*Adult Bible Studies Fall 2018 Student [Large Print]*, 2018-07-17

Fall Theme: God's World and God's People. Matthew, Luke, Romans 2, Corinthians, Colossians, Nehemiah. This fall, our lessons come from the Book of Genesis, the book of beginnings. Through its pages, God is revealed as the Creator, Sustainer, Judge, and Redeemer who brought all things into being. Our lessons survey God's creation of the universe, earth, and people. The writer for the student book is Jack Gilbert; the writer for the teacher book is Von Unruh. God Created the World. The first three lessons in this unit concentrate on God's creating the universe, earth, and people, and then declaring all things created good. Although God created and sustains all life, humankind is special to God and unique. Lesson Four explores how God established the institution of marriage and the process of reproduction in order to populate the earth. Lesson Five explains how humankind chose to do wrong and thus introduced sin into God's perfectly created world. God Destroys and Re-Creates. The first two lessons in this unit present Noah and his family as righteous followers of God who help repopulate and restore the earth after the destruction caused by the great Flood. The last two lessons feature the biblical couples Abraham and Sarah, and Isaac and Rebekah, who worked with God in the cycle of continuing creation. God Blesses and Re-Creates. Regardless, in the last unit, the first lesson explores how God blessed humble Isaac in enemy territory. The next three lessons consider how Jacob deceitfully obtained the blessing God had already destined for him, later established a right relationship with God, and finally was blessed by God to marry and produce children with the wife he loved and for whom he long labored. Hundreds of thousands of students and teachers use Adult Bible Studies each week in Sunday school classes, mid-week Bible studies, and other small group settings.
