L'affaire Kravtchenko:

The Kravchenko Case Gary Kern, 2013-10-18 Victor Kravchenko the most discussed Soviet defector at the height of the Cold War , *The Case for Auschwitz* Robert Jan van Pelt, 2016-03-23 From January to April 2000 historian David Irving brought a high profile libel case against Penguin Books and Deborah Lipstadt in the British High Court charging that Lipstadt's book *Denying the Holocaust* 1993 falsely labeled him a Holocaust denier The question about the evidence for Auschwitz as a death camp played a central role in these proceedings Irving had based his alleged denial of the Holocaust in part on a 1988 report by an American execution specialist Fred Leuchter which claimed that there was no evidence for homicidal gas chambers in Auschwitz In connection with their defense Penguin and Lipstadt engaged architectural historian Robert Jan van Pelt to present evidence for our knowledge that Auschwitz had been an extermination camp where up to one million Jews were killed mainly in gas chambers Employing painstaking historical scholarship van Pelt prepared and submitted an exhaustive forensic report that he successfully defended in cross examination in court [Return from the Archipelago](#) Leona Toker, 2000 Comprehensive historical survey and critical analysis of the vast body of narrative literature about the Soviet gulag Leona Toker organizes and characterizes both fictional narratives and survivors memoirs as she explores the changing hallmarks of the genre from the 1920s through the Gorbachev era Toker reflects on the writings and testimonies that shed light on the veiled aspects of totalitarianism dehumanization and atrocity Identifying key themes that recur in the narratives arrest the stages of trial imprisonment labor camps exile escapes special punishment the role of chance and deprivation Toker discusses the historical political and social contexts of these accounts and the ethical and aesthetic imperative they fulfill Her readings provide extraordinary insight into prisoners experiences of the Soviet penal system Special attention is devoted to the writings of Varlam Shalamov and Aleksandr Solzhenitsyn but many works that are not well known in the West especially those by women are addressed Consideration is also given to events that recently brought many memoirs to light years after they were written [Political Survivors](#) Emma Kuby, 2019-03-15 In 1949 as Cold War tensions in Europe mounted French intellectual and former Buchenwald inmate David Rousset called upon fellow concentration camp survivors to denounce the Soviet Gulag as a hallucinatory repetition of Nazi Germany's most terrible crime In *Political Survivors* Emma Kuby tells the riveting story of what followed his appeal as prominent members of the wartime Resistance from throughout Western Europe united to campaign against the continued existence of inhumane internment systems around the world The International Commission against the Concentration Camp Regime brought together those originally deported for acts of anti-Nazi political activity who believed that their unlikely survival incurred a duty to bear witness for other victims Over the course of the next decade these pioneering activists crusaded to expose political imprisonment forced labor and other crimes against humanity in Franco's Spain Maoist China French Algeria and beyond Until now the CIA's secret funding of Rousset's movement has remained in the shadows Kuby reveals this clandestine

arrangement between European camp survivors and American intelligence agents She also brings to light how Jewish Holocaust victims were systematically excluded from Commission membership a choice that fueled the group's rise but also helped lead to its premature downfall The history that she unearths provides a striking new vision of how wartime memory shaped European intellectual life and ideological struggle after 1945 showing that the key lessons Western Europeans drew from the war centered on the camp imagined first and foremost as a site of political repression rather than ethnic genocide Political Survivors argues that Cold War dogma and acrimony tied to a distorted understanding of WWII's chief atrocities overshadowed the humanitarian possibilities of the nascent anti concentration camp movement as Europe confronted the violent decolonizing struggles of the 1950s

