Future Remembered:

Remember the Future Gerald W. Keucher, 2006-02 Keucher's primer on sound asset management encourages leaders of congregations to remember the future when they're making decisions so that the needs of the present are balanced against what's best for the long term

Remember the Future Robert Schnase, 2012-05-01 Explore together how congregations can change to become more fruitful for the purposes of Christ Remember the Future Praying for the Church and Change prepares leaders of congregations and conferences for courageous new conversations with readings that draw us toward renewed vision cultivate hope and keep us attentive to the mission of Christ Read together as leadership teams boards and covenant groups to understand more clearly the why of congregational ministry and the internal resistances and external challenges to the mission of the church

I Remember the Future Michael A. Burstein, 2008 The award-nominated stories in this collection will bring memories of the future flooding back Two new stories and all new afterwords enliven the past with a touch of the present and that which is yet to come You don't need a collection of antique spaceships or a carefully calibrated time machine to share the memories of the final Holocaust survivor You don't have to jump through the gate between universes in search of a lost friend All you have to do is open your eyes You'll remember the future The future remembers you

The Coming of God Jürgen Moltmann, Margaret Kohl, 2004-07-27 Winner of Grawemeyer Award In this remarkable and timely work in many ways the culmination of his systematic theology world-renowned theologian Jürgen Moltmann stands Christian eschatology on its head Moltmann rejects the traditional approach which focuses on the End as an apocalyptic finale as a kind of Christian search for the final solution He centers instead on hope and God's promise of new creation for all things Christian eschatology he says is the remembered hope of the raising of the crucified Christ so it talks about beginning afresh in the deadly end Yet Moltmann's novel framework deeply informed by Jewish and messianic thought also fosters rich and creative insights into the perennially nettling questions of eschatology Are there eternal life and personal identity after death How is one to think of heaven hell and purgatory What are the historical and cosmological dimensions of Christian hope What are its social and political implications In a heartbreakingly fragile and fragment world Moltmann's comprehensive eschatology surveys the Christian vista bravely envisioning our horizons of expectation for personal social even cosmic transformation in God

Remember the Future: Learn the Success of Commitment Maurice Talley, 2019-04-30 Remember the Future is a candid and insightful guide for the average person to find their own success by identifying and maneuvering through the mental obstacles of everyday life The author hopes to show the reader through vicarious examples that hope is never lost in this often negative and difficult world we live in The philosophy of Remember the Future is timeless advice for anyone trying to return lost confidence in one's self or even to help someone find their confidence for the first time in their lives He also wants the reader to know that by having spiritual beliefs initiative and commitment within yourself success and achievement are only one positive thought away

Chandler,2001-11 PSI or parapsychological phenomena have been investigated by serious researchers for well over a century Despite some diehard skeptics the existence of PSI has now been solidly established by competent scientists using the most rigorous methodologies Yet a complete understanding of the phenomena of telepathy precognition clairvoyance and psychokinesis has remained elusive for two reasons First a new worldview was needed to replace the outdated materialism assumed by so many scientists and philosophers That view Mental Realism was developed in Keith Chandler s last book The Mind Paradigm A Unified Model of Mental and Physical Reality Second a thorough review of the evidence for PSI was required to expose the erroneous assumptions that had hindered its theoretical progress That task has been successfully undertaken by the author enabling him to entitle this book simply PSI What it is and How it works With this book Keith Chandler has now brought us full circle from the clockwork sensory bound world of Descartes and Newton to an understanding of our universe as a manifestation of purposeful intelligent psychic energy He has also finally removed parapsychology from the category of the occult and placed it where it belongs in the domain of legitimate science **Love**
