Flight From Famine:

Flight from Famine Donald MacKay, 2009-03-23 Winner of the 1991 QSPELL Prize for Non fiction One of Canada's founding peoples the Irish arrived in the Newfoundland fishing stations as early as the seventeenth century By the eighteenth century they were establishing farms and settlements from Nova Scotia to the Great Lakes Then in the 1840s came the failures of Ireland's potato crop which people in the west of Ireland had depended on for survival And that wrote a Sligo countryman was the beginning of the great trouble and famine that destroyed Ireland Flight from Famine is the moving account of a Victorian era tragedy that has echoes in our own time but seems hardly credible in the light of Ireland's modern prosperity The famine survivors who helped build Canada in the years that followed Black 47 provide a testament to courage resilience and perseverance By the time of Confederation the Irish population of Canada was second only to the French and four million Canadians can claim proud Irish descent

The Aesthetics and Politics of Global Hunger Anastasia Ulanowicz, Manisha Basu, 2018-02-14 This collection investigates modern imperialist practices and their management of hunger through its punctuated distribution amongst asymmetrically related marginal populations Drawing on relevant material from Egypt Ireland India Ukraine and other regions of the globe The Aesthetics and Politics of Global Hunger is a rigorously comparative study made up of ten essays by well established scholars from universities around the world Since modernity we have been inhabitants of a globe increasingly connected through discourses of equal access for all humans to the resources of the planet but the volume emphasizes alongside this reality the flagrant politicization of those same resources From this emphasis the essays in the volume place into relief the idea that ideological and aesthetic discourses of hunger could inform ethical thinking and practices about who or what constitutes the figure of the modern historical human

The Great Shame Thomas Keneally, 2010-09-22 Thomas Keneally recounts history with the uncanny skill of a great novelist whose only interest is to lay bare the human heart in all its hope and pain As he was able to do in Schindler's List he shows us in The Great Shame a people despised and rejected to the point of death who in the face of all their sorrows manage to keep their souls This story

of oppression famine and emigration a principal chapter in the story of man's inhumanity to man becomes in Keneally's hands an act of resurrection Irishmen and Irishwomen of a century and a half ago live once more within the pages of this book Thomas Cahill author of *How the Irish Saved Civilization* In the nineteenth century Ireland lost half of its population to famine emigration to the United States and Canada and the forced transportation of convicts to Australia The forebears of Thomas Keneally author of *Schindler's List* were victims of that tragedy and in *The Great Shame* Keneally has written an astonishing monumental work that tells the full story of the Irish diaspora with the narrative grip and flair of a great novel Based on unique research among little known sources this masterly book surveys eighty years of Irish history through the eyes of political prisoners including Keneally's ancestors who left Ireland in chains and eventually found glory in one form or another in Australia and America We meet William Smith O'Brien leader of an uprising at the height of the Irish Famine who rose from solitary confinement in Australia to become the Mandela of his age Thomas Francis Meagher whose escape from Australian captivity led to a glittering American career as an orator a Union general and governor of Montana John Mitchel who became a Confederate newspaper reporter gave two of his sons to the Southern cause was imprisoned with Jefferson Davis and returned to Ireland to become mayor of Tipperary and John Boyle O'Reilly who fled a life sentence in Australia to become one of nineteenth century America's leading literary lights Through the lives of many such men and women famous and obscure some heroes and some fools most a little of both all of them stubborn acutely sensitive and devastatingly charming we become immersed in the Irish experience and its astonishing history From Ireland to Canada and the United States to the bush towns of Australia we are plunged into stories of tragedy survival and triumph All are vividly portrayed in Keneally's spellbinding prose as he reveals the enormous influence the exiled Irish have had on the English speaking world A terrible and personal saga history delivered with a scholar's density of detail but with the individualizing power of a multi talented novelist William Kennedy *The Irish* Robert E. Kennedy Jr., 2024-03-29 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1973 [The American Irish](#) Kevin Kenny, 2014-07-22 *The American Irish A History* is the first concise general history of its subject in a generation It provides a long overdue synthesis of Irish American history from the beginnings of emigration in the early eighteenth century to the present day While most previous accounts of the subject have concentrated on the nineteenth century and especially the period from the famine 1840s to Irish independence 1920s *The American Irish A History* incorporates the Ulster Protestant emigration of the eighteenth century and is the first book to include extensive coverage of the twentieth century Drawing on the most innovative scholarship from both sides of the Atlantic in the last generation the book offers an extended analysis of the conditions in Ireland that led to mass migration and examines the Irish immigrant

