Garvaghy A Community Under Siege

Jörg Neuheiser, Stefan Wolff

Garvaghy A Community Under Siege:

Garvaghy Jim McVeigh,1999 What is it like to live in the Garvaghy area not knowing where the violence will come from next or when it will strike What do you do when soldiers prevent you from walking to church How do you deal with colleagues at work who refuse to talk to you Or what do you say to sick and frightened children when you can't afford to send them out of the area Here the people of Garvaghy provide extracts from their diaries and open their photo albums to reveal stories of fear and anxiety of hope and loss and of courage and community organisation

Ulster Unionism and the Peace Process in Northern Ireland C. Farrington,2015-12-04 The politics of Ulster Unionism is central to the success or failure of any political settlement in Northern Ireland This book examines the relationship between Ulster Unionism and the peace process in reference to these questions

Peace At Last? Jörg Neuheiser,Stefan Wolff,2004-01-01 Spanning more than thirty years and costing over 3000 lives the conflict in Northern Ireland has been one of the most protracted ethnic conflicts in Western Europe After several failed attempts to resolve the fundamental differences over national belonging between the two communities in Northern Ireland the Good Friday Agreement of 1998 seemed to offer the long awaited chance of sustainable peace and reconciliation By looking at the various dimensions and dynamics of post conflict peace building in the political system the economy and society of this deeply divided society the contributors to this volume offer a comprehensive analysis of Northern Irish politics and society in the wake of the Good Friday Agreement and conclude that this is probably the best chance for a stable and long term peace that Northern Ireland has had but that the difficulties that still lie ahead must not be underestimated

Conflict at the Interface Bert Preiss,2020-02-18 More than two decades after the Northern Ireland peace agreement conflict still flares between deprived Protestant Unionist Loyalist and Catholic Nationalist Republican working class interface communities who remain divided by numerous peace walls In light of Brexit the Irish border issue and the power sharing impasse progress in local peacebuilding has stalled This might even jeopardise the overall peace process Within this context this book explores largely empirically the nature and causes of conflict at the interface An attempt is also made to provide an outlook on peace in Northern Ireland and to highlight potential lessons for other conflict ridden divided societies

The Legacy of the Good Friday Agreement Charles I. Armstrong,David Herbert,Jan Erik Mustad,2018-09-03 This book provides a multidisciplinary collection of essays that seek to explore the deeply problematic legacy of post Agreement Northern Ireland Thus the authors of this book look at a number of issues that continue to stymie the development of a robust and sustainable peacebuilding project including segregation contested parades and flags ethnic party mobilization and memorialization Towards addressing these contemporary issues authors are drawn from a range of disciplines including politics history literature drama cultural studies sociology and social psychology

Lethal Allies: British Collusion in Ireland Anne Cadwallader,2013-10-25 a well written piece of investigative journalism that asks some deeply troubling questions NY Journal of Books Cadwallader has written a brave powerful and forensically

detailed book about a shameful and denied aspect of our conflict's history The Irish Times Anne Cadwallader's remarkable book focusses on collusion in the British security forces the RUC the British Army and the UDR in the mid Ulster Murder Triangle Over 120 people were killed by a loyalist gang operating in mid Ulster and Cadwallader has created a convincing argument that collusion with certain elements of the security forces was crucial in the committing of these crimes and the lack of proper investigation into many of these crimes The Dublin Reader Farmers shopkeepers publicans and businessmen were slaughtered in a bloody decade of bombings and shootings in the counties of Tyrone and Armagh in the 1970s Four families each lost three relatives in other cases children were left orphaned after both parents were murdered For years there were claims that loyalists were helped and guided by the RUC and Ulster Defence Regiment members But until now there was no proof Drawing on 15 years of research and using forensic and ballistic information never before published this book includes official documents showing that the highest in the land knew of the collusion and names those whose fingers were on the trigger and who detonated the bombs It draws on previously unpublished reports written by the PSNI's own Historical Enquiries Team It also includes heartbreaking interviews with the bereaved families whose lives were shattered by this cold and calculated campaign

ORANGEISM: A HISTORICAL PROFILE Kevin Haddick-Flynn, 2019-11-26 Orangeism A Historical Profile traces the Orange movement from its pre Reformation beginnings in the French principality of Orange to its role in 21st century Ulster This narrative history offers a lucid account which explains how the Orange tradition took root and developed Many important events are examined including the Orange Green controversies of the 19th century the Order's role in the creation of Northern Ireland its influence during the Stormont era and its stance during the Troubles The book also features hard to get data provided on the Order's associated bodies The Apprentice Boys of Derry the Purple Order and the Black Preceptory and provides details of their rituals and lodge practices International Orangeism and the Order's role in popular culture are explained and appraised and the stage is filled with historic figures Meticulously researched and written without malice Orangeism A Historical Profile embodies a reevaluation of accepted views and includes information from unused usually sealed archives Praise for the First Edition At last there is an excellent reliable and absorbing account of Orangeism Eamonn Phoenix The Irish News A thorough and determinedly unbiased account written with great enthusiasm Niall Savage The Sunday Business Post

