Framing The Intifada People And Media

Jeffrey Kaplan

Framing The Intifada People And Media:

Framing the Intifada Akiba A. Cohen, Gadi Wolfsfeld, 1993 The intifada which began in December 1987 has become one of the longest running confrontations within the broad context of the Israeli Arab conflict This volume is not concerned with why the intifada phenomenon began how it developed or possible scenarios for the future Rather it is about communication and the intifada what people have been saying thinking and writing about the conflict and about the messages being produced by the mass media The book is a collection of studies conducted mostly in Israel and some other Western countries

Framing the Intifada Akiba A. Cohen, 1994 **Framing Terrorism** Pippa Norris, Montague Kern, Marion Just, 2004-08-02 Terrorism now dominates the headlines across the world from New York to Kabul Framing Terrorism argues that the headlines matter as much as the act in political terms Widely publicized terrorist incidents leave an imprint upon public opinion muzzle the watchdog role of journalists and promote a general one of us consensus supporting security forces

Media Strategy and Military Operations in the 21st Century Michal Shavit, 2016-07-15 This book applies the concept of mediatization to the contemporary dynamic between war media and society with a focus on the Israel Defence Forces IDF Since the beginning of the 21st century the IDF has undergone an intensive process of mediatization that has transformed the media into an interpretative grid for many of its military activities and increasingly utilized media to garner public support and construct civilian perceptions of conflict and security through media activity and strategy This process can be divided into four distinct chronological phases in accordance with the operational challenges confronted by the IDF during this period from the Al Aqsa Intifada of 2000 through Israeli unilateral disengagement from Gaza in 2005 and the second Lebanon war of 2006 to the series of Gaza confrontations of 2008 2014 The work shows how the IDF s media policy evolved from a narrow perception of its role and separation between operational and media actions to a cohesive and coherently articulated media strategy that is increasingly intertwined with military action and operational strategy and a vital component of strategic military aims and objectives This strategic stance has led the IDF to adopt a global media perspective using the most advanced new media platforms designed to influence public opinion and improve national narratives both in Israel and the international community By applying the concept of mediatization to the Israeli case this book fills a research lacuna and offers a new prism for the study of media military relations in contemporary conflicts The book will be of much interest to students of civil military relations strategic studies Middle Eastern Studies media and communication studies sociology and IR in general **The Israeli Palestinians** Alexander Bligh, 2004-08-02 One of the most crucial issues to affect national policy in the state of Israel is that of relations between its Jewish and Arab citizens This edited collection offers a comprehensive analysis of the most significant factors to have contributed to current conditions

Television Histories Gary Richard Edgerton, Peter C. Rollins, 2001-01-01 From Ken Burns s documentaries to historical dramas such as Roots from A E s Biography series to CNN television has become the primary source for historical information for tens of millions of Americans

today Why has television become such a respected authority What falsehoods enter our collective memory as truths How is one to know what is real and what is imagined or ignored by producers directors or writers Gary Edgerton and Peter Rollins have collected a group of essays that answer these and many other questions The contributors examine the full spectrum of historical genres but also institutions such as the History Channel and production histories of such series as The Jack Benny Show which ran for fifteen years The authors explore the tensions between popular history and professional history and the tendency of some academics to declare the past off limits to nonscholars Several of them point to the tendency for television histories to embed current concerns and priorities within the past as in such popular shows as Quantum Leap and Dr Quinn Medicine Woman The result is an insightful portrayal of the power television possesses to influence our culture

Media and Political Conflict Gadi Wolfsfeld, 1997-04-24 The news media have become the central arena for political conflicts today It is therefore not surprising that the role of the news media in political conflicts has received a good deal of public attention in recent years *Media and Political Conflict* provides readers with an understanding of the ways in which news media do and do not become active participants in these conflicts The author's political contest model provides an alternative approach to this important issue The best way to understand the role of the news media in politics he argues is to view the competition over the news media as part of a larger and more significant contest for political control The book is divided into two parts While the first is devoted to developing the theoretical model the second employs this approach to analyse the role of the news media in three conflicts the Gulf war the Palestinian intifada and the attempt by the Israeli right wing to derail the Israeli Palestinian peace accord

