analysis and representation **The Fashion Lover's Guide to Milan** Rachael Martin, 2021-04-14 Milan is the European fashion capital with one of the world's most unique luxury fashion districts where the leaders of some of the most exclusive fashion houses are still living and working today. It's the Italian city whose skyline has changed more than any and whose fashion industry has extended to encompass the worlds of design, restaurants, bars, exhibition spaces, hotels, and more. Whether you're looking for designer labels within the city's luxury fashion district, prefer to browse the city's boutiques or pick up some quality vintage at the city's vintage shops and markets, this is the guide that will tell you where to go. Split into geographical sections along with relevant maps, cultural highlights, and suggestions for where to eat and drink, it places Milan as the city of fashion within the context of Italian fashion history and a city that brings the stories of its people to life. Why did Milan become Italy's fashion capital? And what does it offer the fashion lover as a city today? **The Great Fashion Designers** Brenda Polan, Roger Tredre, 2009-11-15 From Charles Frederick Worth to Nicolas Ghesquière, designers have propelled fashion from an elite craft into a cornerstone of contemporary popular culture. This brilliantly written analysis of the achievements of the 50 greatest names in international fashion explores their lives, both personal and professional, drawing on the latest academic research and on the best of fashion journalism, including the authors' own interviews with designers spanning a 30-year period. The designers' working methods and career highlights are outlined in detailed and wittily written entries that capture the spirit of their times. From Poiret and Patou to Gernreich and Galliano, the sometimes provocative selection of 50 names poses stimulating questions about the definition of a fashion designer in the modern era. A ground-breaking book, this is a definitive introduction to fashion designers that is essential reading for both students and general readers alike. **Paris Sketchbook** Jason Brooks, 2013-05-01 Paris Sketchbook is a stunning gift book from leading international fashion illustrator Jason Brooks. Although he is best known for his beautiful fashion imagery which has regularly graced the pages of *Vogue* and *Elle* magazines, travel has been a recurrent theme in his work, and his adventures continue to inspire and inform his visual repertoire. During his time on fashion assignments at the couture shows in Paris, Brooks developed a fascination for the city, drawing and painting beautiful travel journals that demonstrate his passion for all things Parisian. This book is a whimsical take on Paris: part guide book, part illustrated journal, it will appeal to both travellers and fashionistas. Sumptuous production with different stocks and inks will make this a must for anyone who loves fashion illustration and beautiful books.
