On the Very Edge Ian Kinane, 2025-01-15 On the Very Edge Bidentities in Michelle Cliff's Fiction uses the life and work of bisexual biracial and bicultural author Michelle Cliff 1946 2016 to develop an entirely new approach to intersectional cultural race and gender sexuality studies that prioritizes bi-ness as a methodological tool The book focuses not simply on bisexuality biracialism or biculturalism as isolated identity concepts rather it explores the very nature of these intersectional identity categories as configured by Cliff The text therefore represents a reclamation of bi-identity in Cliff's work as a much broader cultural and not just sexual or racial category arguing that Cliff's spaces and or stages of bi-ness are in themselves significant in understanding contemporary global identity politics as well as in navigating complex and often damaging identity constructs Michelle Cliff partnered with poet Adrienne Rich and passing as white had an often invisible sexuality and cultural identity Yet her acclaimed work *Abeng* *No Telephone to Heaven* *Bodies of Water* *If I Could Write This in Fire* *Free Enterprise* and others demonstrates the intersections between bisexuality biracialism and biculturalism in often profound ways Drawing on original research interviews diaries editorials and other correspondences *On the Very Edge* will have far reaching implications in the understanding of complex Caribbean identity politics and intersectional race gender and sexuality studies at large *Look Behind You* Sarah Haley Head, 2003-10 Horror descends on the small town of Ashley Springs Arkansas when the slaughter of some of its most respected business men begins Amy Bordeaux owner of an antique shop discovers the body of the second victim She has a precognitive flash of another murder not yet committed Amy is unable to convince Sheriff Frank Morgan of the validity of her vision Another man is murdered exactly as she saw it Frank who knew all three victims as young men believes that past events in their lives have come back to haunt them He secretly thinks that Amy's precognition is real and is afraid she will identify the killer before he can make an arrest Frank decides to confront the person he believes to be guilty Later his deputies report him missing Amy desperate to stop both the visions and the killings has begun her own investigation She is unaware that the killer is watching her every

move When she stumbles upon the sheriff's body in a most unexpected place Amy is forced to accept the unacceptable when the killer stands before her She literally runs for her life The Land of Look Behind Michelle Cliff, 1985 Sensuous spare language exploring color race and love in the Third World from the author's Jamaican perspective Land Law Concentrate Victoria Sayles, 2016 Land Law is a high quality revision guide which covers the key topics found on undergraduate courses A number of pedagogical features help with the preparation for exams and suggest ways to improve marks *Land Law* Rebecca Kelly, Emma Hatfield, 2017-07-14 Problem Based Learning is a way of learning that presents a practical problem scenario in the context of which learning is conducted Normally students are taught law through the transmission of information about legal principles and not presented with problems until they have accumulated enough information to solve them In PBL discussion and analysis of the problem starts the process of learning rather than acting as an end point As a curriculum concept it is becoming increasingly common in law schools as the use of problem scenarios helps to trigger awareness of legal issues and to engage interest by highlighting the real world ramifications This new textbook creates a fresh approach to learning land law through the use of scenarios found in real life which bring what is often perceived to be a dry and difficult subject to life This helps both to engage the student and make the subject more accessible as well as demonstrating to students how land law actually operates in the real world Land Law is often seen as an esoteric subject with lots of technicalities and complex vocabulary and students often forget the context in which it operates With Land Law A Problem Based Approach context is placed at the heart of learning Students are learning through application rather than via an abstract set of rules and can therefore gain a deeper understanding of how land law works not just what it is Unlike other textbooks Land Law A Problem Based Approach integrates a thorough exposition of the law with practice facilitating a more active learning approach and helping students to engage directly with the key cases and statutes to develop key skills of analysis problem solving and application Written in a clear and concise style but without sacrificing detail or analysis the book guides the reader towards a deeper understanding of the land law curriculum Key features include An introductory chapter outlining the problem based learning approach and how to use the book Content overviews at the start of each chapter which provide a useful outline of the chapter's content and the key principles PBL scenarios at the start of each chapter which provide the real life context to each topic and help to familiarise readers with the legal language and style they will encounter Together with the relevant supporting documents these scenarios are referenced and integrated throughout the chapter let's put this into context boxes which require students to apply the law that they have learnt back to the problem scenario and offer opportunities to reflect and consolidate on the content covered Essential Cases and Essential Statutes boxes reinforce the essential role of cases and legislation in the development and application of land law and help students identify key cases and legislation for revision purposes Understanding Terminology boxes and an online glossary help students to get to grips with the technical terms and vocabulary unique to land law Tables and diagrams explain difficult

concepts and rules ideal for visual learners Tips and notes highlight key issues and make links between different aspects of the law without interrupting the flow of the text Specimen exam style questions are ideal for revision and help to provide opportunities to apply learning and practice exam technique The Living Age ,1924 **Don't Look Behind You!** Peter Allison,2009-09-01 Incredible true tales from a world renowned safari guide and celebrated author Romantic notions aside being a safari guide isn't always particularly enjoyable or glamorous Quite often it is beset with challenges like having to spend a night in a thorn tree with marauding hyenas below But safari guide Peter Allison lives for such moments Here the author of the widely praised *Whatever You Do Don't Run* details his time spent in safari camps not only in Botswana but also in South Africa Mozambique and Namibia places he loves despite how much it feels like they might just be trying to kill him In *Don't Look Behind You* Allison recounts adventures few would live to tell Like the time he and a group of bored guides launched a makeshift raft into a foaming flooded river teeming with hippos and crocodiles Or the afternoon he heard monkeys telling him that a leopard was walking around the camp and then realized the leopard was in his tent with him in it In addition to relating his encounters with animals Allison shares the stories of those tourists who have long been pushing him toward early retirement Normally respectful of all his fellow creatures no matter how many feet they have Allison fantasizes about leaving one in particular behind on the Skeleton Coast a place that receives less than half an inch of rain a year and is patrolled by lions and hyenas Join Peter Allison for another riveting rollicking behind the scenes dose of everyone's dream experience going on safari and come through amazed but thankfully without a scratch *Film & Video News* ,1984