Evil in Contemporary French and Francophone Literature Scott M. Powers, 2010-10-12 Evil remains a primary source of inquiry in contemporary literature of French expression even among its most secular writers In considering French speaking authors from France Belgium the United States the Maghreb and Sub Saharan Africa this collection delineates a rich international perspective on some of the most disturbing events of our time Each essay testifies to the urgency expressed in works of fiction to give an account of human catastrophes from the Shoah and the Rwandan genocide to the terrorist attacks of September 11 and the ongoing oppression of women in Islamic nations Themes underlying this volume include an investigation into the origins of evil its representations in writing and the ethical responsibilities of authors who write on human suffering Contemporary fiction on evil confronts us with fundamental questions Can evil be attributed to intentionality is evil subconscious or is it the result of impersonal forces Which styles of writing are ethically appropriate or effective for depicting evil Can we speak of a veritable poetics of evil shared by contemporary authors When does a literary text on evil become evil In providing informed and nuanced answers to these important questions the scholars engage in crucial theories of psychoanalysis post structuralism and post modernism address a number of issues raised by trauma and genocide studies and draw from critical frameworks in literary theory on testimony the limits of representing the extreme and transgressive writing

From the Other Shore André Liebich, 1997 This book is an inquiry into the possibilities of politics in exile Russian Mensheviks driven out of Soviet Russia and their party stripped of legal existence functioned abroad in the West in Berlin Paris and New York for an entire generation For several years they also continued to operate underground in Soviet Russia Bereft of the usual advantages of political actors the Mensheviks succeeded in impressing their views upon social democratic parties and Western thinking about the Soviet Union The Soviet experience through the eyes of its first socialist victims is recreated here for the first time from the vast storehouse of archival materials and eyewitness interviews The exiled Mensheviks were the best informed and most perceptive observers of the Soviet scene through the 1920s and 1930s From today's perspective the Mensheviks analyses and reflections strikingly illuminate the causes of the failure of the Soviet experiment This book also probes the fate of Marxism and democratic socialism as it tracks the activities and writings of a remarkable group of men and women including Raphael Abramovitch

Fedor and Lidia Dan David Dallin Boris Nicolaevsky Solomon Schwarz and Vladimir Woytinsky entangled in the most momentous events of this century Their contribution to politics and ideas in the age of totalitarianism merits scrutiny and their story deserves to be told

The ICJ and the Evolution of International Law Karine Bannelier,Théodore Christakis,Sarah Heathcote,2012-03-12 In 1949 the International Court of Justice ICJ handed down its first judgment in the Corfu Channel Case In diffusing an early Cold War dispute the Court articulated a set of legal principles which continue to shape our appreciation of the international legal order Many of the issues dealt with by the Court in 1949 remain central questions of international law including due diligence forcible intervention and self help maritime operations navigation in international straits and the concept of elementary considerations of humanity The Court s decision has been cited on numerous occasions in subsequent international litigation Indeed the relevance of this judgment goes far beyond the subject matter dealt with by the Court in 1949 extending to pressing problems such as trans boundary pollution terrorism and piracy In short it was and remains a thoroughly modern decision a landmark for international law and one which today warrants reconsideration Taking a critical approach this book examines the decision s influence on international law generally and on some fields of international law like the law of the sea and the law of international responsibility specifically The book collects the commentary of a distinguished set of international law scholars including four well known international judges The contributors consider not only the history of the Corfu Channel Judgment and its contribution to the development of international law but also its resonance in many contemporary issues in the field of international law This book will be of particular interest to academics and students of International Law International Relations and Legal History

The Moral Witness Carolyn J. Dean,2019-04-15 The Moral Witness is the first cultural history of the witness to genocide in the West Carolyn J Dean shows how the witness became a protagonist of twentieth century moral culture by tracing the emergence of this figure in courtroom battles from the 1920s to the 1960s covering the Armenian genocide the Ukrainian pogroms the Soviet Gulag and the trial of Adolf Eichmann In these trials witness testimonies differentiated the crime of genocide from war crimes and began to form our understanding of modern political and cultural murder By the turn of the twentieth century the witness to genocide became a pervasive icon of suffering humanity and a symbol of western moral conscience Dean sheds new light on the recent global focus on survivors trauma Only by placing the moral witness in a longer historical trajectory she demonstrates can we understand how the stories we tell about survivor testimony have shaped both our past and contemporary moral culture

