Federal Communications Commission,2007 *The Irish Ecclesiastical Record* ,1922 **The Revelation**

**Record** Henry M. Morris,1983 The author believes the book of Revelation was written to show those things which are to come to pass not to obscure them in a maze of symbols and dark sayings His verse by verse treatment provides valuable insights for the scholar and layman **Noah's Ark and the Genesis 10 Patriarchs** Ross Marshall,2018-04 Literate world history took shape during the course of the third millennium BCE chiefly in the Mesopotamian land of Sumer There is a vast difference between the way secular scholars process this data and the way believers in the Bible can and should process it By accepting at face value both the chronological perspective of the Bible and the high longevities of the Noahic patriarchs biblicists can make sense of Sumerian data and revolutionize the image of world history at its source This book details the genealogical comparisons of all the nations mythological pantheons with the Genesis Chapter 10 list of post flood patriarchs and establishes a foundation for building a true history of mankind 420 pp **The Genesis Record** Henry M. Morris,1989

**Creation and Evolution in the Early American Scientific Affiliation** Mark A. Kalthoff,2021-10-17 Originally published in 1995 Creation and Evolution in the Early American Scientific Affiliation is the tenth volume in the series Creationism in Twentieth Century America reissued in 2021 The volume comprises of original primary sources from the American Science Affiliation a group formed following an invitation from the president of the Moody Bible Institute in Chicago in answer to the perceived need for an academic society for American Evangelical Scientists to explicate the relationship between science and faith The society confronted the debate between creation and evolution head on leaving a paper trail documenting their thoughts and struggles This diverse and expansive collection includes 53 selections that appeared during the organisation s first two decades and focuses on the encounter between science and American evangelicalism in the twentieth century in particular the debates surrounding the ever increasing preference for evolutionary theory The collection will be of especial interest to natural historians and theologians as well as academics of philosophy and history

**One Man One Woman** Craig Stellpflug,2017-06-20 One Man One Woman takes an in depth look at the marriage relationship of one man and one woman and how it reflects the beauty of Christs relationship with his church One Man One Woman is a book about what was in Gods mind as he made the first man and the first woman and subsequently how we can discover the closest relationship possible with both God and spouse In this book we explore how pornography adultery homosexuality and judging one another breaks the oneness relationship and distracts us from focusing on what we should be focusing on that is spreading the Gospel and calling others to repentance and a turning away from sin One Man One Woman is also about learning how to handle some of the many relationship challenges we face as imperfect beings living in an ever

corrupting world While Christianity seemingly slumbers on sexual identity is becoming a matter of subjective preference and choice rather than birthright and blessing Traditional marriage is ever weakening under fire and conventional sex is taking a back seat to alternative sexual exploration Consequently divorce rates are accelerating and Christian marriage values are succumbing into a minority view But God had a plan in the beginning and marriage was and still is an integral part of that plan In the Gospel of John Jesus uses an Eastern wedding custom when announcing he was leaving to prepare a place for you thus signaling the beginning of the end the impending wedding ceremony and the imminent start of eternity with him People get ready Jesus is returning soon *The Bodleian Quarterly Record* ,1917 **The Methodist Review** ,1897 **The**

**Remarkable Record of Job** Dr. Henry M. Morris,2000-04-01 Far from being an engaging fable the account of Job in the bible is one of the most historically and scientifically accurate records of the ancient world Perhaps the oldest book in the Bible the book of Job touches on many subjects of science and history This commentary on the controversial Book of Job is very different from most of the seminary and church teachings so prevalent today for it attests to the historicity of a man named Job who understood at the end of his life that God cannot be figured out but He can most certainly be trusted

*Quest for Discovery* Richard Carl Bright,2001-09-01 In 1985 researchers found Titanic resting on the ocean floor and the international buzz continues Now is there evidence that the worlds other famous ship is perched on the snowy slopes of turkey s Mt Ararat Is Noah s ark myth or reality Veteran explorer Richard Bright has spent two decades investigating the claims for the wooden vessel mentioned in the Bible Over a dozen expeditions to the site and countless hours in research make Bright an authority on the ship Genesis says preserved the life of eight humans and a cargo of animals during a global cataclysm This incredible book details the dramatic climbs political intrigue and sheer danger involved in a quest for the greatest archaeological treasure of all time Never before seen photographs expedition accounts and persuasive evidences point to a massive manmade abject hidden on remote Mt Ararat Read *Quest for Discovery* and make up your own mind

*Abraham—Called by God* Witness Lee,2024-01-19 Abraham was the same as we are today He never dreamed of being called by God Suddenly while he and his relatives were in Chaldea worshipping other gods the God of glory appeared to him This appearing was a great attraction enabling him to come out of his fallen background and accept God s calling Although Abraham answered God s call he did not do so immediately nor absolutely Although he learned to live by faith he had serious failures along the way He followed God in a way not unlike us all Eventually he was brought to know grace for the fulfillment of God s purpose In a remarkable commentary on the life of Abraham from the book of Genesis Witness Lee presents Abraham as a genuine man not unlike us all fallen but called by God Like him we have seen the glory of God in the face of Jesus Christ and have been attracted to follow Him Like him we must learn the lessons of faith through trials testing and failure in order to enter into the promises and blessings of God Abraham Called by God taken from the Life study of Genesis presents a unique and vital view of the father of our faith *Biblical Creationism* Dr Henry Morris,2022-04-19 THE

DOCTRINE OF CREATION DOESN'T REALLY MATTER OR DOES IT The history of creation is sprinkled all throughout Scripture not just described in Genesis 1 and 2 The same goes for the Flood account in Genesis 6-9 But why does this matter Dr Morris shows that piecing together all these bits of scriptural information reveals how badly the secular world has misinterpreted the scientific evidence The doctrine of creation is so foundational to the Christian worldview and this book helps us understand why This study strives to convince Christians everywhere that they must abandon all compromise theories of creation and return to the simple Genesis record of supernatural six day creation Recognize that biblical authors accept creation and the Flood as true history Discover how Scripture supports a recent creation and a global Flood Examine the impossibility of evolution

**The Battle for the Beginning** John F. MacArthur, 2005-03-20 The battle lines have been drawn Is the enemy winning Thanks to the theory of evolution writes best-selling author John MacArthur naturalism is now

the dominant religion of modern society Less than a century and a half ago Charles Darwin popularized the credo for this secular religion Naturalism has now replaced Christianity as the main religion of the Western world and evolution has become its principal dogma Many Christians who claim to believe that the Bible is God s revealed truth seem willing to allow modern scientific theories to replace the Genesis account of creation Such compromises present a conspicuous danger Bible teacher and pastor John MacArthur believes that in Genesis 1 3 we find the foundation of every doctrine that is essential to the Christian faith the vital underpinnings for everything we believe The Battle for the Beginning draws a clear line on today s theological landscape Everything in Scripture that teaches about sin and redemption assumes the literal truth of the first three chapters of Genesis If we wobble to any degree on the truth of this passage John MacArthur insists we undermine the very foundations of our faith