Stereotypes and Prejudice in Conflict Daniel Bar-Tal, Yona Teichman, 2009-12-03 In the last two decades the study of social stereotypes and prejudice has become one of the central interests in social psychology in particular One reflection of this growing interest is the focus on shared stereotypes and prejudices The primary reason for this development is the recognition that stereotypes and prejudice play a determinative role in shaping intergroup relations In situations of conflict they are simultaneously outcomes of the accumulated animosity between the involved groups and also feed on the continuation of the conflict by furnishing the cognitive affective basis for the experienced mistrust by the parties In spite of this recognition no systematic analysis of the stereotypes and prejudice was carried out in real situations This book tries to rectify this by applying a general and universal conceptual framework to the study of the acquisition and development of stereotypes and prejudice in a society involved in an intractable conflict

The Arab Public Sphere in Israel Amal Jamal, 2009-10-16 In this pathbreaking study Amal Jamal analyzes the consumption of media by Arab citizens of Israel as a type of communicative behavior and a form of political action Drawing on extensive public opinion survey data he describes perceptions and use of media ranging from Arabic Israeli newspapers to satellite television broadcasts from throughout the Middle East By participating in this semi autonomous Arab public sphere the average Arab citizen can connect with a wider Arab world beyond the boundaries of the Israeli state Jamal shows how media aid the community's

ability to resist the state's domination protect its Palestinian national identity and promote its civic status *Behind Media Marginality* Eli Avraham, 2003-01-01 *Behind Media Marginality* examines the considerations and decisions that have resulted in the distorted and negative media coverage of minority groups in the Israeli media. Author Eli Avraham looks closely at media portrayals of those living in the geographic margins of Israeli kibbutzim, Jewish settlements in the West Bank, development cities, and the Israeli Arab community from the 1960s through the 1990s. Through quantitative and qualitative analysis of newspaper articles, interviews with reporters, editors, and government spokespeople, and statistical and demographic data, Avraham isolates and explores five factors that influence the way the media covers these social groups: the group's characteristics and location, their proximity to foci of power, their social-political environment, the media's policy toward covering the group, and the group's public relations strategies in response to coverage. An analysis both of media operations and of Israeli society, this book provides important insights into the role of the media in the formation of national identity.

The International Self Mira M. Sucharov, 2012-02-01 *The International Self* explores an age-old question in international affairs: one that has been particularly pressing in the context of the contemporary Middle East: what leads long-standing adversaries to seek peace? Mira M. Sucharov employs a socio-psychoanalytic model to argue that collective identity ultimately shapes foreign policy and policy change. Specifically, she shows that all states possess a distinctive role identity that tends to shape behavior in the international realm. When policy deviates too greatly from the established role identity, the population experiences cognitive dissonance and expresses this through counternarratives, an unconscious representation of what the polity collectively fears in itself, propelling political elites to realign the state's policy with its identity. Focusing on Israel's decision to embark on negotiations leading to the 1993 agreement with the Palestine Liberation Organization (PLO), Sucharov sees this policy reversal as a reaction to the unease generated by two events in the 1980s: the war in Lebanon and the first Palestinian Intifada, which contradicted Israel's perceptions of their state as a defensive warrior. Her argument bridges the fields of conflict resolution, Middle East studies, and international relations.

Millennial Violence Jeffrey Kaplan, 2013-09-13 This volume encompasses an array of material exploring the millennium phenomenon and the violent excitement it provokes. Consisting of three core parts, the book combines pertinent documents with insightful commentary and discussion.

Ethnocracy Oren Yiftachel, 2006-07-25 An important book which adds the often neglected angle of political geography to the growing body of critical research on the Israeli state and society and on the Jewish-Arab conflict. Baruch Kimmerling, The Hebrew University of Jerusalem.