Past Imperfect Tony Judt,1992 The uniquely prominent role of French intellectuals in European cultural and political life following World War II is the focus of Tony Judt s newest book He analyzes this intellectual community s most divisive conflicts how to respond to the promise and the betrayal of Communism and how to sustain a commitment to radical ideals when confronting the hypocrisy in Stalin s Soviet Union in the new Eastern European Communist states and in France itself Judt shows why this was an all consuming moral dilemma to a generation of French

men and women how their responses were conditioned by war and occupation and how post war political choices have come to sit uneasily on the conscience of later generations of French intellectuals Judt's analysis extends beyond the writings of fashionable Existentialist personalities such as Jean Paul Sartre Albert Camus and Simone de Beauvoir to include a wide intellectual community of Catholic philosophers non aligned journalists literary critics and poets Communist and non Communist alike Judt treats the intellectual dilemmas of the postwar years as an unfinished history French intellectuals have not fully come to terms with the gnawing sense of what Judt calls the moral irresponsibility of those years The result he suggests is a legacy of bad faith and confusion that has damaged France's cultural standing notably in newly liberated Eastern Europe and which reflects the nation's larger difficulty in confronting its own ambivalent past French Intellectuals Against the Left Michael Scott Christofferson, 2004 Christofferson argues that French anti totalitarianism was the culmination of direct democratic critiques of communism revisions of the revolutionary project after 1956 He offers an alternative interpretation for the denunciation of communism Marxism by the French intellectual left in the late 1970s

La gauche obstinée n'a cessé de cultiver ses précieuses illusions qu'elle retrouve intactes aujourd'hui. En retournant aux sources de cette collaboration en analysant textes et déclarations et prises de position en reprenant le procès que Sartre et ses amis intentèrent à Camus, Claudie et Jacques Broyelle clarifient clairement la scène politique ouverte le 10 mai 1981 et reconstituent les maillons de la chaîne qui jalonnent l'histoire de la capitulation devant le communisme. The Nabokovian, 1999 **Le roman de la gauche** Hervé Bentégeat, 2012-04-05

Ancien journaliste au Point chroniqueur sur le site Slate Hervé Bentégeat est l'auteur de plusieurs essais et romans dont il a adapté la télévision sous le titre *Adieu de Gaulle adieu*. Il a critiqué dans la même collection le *Roman de Prague* **Russia in the Prose of the First-wave Emigration (Paris)**. Elizabeth Sara Yellen, 1998 *Boris Souvarine* Jean-Louis Panné, 1993-01-01T00:00:00+01:00

Souvarine ce nom voque Germinal. Un jeune militant pacifiste et socialiste Boris Lifschitz l'emprunte en 1916 à Émile Zola. Devenu Boris Souvarine, il est l'un des principaux acteurs de la fondation du Parti communiste en France. Lénine lui accorde sa confiance et malgré son indiscipline le hisse aux plus hautes instances de l'Internationale communiste. Pourtant ce jeune révolutionnaire passionné de culture est l'un des tout premiers à rompre en 1924 avec Moscou. Alors commence pour lui une lutte incessante contre la dégradation du bolchevisme, le mensonge et l'impérialisme soviétique. Premier biographe du maître du Kremlin, Staline, après un historique du bolchevisme, 1935, un ouvrage capital, il est conduit par son intrépide critique de l'expérience russe à retrouver les fondements moraux de l'action politique. D'un courage hors du commun, contre-courant de tous les terrorismes intellectuels, il n'a jamais abdiqué même face à Trotski qu'il admirait. Ami de Simone Weil, qu'il influença profondément, attaché au peuple russe, Boris Souvarine, tout au moins essentiel dans un siècle marqué par la complicité des totalitarismes nazi et soviétique, a combattu pendant cinquante ans pour une seule cause, la vérité en politique. Pour réaliser cette première biographie du Premier désemparé du communisme, le jeune historien Jean-Louis Panné, qui a travaillé avec Souvarine, a eu accès à ses archives, recueilli de nombreux témoignages personnels, utilisé une documentation et une correspondance inédites. The United States and the Making of Postwar France, 1945-1954 Irwin M. Wall, 1991-05-31 A study of the American government's influence in France during the critical postwar period.