Political Ideology in Ireland Olivier Coquelin, Patrick Galliou, Thierry Robin, 2020-10-27 First delivered as part of an international conference held at Brest University in November 2007 under the aegis of the Centre de Recherche Bretonne et Celtique CRBC this collection of essays essentially aims at interrogating history in order to better understand the political and ideological complexity of early XXIst century Ireland This complexity reflects in many respects Ireland's uniqueness among the Western European nations Some of the multiple persuasions within the gamut of Irish political ideology from the Enlightenment to the present are thus explored from diverse angles of approach dialectical taxonomic theoretical practical individual collective and through a diverse range of disciplines human sciences

political science social sciences literature philosophy and art history and themes from Jonathan Swift's rhetorical complexity to the evolution of Irish republicanism after 9/11 including the reassessment of Daniel O'Connell's political ideology Owenism in Ireland Oscar Wilde's socialistic ideology the ideological development of the Republican and Loyalist prisoners This unique collection of essays far from being a static historiographical description provides food for thought and sheds light on the fascinating ambivalent dynamics lying at the heart of the building process of a modern nation resulting from the aggregate of individual will collective ideals and Zeitgeist The impressive variety of issues raised by authors of diverse origins United States Ireland Britain France including leading experts in the above mentioned areas Richard English Robert Mahony Jonathan Tonge Kieran Allen John Sloan Christopher Murray Vincent Geoghegan therefore widely contributes to the fact that the present book will be intellectually stimulating and enlightening at least as an introduction for all the students and scholars of Irish studies and other related disciplines The Design of Frontier Spaces Carolyn Loeb, Andreas

Luescher, 2016-03-09 In a globalizing world frontiers may be in flux but they remain as significant as ever New borders are established even as old borders are erased Beyond lines on maps however borders are spatial zones in which distinctive architectural graphic and other design elements are deployed to signal the nature of the space and to guide if not actually control behaviour and social relations within it This volume unpacks how manipulations of space and design in frontier zones historically as well as today set the stage for specific kinds of interactions and convey meanings about these sites and the experiences they embody Frontier zones organize an array of functions to facilitate the passage of goods information and people and to define and control access Bringing together studies from Asia Africa the Middle East Europe and North America this collection of essays casts a wide net to consider borders of diverse sorts Investigations of contemporary political frontiers are set within the context of examinations of historical borders borders that have existed within cities and virtual borders This range allows for reflection on shifts in how frontier zones are articulated and the impermanence of border emplacements as well as on likely scenarios for future frontiers This text is unique in bringing together a number of scholarly perspectives in the arts and humanities to examine how spatial and architectural design decisions convey meaning shape or abet specific social practices and stage memories of frontier zones that no longer function as such It joins and expands discussions in social science disciplines in which considerations of border practices tend to overlook the role of built form and material culture more broadly in representing social practices and meanings Reinventing Ireland Peadar Kirby, Luke Gibbons, Michael Cronin, 2002-04-20 Over the last decade the Irish economy has experienced a period of unprecedented growth which has earned it the title Celtic Tiger This success has been interpreted by academic commentators as marking a social and cultural transformation what some have called the reinvention of Ireland The essays in this book challenge the largely positive interpretation of Ireland's changing social order The authors identify the ways in which culture and society have been made subservient to the needs of the market in this new neoliberal Ireland They draw on subversive strands in

Irish history and offer a broader and more robust understanding of culture as a site of resistance to the dominant social order and as a political means to fashion an alternative future Ireland In The 20th Century Tim Pat Coogan,2009-12-01 Ireland s bestselling popular historian tells the story of contemporary Ireland controversial authoritative and highly readable Tim Pat Coogan s biographies of Michael Collins and DeValera and his studies of the IRA the Troubles and the Irish Diaspora have transformed our understanding of contemporary Ireland and all have been massive bestsellers Now he has produced a major history of Ireland in the twentieth century Covering both South and North and dealing with cultural and social history as well as political this enthralling work will become the definitive single volume account of the making of modern Ireland The Irish American Post Magazine ,1996 **Ireland and the Great War** Adrian Gregory,Senia Paseta,2002-11-23 This volume brings together new research whilst re evaluating older assumptions about the immediate and continuing impact of World War I on Ireland It explores some lesser known aspects of Ireland s war years as well as including studies of more traditional areas Individual articles cover military social cultural political and economic aspects of the Great War as well as reflecting on continuity and change within Irish historiography In doing so they analyze how the experience and memory of the War have contributed to identity formation and the legitimization of political violence Ohio State Journal on Dispute Resolution ,2006 **A Grand Vision** Sid Ryan,2019-04-27 Sid Ryan one of Canada s most courageous influential and progressive union leaders tells the story of his life from his upbringing in Ireland to his leadership of one of Canada s largest unions

The Street as Stage Matthias Reiss,2007 This volume examines the evolution of the protest march and its subsequent adaptation and use by different groups such as nationalists the labour movements suffragettes Communists fascists and peace and civil rights activists in Europe and the United States The Need for New and Acceptable Policy in Northern Ireland United States. Congress. House. Committee on International Relations,1999 Making Peace with the Past? Graham Dawson,2007 This book explores the psychic cultural and political ramifications of memory within the Irish troubles It investigates the traumatic impact of the violence perpetrated since 1969 the antagonistic cultural narratives of memory fashioned and mobilized in this context within public and private arenas and the conflicts paradoxes and contradictions involved in coming to terms with the past both before and during the Irish peace process initiated in 1993 94 It traces the formation from below of competing public narratives one concerned with the ethnic cleansing of Protestants by the Irish Republican Army the other with British state violence on Bloody Sunday and analyses their subjective roots in specific experiences of fear and loss their role in ideological struggle and their complicated relation to private familial and individual remembering **Irish on the Inside** Tom Hayden,2003 Tom Hayden explores the losses wrought by Irish American conformism in his own life and beyond The Irish Parading Tradition T. Fraser,2000-05-15 The book examines the evolution and current significance of the parading tradition in Ireland Since 1995 confrontations over parades have existed side by side with the Northern Ireland peace process The most bitter of these have occurred over the Drumcree church

parade at Portadown and the Relief of Derry parades Using a range of historical and anthropological perspectives the book traces the parading tradition from the seventeenth century to the present