In Praise of the Minor Character Grace Pregent,2023-10-19 Minor characters are everywhere in novels They linger with readers and invite us into the untold aspects of their lives They fill a text s landscape bringing depth to its ecosystem and encourage us to shift our thoughts from textual centers to margins and even to consider the minor elements of our own experiences Minor characters challenge us to hold oppositional perspectives rethink interdependencies and reimagine textual and lived relationships In many ways we identify with minor characters and yet we lack a nuanced way of understanding them This work is about minor characters and the qualities of minorness in Victorian novels It offers casual readers and scholars alike a method of reading and rereading for minor characters that extends across genres

and economy **Problems, Promises, and Paradoxes of Aid** J. Oloka-Onyango, Nicolas van de Walle, 2014-11-10 This book is an anthology of essays contributing new scholarship to the contemporary discourse on the concept of aid It provides an interdisciplinary investigation of the role of aid in African development compiling the work of historians political scientists legal scholars and economists to examine where aid has failed and to offer new perspectives on how aid can be made more effective Questions regarding the effectiveness of aid are addressed here using specific case studies The question of ownership is examined in the context of two debates 1 to what extent should aid be designed by the recipient country itself and 2 should aid focus on need or performance That is should donors direct aid to the poorest countries regardless of their policies and governance or should aid reward countries for doing the right thing The future of aid is also addressed should aid continue to be a part of the development agenda for countries in sub Saharan Africa If so how much and what type of aid is needed and how it can be made most effective The major criticism against aid is that it cripples the recipient country's economic growth by turning it into a passive receiver in addition it has been noted that aid is mostly supply driven depending upon donors rather than the actual needs of recipients For this reason aid may not meet the goals for which it was intended To meet the needs of the communities they want to help donors should work through consultation and a measure of recipient ownership Donors need to understand context to protect human rights and to be guided by principles of social and environmental justice Other suggested strategies for making aid more effective include peer review self assessment the empowerment of women encouraging accountability investing in agriculture helping smallholder subsistence farmers introducing ethical and professional standards for civil service and raising the competence of civil servants **The Canadian Journal of Irish Studies** ,2003 Dissent, Revolution and Liberty Beyond Earth Charles Cockell, 2016-03-10 This volume provides an in depth discussion on the central question how can people express and survive dissent and disagreement in confined habitats in space The discussion is an important one because it could be that the systems of interdependence required to survive in space are so strong that dissent becomes impossible John Locke originally said that people have a right to use revolution to overthrow a despotic regime But if revolution causes violence and damage that causes depressurisation with the risk of killing many people is it even permissible to have a revolution How then are people to express their liberty or dissatisfaction with their rulers The emergence of structures of dissent and disagreement is an essential part of the construction of a framework of liberty in space revolution is just the extreme example and thus the topic deserves in depth and immediate attention Even today the way in which we assemble organisations and corporations for the government and private exploration of space must take into account the need for mechanisms to allow people to express dissent **The Magical Body** Richard Eves, 2014-01-09 An intriguing exploration of the role and significance of the body in the world of a Pacific Islands People the Lelet of New Ireland Papua New Guinea In vivid ethnographic detail the monograph captures the fluidity and complexity of Lelet conceptions of corporeality and their significance to identity as they encounter

the influences of modernity in the form of colonialism Christianity and cash cropping The author examines the importance of the body to constructions of identity and difference and its role in the constitution of place and space The book provides a richly detailed ethnographic study of magical belief and the body whilst paying particular attention to the polyvalent meanings of bodily images and metaphors as they are used in numerous contexts of magic *Beyond the Headlines* Hiram A. Ruiz, 1988 In the Horn of Africa the prolonged stay of thousands of refugees most of whom have lived in exile since the late 1970s is creating negative repercussions both for refugees and for the countries of asylum This situation has led to cases of forced repatriation and has made it increasingly difficult for new asylum seekers to gain recognition of their refugee status In addition the famine which struck again in late 1987 and early 1988 has given rise to a new wave of famine victims which has complicated the already difficult situation for refugees in the Horn This report seeks to promote a better understanding of the complex situation in the Horn of Africa by presenting the historical context for many of the problems in the region today The author details the specific circumstances that led to each refugee group to seek asylum in neighbouring countries and discusses the problems facing both refugees and governments in the countries of asylum In addition the author presents contrasting perspectives on the causes of famine in Ethiopia Finally suggestions are made for alleviating the suffering of the people in the Horn The author recommends actions to be taken by governments international organizations and concerned individuals to help improve the situation of the refugees the relations between refugee and local host communities and the ability of countries of asylum to provide assistance