Jewish Serials of the World Robert Singerman, 2000-11-30 Jewish journalism history is a growing field of active research, as evidenced by the growing number of new serials devoted to it. Given the geographic extent of the Jewish diaspora, the Jewish press offers valuable primary source materials for any historical study of the Jewish people. The social and intellectual history of the Jews in modern times can similarly be advanced by an examination of the Jewish press of the world. This volume, the first supplement to *Jewish Serials of the World*, A

Research Bibliography continues and extends the bibliographic coverage to include 3 000 new entries The new volume s classified arrangement enhanced by author and subject indexes provide up to date coverage of all pertinent research including theses and dissertations on Jewish press and journalism history throughout the world in all languages This new bibliography is indispensable for libraries supporting academic programs in Jewish Studies and journalism as well as area studies Singerman s coverage of the studies and research about the Jewish press is broadly defined his scope is worldwide and all pertinent languages are treated The 3 000 entries are verified and bibliographically complete and special efforts have been made to analyze hidden sections on the Jewish press buried within larger more expansive studies of related topics The entries are organized into regional subcategories Together with the foundation volume over 6 000 entries are provided making this an important addition to any libraries with Jewish Studies or journalism collections Language and Communication in Israel Hanna Herzog,2018-01-16 This volume presents a broad range of the various approaches and questions that preoccupy Israel s sociologists of language and communication It covers the relation of language and communication to daily life to social and cultural pluralism and to politics and elections **Women and Media** Karen Ross,Carolyn M. Byerly,2008-04-15 Comprised of original research in diverse genres and medias Women and Media International Perspectives brings together eight international scholars to explore key issues of the gender media relation Provides important insights into how gender is implicated in media industries Address key issues of the gender media relation from an analysis of news media s coverage of women politicians to the marketing of girl power to strategizing for equality in newsrooms Highlights the theme that media have the potential both to reinforce the status quo in power arrangements in society but also to contribute to new more egalitarian ones Includes an introduction by the editors that carefully maps the contours of the international struggle between feminists and the media section overviews bibliographies key terms and discussion questions **Communication Yearbook 24** William Gudykunst,2012-03-22 Communication Yearbook 24 originally published in 2001 comprises essays that address the current status of theory and research in each division and interest group of the International Communication Association ICA It focusses on the following questions What are the parameters of the division interest group and what is the relationship of the division within other groups What are the major theories used and what research is there to support these theories What are the major lines of research and what are the main issues with which scholars must cope in the twenty first century **Public Opinion** William A. Blade,2002 Twenty four news networks a plethora of newspapers and magazines vibrant news talk radio and the ubiquitous Internet highlight our society as information driven With such a steady stream of hard facts mixed with publicised opinions the mainstream population has an opinion on everything Most anyone seems itching to argue their side of an issue making once private beliefs fodder for general consumption A staple of any medium s content is a regular public opinion poll on whatever hot topic strikes the editor s fancy From the significant to the mundane public opinion permeates society Accordingly politicians

have taken note of these opinions and adopted stands and values that put them in tune with public sentiment. An understanding of the nature of public opinion therefore is paramount in today's world. This book assembles and presents a carefully chosen bibliography on public opinion in its many forms. The collection of references makes for a valuable resource in studying and researching the critical issue of public opinion. Easy access to these pieces of literature are then provided with author title and subject indexes.

Terrorism and Communication Jonathan Matusitz, 2013. Based on the premise that terrorism is essentially a message, *Terrorism and Communication: A Critical Introduction* examines terrorism from a communication perspective, making it the first text to offer a complete picture of the role of communication in terrorist activity. Through the extensive examination of state-of-the-art research on terrorism as well as recent case studies and speech excerpts, communication and terrorism scholar Jonathan Matusitz explores the ways that terrorists communicate messages through actions and discourse. Using a multifaceted approach, he draws valuable insights from relevant disciplines including mass communication, political communication, and visual communication as he illustrates the key role that media outlets play in communicating terrorists' objectives and examines the role of global communication channels in both spreading and combating terrorism. This is an essential introduction to understanding what terrorism is, how it functions primarily through communication, how we talk about it, and how we prevent it.

Censorship Derek Jones, 2001-12-01. First published in 2002. Routledge is an imprint of Taylor & Francis, an informa company.

Framing The Intifada People And Media Introduction

In today's digital age, the availability of Framing The Intifada People And Media books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Framing The Intifada People And Media books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Framing The Intifada People And Media books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Framing The Intifada People And Media versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Framing The Intifada People And Media books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Framing The Intifada People And Media books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Framing The Intifada People And Media books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare,

which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Framing The Intifada People And Media books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Framing The Intifada People And Media books and manuals for download and embark on your journey of knowledge?

FAQs About Framing The Intifada People And Media Books

1. Where can I buy Framing The Intifada People And Media books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Framing The Intifada People And Media book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Framing The Intifada People And Media books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
