with a storyteller My father was more entertaining than any of the television personalities I have remembered the joy of listening to his stories and retained the messages long after the life of his words The stories in this book were heard in meetings sermons retreats or simply told by a friend and are stories that touched me personally in my recovery and have sustained me through the years helping me work anew the twelve step program I offer this book as a tool to help in the use of the twelve steps The book is my personal interpretation of the steps It is my hope that it will benefit you in your personal journey of recovery
