## **Life Here And After:**

**After the Act** Mavis Maclean, John Eekelaar, 2019-04-18 After the Act describes the aftermath of the recent removal under LASPO of public funding from legal services in family matters other than in defined cases such as child protection and domestic abuse Through analysis of the policy context interviews with key players observation of services provided by lawyers students lay support workers and the advice sector the authors outline the work being done and the skills being used in a range of settings The book raises questions not only about access to family justice but about the role of law in family matters in an increasingly post legal society Fragmentation of the market in the new services offering information initial advice online or alternative dispute resolution but rarely ongoing casework raises questions about where costs fall and how quality can be assured Many of these services are forms of private ordering where outcomes are hard to assess If neither the state nor the individual can afford full legal services where the best interests of any child involved are of paramount importance and lawyers negotiate to make best use of the resources available perhaps it is time to consider using lawyers differently with lay support to solve problems before they become disputes

career But the whirligig is slowing shadows are gathering over Europe and the good times are almost over Morland Place is threatened by the worst disaster of its history and the Old World reaches out a hand to pluck Polly from the New The Wall Street Crash brings the fabulous decade to a shattering close and nothing will ever be quite the same again but new shoots emerge from the ruins hope is reborn and the Morlands prove again that family is everything and will endure **The Works of William Paley ...
