Miller's journey started in the vibrant heart of Las Vegas where she was raised amidst the glitz and grit of the casino world. After graduating from UNLV with a focus on international business and quantitative business statistics, Ariel entered the public handicapping scene, setting unprecedented records with her daily video picks on social media. Her consistent success in the NFL, MLB, NBA, WNBA, and NCAA has earned her recognition as one of the most accurate and reliable figures in wagering, gaining attention from major media outlets. Her reach isn't confined to sports betting. Her first book, *Infrared Illuminated: A User's Guide to the Science of Far Infrared Energy*, has made waves in the scientific community by bridging the gap between biophysics and practical applications. This multidisciplinary approach is evident in her betting strategies, where she applies scientific rigor to the art of wagering. In her latest book, *Sports Betting Illuminated: An AI Powered Path to Profit*, Ariel delves into the intersection of AI and sports wagering, offering a comprehensive guide to understanding and leveraging technology. A strategist and innovator, Ariel challenges the status quo by employing Game Theory and cutting-edge AI applications to redefine the wagering industry. Through detailed explanations and practical insights, Ariel offers readers a unique blueprint to wager with the house, not against it, leveraging the sportsbooks' tools for consistent profits. Whether you're a novice or a seasoned bettor, *Sports Betting Illuminated* will turn the odds in your favor. **Mensa Guide to Casino**

Gambling Andrew Brisman, 2004. The runaway winner as the best overall gambling encyclopedia written in the past 20 years. Detroit Free Press. Walk away from every casino a winner. Take it from Mensa, the society for people with high IQs: you don't have to be a genius to triumph at the tables. Here's the inside line on the games and bets that give the best advantage. Do you know whether to split a pair of aces in blackjack, which slot machines carry the worst payback for the player, and why losses are more significant at video than live keno? Beat the bank by understanding all this and more, including odds and probability, the house edge, money management, and gambling psychology. The chips will just pile up. The author lives in New York, NY.

Card Games Properly Explained Arnold Marks, 2010-11-02. Do you turn down invites to poker games because you don't know the rules? Then *Card Games Properly Explained* is the book for you. Arnold Marks's handbook will teach you not only what you need to know to play the game, but how to play to win. He will teach you Whist and its variations, Solo and Napoleon Poker, and its variations like Seven Card Stud and Deuces Wild. Cribbage, Rummy, the forefather of Gin Rummy, and Canasta among others, and more. Written for the novice player and to help players looking for a book to decisively settle arguments with clear understandable rules, *Card Games Properly Explained* is a great book to have on hand in any game room.

Betting the Line Richard O. Davies, Richard G. Abram, 2001. A study of gambling, particularly sports gambling, and how it has thrived in American culture. According to Davies and Abram, the culture of betting results from two complementary influences in American society: risk-taking and speculation. This is the first effort by academic writers to describe and interpret the history of sports wagering in the United States. Although many books have been written about how to bet and win, *Betting the Line* presents a serious history of this popular activity in Colonial and Civil War eras to today, from early

betting on horse racing and baseball to the modern venues of basketball and football By considering topics as diverse as the business of a bookie the expansion of legalized gambling and the increase in popularity of televised sports the authors offer readers an insightful look into a practice that has become commonplace in American popular culture In a mere seventy years the number of states where gambling is legal jumped from one to forty eight Yet Nevada remains the only state where sports betting is legal This book challenges many long standing myths and stereotypes that revolve around the enterprise arguing that sports gambling is reflective of the American free enterprise culture Winning Methods of Bluffing & Betting in Poker Lynne Taetzsch, 2004 There s an easier way to win at poker than memorizing all the mathematical possibilities of every hand you draw It s called playing smart While most people concentrate on deciding what to do with the hand they ve been dealt playing smart means paying more attention to what the other players are doing the choices they make and their personal reactions Take control of every hand by using these tactics of intimidation and concealment to master the total situation at the table Learn the subtle clues leaked by even the most poker faced opponents as over time they tip their hand about how they strategize hands maximize their strengths and hide their weaknesses It s easy to perfect these proven bluffing techniques and start winning more than you ever thought possible You even get advice on how to apply your newfound bluff and bluster to demand a raise or face down a troublemaker
