Lady Windermere's Fan Oscar Wilde, 2013-09-26 Beautiful aristocratic and adored wife and young mother Lady Windermere is a fascinating puritan whose severe moral code leads her to the brink of social suicide. The only one who can save her is the mysterious Mrs Erlynne whose scandalous relationship with Lord Windermere has prompted her fatal impulse. And Mrs Erlynne has a secret a secret Lady Windermere must never know if she is to retain her peace of mind Lady Windermere's Fan Oscar Wilde, 2021-02-09 Lady Windermere misinterprets her husband's interest in an older woman Mrs Erlynne causing a rift that could lead to both marital and societal ruin. Lady Windermere's Fan is an intriguing tale that examines intention versus outcome in a world driven by perception. Lady Windermere is a young wife who is concerned by her husband's connection to the mysterious Mrs Erlynne. She believes the woman is a threat to her marriage and livelihood. Despite her husband's denial, Lady Windermere decides to entertain the attention of another suitor Lord Darlington. In the heat of the moment she engages in reckless behavior that could cause irreparable damage to her name. A sudden act of kindness from an unexpected source spares Lady Windermere a harsh fate. Like many of Wilde's works, Lady Windermere's Fan highlights the hypocrisy and oppression of high class society. It creates an environment of secrets that can free or destroy its keepers. This is a thought provoking story with a resounding message. With an eye catching new cover and professionally typeset manuscript, this edition of Lady Windermere's Fan is both modern and readable Lady Windermere's Fan Wilde O., 1997 XIX Lady Windermere's Fan Oscar Wilde, 2022-09-28 Reproduction of the original Lady Windermere's Fan - A Play about a Good Woman Oscar Wilde, 2009-05 INTRODUCTION The early Chinese believed that jade had an immortality of its own and was impervious to decay. For them, there was no substance nobler, purer, more durable, more pre-eminently suitable for the fashioning of religious emblems and the embodiment of dogma. Round jade as round a kernel, the whole body of early Chinese civilisation crystallised. And yet they were not the first discoverers or users of jade for the Babylonians made seal cylinders of jade and Professor Elliott Smith believes that the Turkestan jade mountains and rivers were first worked by miners from Mesopotamia who passing on legends about the magical qualities of jade infected the Chinese with their beliefs. From the third millennium he says the mines on the S E of the Caspian were being exploited and contact was established between Babylonians, Elamites and the population of Turkestan. But however early the contacts assumed or established, we can state truthfully that the Chinese made jade particularly and everlastingly their own.

embodying in it their traditions their religion their administrative system They may have derived their belief in the life giving properties of jade from the Elamites or have come to attach a magical value to its presence from the Babylonian miners but for neither of these peoples was it the vehicle of supernatural beliefs and penetrate as far back as we may into pre history we cannot find a time in China in which jade was not used for religious purposes What perhaps emphasises the peculiar position of jade in Chinese culture is the fact that other early peoples used jade although for them it had no significance greater or even as great as gold or pearls Jade was dug and worked in many parts of Europe Hatchets have been found in Switzerland nephrite celts in South Italy and France Germany Dalmatia and Hungary Jade celts too were discovered by Schliemann at Hissarlik but by no people save the Chinese has jade been made the nucleus and the shrine of a civilisation although its use was distributed in Turkestan Persia Siberia India Lake Baikal and Japan and to a minor degree the substance was prized by most Asiatic peoples It is only during the last two decades that collectors have begun to realise the enormous importance of jade Dr Laufer broke new ground when in 1912 he published his great work *xde A Study in Chinese Archzology and Religion* His object in writing this book was rather ethnological than artistic He himself calls it a contribution to the *l Anthropology*
