*Liberation Theologies* Ronald G. Musto, 2020-11-25 First Published in 1991 The following is a comprehensive scholarly bibliography of published materials on the varieties of liberation theology mostly in book form available in English It is intended as an introductory survey to this vast and quickly expanding field for the teacher and student of contemporary theology of biblical hermeneutics and to the interrelationship of politics and religion around the world It will also serve as a comprehensive bibliography

Popular Voices in Latin American Catholicism Daniel H. Levine, 2014-07-14 Throughout Latin America observers and activists have found in religion a promise of deep and long lasting democratization But for religion to change culture and politics religion itself must change Such change is not only a matter of doctrine ritual or institutional arrangements but also arises out of the needs values and ideas of average believers Combining rich interviews and community studies in Venezuela and Colombia with analysis of broad ideological and institutional transformations Daniel Levine examines how religious and cultural change begins and what gives it substance and lasting impact The author focuses on the creation of self confident popular groups among hitherto isolated and dispirited individuals Once silent voices come to light as peasants and urban barrio dwellers reflect on their upbringing and community on poverty and opportunity on faith prayer and the Bible and on institutions like state school and church Levine also interviews priests sisters and pastoral agents and explains how their efforts shape the links between popular groups and the larger society The result is a clear understanding of how relations among social and cultural levels are maintained and transformed how programs are implemented why they succeed or fail and how change appears both to elites and to ordinary people Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**Toward a Theology of Struggle** Eleazar S. Fernandez, 2009-02-01 The Theology of Struggle is a genuinely popular Filipino theology rooted in the history and culture of a people who have endured colonial oppression at the hands of Spain North America and Japan as well as neo colonialism and home grown dictatorship Because Christianity has played a role in assisting the history of oppression in the Philippines a theology of struggle must include a struggle in theology to wrest Christian symbols from the hands of the oppressors and return them to the poor This theology which is otherwise expressed in articles poems art and action receives its first systematic treatment in *Toward a Theology of Struggle* In Part One Fernandez establishes the historical and cultural context out of which the Theology of Struggle has emerged Part Two represents Fernandez's own constructive work in which he shows how a theology of struggle must address the quest for

identity and peoplehood In Part Three Fernandez explores the question of theological method outlining the areas of convergence and distinction between the Theology of struggle and other Third World theologies as well as setting forth the distinctive challenge that this theology of the Philippines poses to the authority and dominance of Western theology as a whole **Missiology** ,1990 An international review *Index to Philippine Periodicals* ,1991 [The Church of the Poor](#) Arnel F. Lagarejos,1999 **Philippine Studies Newsletter** ,1990 [Civic Welfare Service'99 Ed.](#) , **Basic Human Rights and the Humanitarian Crises in Sub-Saharan Africa** Gabriel Andrew Msoka,2007-04-15 For decades post independence Africa has been marked by conflicts violence and civil wars leading to a displacement of civilian populations and numerous humanitarian crises For example the Somali war the 1994 Rwandan genocide and the Darfur conflict in Western Sudan illustrate this phenomenon In these situations protecting the basic human rights of security subsistence the liberties of social participation and the physical movement of refugees and internally displaced persons IDPs particularly women children and young people has been seen as inadequate This book offers the following a systematic presentation of the nature and scope of the crises an evaluative description of the achievements and failures of governments organizations and the international community in responding to the crises a critical analysis of the rationale for such an inadequate response and a philosophical and theological study of basic human rights that seeks to redress these failures by envisioning an appropriate response and a lasting solution to the conflicts displacement and humanitarian crises in Sub Saharan Africa

**Edward Schillebeeckx and Interreligious Dialogue** Edmund Kee-Fook Chia,2012-01-23 If Schillebeeckx had been Asian how would he have responded to the phenomenon of religious pluralism This book attempts to answer that question beginning with a dialogue with the Vatican Declaration Dominus Iesus and discerning how Schillebeeckx s methodology has been applied in Asian theology Employing the hermeneutical critical method Schillebeeckx asserts that the Word of God did not come down to us as it were vertically in a purely divine statement it must be interpreted In today s context of so many religions so many cultures and so many poor God s Word invites the church to be a sacrament of dialogue Through dialogue the church will be challenged by other religions and challenge them in return Christianity will then be put in its place as well as given the place which is its due **An Introduction to Theology in Global Perspective** Stephen B. Bevans,2009 A comprehensive work on doing theology as part of the Catholic ecclesial community in today s world **Dare to Struggle, be Not Afraid** Anne Harris,2003 **Power of Popular Piety** Ambrose Mong,2019-03-04 This book examines the ambivalence of folk Catholicism as a resource to fight against injustice exploitation and oppression Cases are cited to illuminate the value and potential trespasses of popular religious beliefs and practices Over centuries representatives of the powerful middle and upper middle classes did not hesitate to manipulate popular piety to protect their power and privileges In fact much of popular religion still reflects the dominant ideology Popular piety has the potential for liberation against unjust social and economic structures When properly guided this practice can broaden and deepen political consciousness

and mobilize people to act Without a strong level of political consciousness as well as liberative evangelization popular religion will be alienating to the poor while strengthening the status quo of the rich and the powerful This study argues that it will be the elites the well educated and committed Christians not the masses who would foster the transformation of society
