Fragments Portraits From The Inside:

Fragments Andre De Toth,1996-09-01 Fragments André De Toth,1994-01 Andre de Toth s remarkable eccentric and utterly compelling memoir opens amidst the enchanted cafe society of pre war Budapest With a novelist s sense of time and place he propels the reader through a series of snapshots from his fantastically eventful life from Vienna Paris and London to Hollywood where he encountered many of the legendary figures of cinema s golden age Ever the maverick de Toth avoids the anodyne cliches of the show biz biography Brutally honest and frequently self deprecating Fragments is a memoir with bite

The Fragment Camelia Elias,2004 This monograph is an interdisciplinary study of the concept of fragment in literature and in critical and literary theory It discusses the fragment s performativity and function within a historical perspective stretching from Heraclitus via the German Romantics and European writers of the Modernist period to American postmodern manifestations of the fragment This is the first history of the fragment to appear in English and it is also the first attempt at producing a consistent taxonomy of literary and critical fragments The fragments are categorised according to function not author intention and the study addresses a number of questions What constitutes the fragment when the fragment can only be defined a posteriori Does the fragment begin on its own or is it begun by others writers and critics Does it acquire a name of its own or is it labelled by others All these questions revolve around issues of agency and they are best discussed in terms of performativity which means seeing fragments as acts acts of literature acts of reading acts of writing The book demonstrates how a poetics of the fragment as a performative genre can be created situating the fragment both as literature and as a phenomenon within postmodern criticism against the background of philosophy art history and theology

Phantom Lady Christina Lane,2020-02-04 Winner of the Mystery Writers of America's 2021 Edgar Allan Poe Award for Best Critical Biographical In 1933 Joan Harrison was a twenty six year old former salesgirl with a dream of escaping both her stodgy London suburb and the dreadful prospect of settling down with one of the local boys A few short years later she was Alfred Hitchcock's confidante and one of the Oscar nominated screenwriters of his first American film Rebecca Harrison had quickly grown from being the worst secretary Hitchcock ever had to one of his closest collaborators critically shaping his brand as the Master of Suspense Harrison went on to produce numerous Hollywood features before becoming a television pioneer as the producer of Alfred Hitchcock Presents A respected powerhouse she acquired a singular reputation for running amazingly smooth productions and defying anyone who posed an obstacle She built most of her films and series from the ground up She waged rough and tumble battles against executives and censors and even helped to break the Hollywood blacklist She teamed up with many of the most respected well known directors writers and actors of the twentieth century And she did it all on her own terms Author Christina Lane shows how this stylish stunning woman became Hollywood's most powerful female writer producer one whom history has since overlooked Michael Curtiz Alan K. Rode, 2017-11-17 Academy Award winning director Michael Curtiz 1886 1962 whose best known films include Casablanca 1942 Yankee Doodle

Dandy 1942 Mildred Pierce 1945 and White Christmas 1954 was in many ways the anti auteur During his unprecedented twenty seven year tenure at Warner Bros he directed swashbuckling adventures westerns musicals war epics romances historical dramas horror films tearjerkers melodramas comedies and film noir masterpieces. The director s staggering output of 180 films surpasses that of the legendary John Ford and exceeds the combined total of films directed by George Cukor Victor Fleming and Howard Hawks In the first biography of this colorful instinctual artist Alan K Rode illuminates the life and work of one of the film industry s most complex figures. He explores the director s little known early life and career in his native Hungary revealing how Curtiz shaped the earliest days of silent cinema in Europe before immigrating to the United States in 1926 In Hollywood Curtiz earned a reputation for explosive tantrums his difficulty with English and disregard for the well being of others. However few directors elicited more memorable portrayals from their casts and ten different actors delivered Oscar nominated performances under his direction In addition to his study of the director's remarkable legacy Rode investigates Curtiz's dramatic personal life discussing his enduring creative partnership with his wife screenwriter Bess Meredyth as well as his numerous affairs and children born of his extramarital relationships This meticulously researched biography provides a nuanced understanding of one of the most talented filmmakers of Hollywood's golden age

