communitarian experiments of the late nineteenth century Through analyses of several of these experiments LeWarne demonstrates that the influence of a coterie of liberals and radicals centered on Puget Sound in such communities as Home Burley Freeland Equality and Port Angeles was felt in the state long after the utopias they came to colonize had ceased to exist Probably the most famous of the experiments was Home Colony on Joe s Bay near Tacoma From a nucleus of three families Home grew to over two hundred residents and lasted for more than twenty years Its reputation for anarchism and flamboyance contributed to a jail sentence conviction for one editor of the Home newspaper for publishing an editorial called The Nude and the Prudes Readers interested in current social movements and lifestyles will find many enlightening parallels with recent communal attempts particularly the rejection of traditional values and the belief in a perfectible world Whatever the differences within individual colonies the communitarian ideal has certain general characteristics that find their way into each of these attempts to form a perfect society Historians will welcome this treatment of an important part of the social and cultural history of the area The book contains a mine of previously scattered information on the subject It is a delightful footnote to the history of the Puget Sound region

Covered Wagon Women, Volume 11 Kenneth L. Holmes, David Duniway, Katherine Morrissey, 1995-01-01 The stories seem simple they left they traveled they settled yet the restless westering impulse of Americans created one of the most enduring figures in our frontier pantheon the hardy pioneer persevering against all odds Undeterred by storms ruthless bandits towering mountains and raging epidemics the women in these volumes suggest why the pioneer represented the highest ideals and aspirations of a young nation In this concluding volume of the Covered Wagon Women series we see the final animal powered overland migrations that were even then yielding to railroad travel and in a few short years to the automobile The diaries and letters resonate with the vigor and spirit that made possible the settling and community building of the American West

Parallel Destinies John M. Findlay, Kenneth S. Coates, 2011-10-01 The Canadian West and the American Northwest offer a valuable setting for considering issues of borders and borderlands The regions contain certain similarities and during the first half of the nineteenth century they were even grouped together as a distinct political and economic unit called the Oregon Country by Americans and the Columbia Department of the Hudson s Bay Company by the British The essays in this volume which grew out of a conference commemorating the Oregon Treaty of 1846 view the boundary between Canada and the United States as a dividing line and also as a regional backbone with people on each side of the border having key experiences and attitudes in common In their eloquence and scope they illustrate how historical study of Canadian American relations in the West calls into question the parameters of the nation state The border has not had a single constant meaning rather its significance has changed over time and varied from group to group The essays in Part One concern the movement of peoples and capital across a relatively permeable boundary during the nineteenth century Many people in this era especially Natives miners immigrants and

capitalists did not regard the international boundary as particularly important Part Two considers how the United States and Canada took pains to strengthen and enforce the international boundary during the twentieth century In this era the nation state became more assertive about defining and defending the borderline Part Three offers considerations of the distinctions both real and imagined that emerged during the nineteenth and twentieth centuries between Canada and the United States Its essays examine different schools of history divergent ideas toward wilderness and the influence of anti Americanism on Canadians view of national development in North America

Oxford Symposium on Food & Cookery, 1988 Tom Jaïne,1989 The history evolution and use of cooking pots from diverse places such as Syria Papua New Guinea China and Spain are discussed

A Cultural Resource Overview Jan L. Hollenbeck,1987

The Love Israel Family Charles Pierce LeWarne,2015-07-21 Winner of the Malstrom Award of the League of Snohomish County Historical Organizations In 1968 a time of turbulence and countercultural movements a one time television salesman named Paul Erdmann changed his name to Love Israel and started a controversial religious commune in Seattle s middle class Queen Anne Hill neighborhood He quickly gathered a following and they too adopted the Israel surname along with biblical or virtuous first names such as Honesty Courage and Strength The burgeoning Love Israel Family lived a communal lifestyle centered on meditation and the philosophy that all persons were one and life was eternal They flourished for more than a decade owning houses and operating businesses on the Hill although rumors of drug use control of members and unconventional sexual arrangements dogged them By 1984 perceptions

among many followers that some Family members especially Love Israel himself had become more equal than others led to a bitter breakup in which two thirds of the members defected The remaining faithful about a hundred strong resettled on a ranch the Family retained near the town of Arlington Washington north of Seattle There they recouped and adapted with apparent social and economic success for two more decades In The Love Israel Family Charles LeWarne tells the compelling story of this group of idealistic seekers whose quest for a communal life grounded in love service and obedience to a charismatic leader foundered when that leader s power distanced him from his followers LeWarne followed the Family for years attending its celebrations and interviewing the faithful and the disaffected alike He tells the Family s story with both sympathy and balance describing daily life in the urban and later the rural communes and explaining the Family s deeply felt spiritual beliefs The Love Israel Family is an important chapter in the history of communal experiments in the United States

Covered Wagon Women: 1854-1860 Kenneth L. Holmes, Shirley A. Leckie, 1998-01-01 Some of the women traveling west in the late 1850s were strong advocates of equal rights for their sex On the trail Julia Archibald Holmes and Hannah Keziah Clapp sensibly wore the freedom costume called bloomers In 1858 Holmes joined the Pikes Peak gold rush and was the first woman of record to climb the famous mountain Educator Hannah Clapp traveled to California with a revolver by her side speaking her mind in a letter included in this volume which is also enriched by the trail diaries of seven other women Among them were Sarah Sutton who died in 1854 just before reaching Oregon s Willamette Valley Sarah Maria Mousley a Mormon woman traveling to Utah in 1857 and Martha Missouri Moore who drove thousands of sheep from Missouri to California with her husband in 1860

Bentley, 2013-03-01 Free Boy is the story of a 13 year old slave who escaped from Washington Territory to freedom in Canada on the West s underground railroad When James Tilton came to Washington Territory as surveyor general in the 1850s he brought with his household young Charles Mitchell a slave he had likely received as a wedding gift from a Maryland cousin

The story of Charlie's escape in 1860 on a steamer bound for Victoria and the help he received from free blacks reveals how national issues on the eve of the Civil War were also being played out in the West. Written with young adults in mind, the authors provide the historical context to understand the lives of both Mitchell and Tilton and the time in which the events took place. The biography explores issues of race, slavery, treason, and secession in Washington Territory, making it both a valuable resource for teachers and a fascinating story for readers of all ages.