American Western Stephen McVeigh, 2007-02-14 This wide ranging book illuminates the importance of the Western in American history It explores the interconnections between the Western in both literature and film and the United States in the 20th century Structured chronologically the book traces the evolution of the Western as a uniquely American form The author argues that America s frontier past was guickly transformed into a set of symbols and myths an American meta narrative that came to underpin much of the American century He details how and why this process occurred the form and function of Western myths and symbols the evolution of this mythology and its subversions and reconstructions throughout 20th century American history The book engages with the full range of historical literary and cinematic perspectives and texts from the founding Western histories of Theodore Roosevelt and Frederick Jackson Turner to the New Western history of Patricia Nelson Limerick and Richard White Hollywood's War with Poland, 1939-1945 M.B.B. Biskupski, 2010-01-08 This passionate carefully researched richly detailed well written study reveals the political motives behind WWII Hollywood s portrayal of Poles Choice During World War II Hollywood studios supported the war effort by making patriotic movies designed to raise the nation s morale Often the characterizations were as black and white as the movies themselves Americans and their allies were heroes while everyone else was a villain The peoples of Norway France Czechoslovakia and England were all good because they had been invaded or victimized by Nazi Germany Yet Poland the first country to be invaded by the Third Reich was repeatedly represented in a negative light In this prize winning study Polish historian M B B Biskupski explores why Biskupski presents a close critical study of prewar and wartime films such as To Be or Not to Be In Our Time and None Shall Escape Through memoirs letters diaries and memoranda written by screenwriters directors studio

Film Noir** Andrew Spicer, 2010-03-19 Film noir literally black cinema is the label customarily given to a group of black and white American films mostly crime thrillers made between 1940 and 1959 Today there is considerable dispute about what are the shared features that classify a noir film and therefore which films should be included in this category These problems are partly caused because film noir is a retrospective label that was not used in the 1940s or 1950s by the film industry as a production category and therefore its existence and features cannot be established through reference to trade documents The Historical Dictionary of Film Noir is a comprehensive guide that ranges from 1940 to present day neo noir It consists of a chronology an introductory essay a bibliography a filmography and over 400 cross referenced dictionary entries on every aspect of film noir and neo noir including key films personnel actors cinematographers composers directors producers set designers and writers themes issues influences visual style cycles of films e g amnesiac noirs the representation of the city and gender other forms comics graphic novels television and videogames and noir s presence in world cinema It is an essential reference work for all those interested in this important cultural phenomenon Martin **Scorsese** Vincent LoBrutto, 2007-11-30 Martin Scorsese's current position in the international film community is unrivaled and his name has become synonymous with the highest standards of filmmaking excellence He is widely considered America s best living film director and his Taxi Driver and Raging Bull appear frequently on worldwide surveys of the best films of all time Here in the first biographical account of this artist's life Vincent LoBrutto traces Scorsese's Italian American heritage his strict Catholic upbringing the continuing role of religion in his life and art his obsessive love of cinema history and the powerful impact that the streets of New York City had on his personal life and his professional career Meanwhile the filmmaker's humble soft spoken public persona tells only part of the story and LoBrutto will delve into the other side of a complex and often tortured personality Scorsese's intense passion his private relationships his stormy marriages and his battles with drugs and depression are all chronicled here and in many cases for the first time In addition the book includes an interview with the director as well as filmographies cataloging his work as a director producer actor and presenter As his Best Director award at the 2007 Oscars clearly demonstrated Scorsese has become something like Hollywood royalty in recent years finally enjoying the insider status and favor that eluded him for most of his career But these recent developments aside Scorsese is also notable as a distinctly American type of artist one whose work created in a medium largely controlled by commercialism and marketing has always been unmistakably his own and who thus remains a touchstone of artistic integrity in American cinema In Martin Scorsese A Biography readers can examine not only the work of one of the form's genuine artists but also the forces that have propelled the man behind it Muller, 2021-07-20 This revised and expanded edition of Eddie Muller's Dark City is a film noir lover's bible taking
