*Postmodernism of Resistance in Roberto Bolaño's Fiction and Poetry* J. Agustín Pastén B., 2020-12-01 Postmodernism of Resistance in Roberto Bolaño's Fiction and Poetry examines the ways in which Bolaño

employs a type of literary aesthetics that subverts traits traditionally associated with postmodernism Past n B coins these aesthetics postmodernism of resistance and argues that this resistance stands in direct opposition to critical discourses that construe the presence of hopeless characters and marginal settings in Bola o s works as signs of the writer s disillusionment with the political as a consequence of the defeat of the Left in Latin America Rather he contends Bola o creates a fictional world comprised of characters and situations that paradoxically refuse to accept defeat even while displaying the scars of terrible historical events In this work Past n B challenges some critical assumptions about Bola o s fiction and poetry that led to decontextualized interpretations of his work and offers a singularly comprehensive investigation that synthesizes multiple perspectives of a complicated author into one text *Impossible Domesticity* Leila Gómez,2021-10-26 Translated by Robert Weis Travelers from Europe North and South America often perceive Mexico as a mythical place onto which they project their own cultures desires fears and anxieties G mez argues that Mexico s role in these narratives was not passive and that the environment peoples ruins political revolutions and economy of Mexico were fundamental to the configuration of modern Western art and science This project studies the images of Mexico and the ways they were contested by travelers of different national origins and trained in varied disciplines from the nineteenth to the twenty first century It starts with Alexander von Humboldt the German naturalist whose fame sprang from his trip to Mexico and Latin America and ends with Roberto Bola o the Chilean novelist whose work defines Mexico as an oasis of horror In between there are archaeologists photographers war correspondents educators writers and artists for whom the trip to Mexico represented a rite of passage a turning point in their intellectual biographies their scientific disciplines and their artistic practices *The Contemporary Spanish-American Novel* Will H. Robbins,2018-06-29 This collection of essays studies the depiction of contemporary urban space in twenty first century Latin American fiction The contributors to this volume seek to understand the characteristics that make the representation of the postmodern city in a Latin American context unique The

chapters focus on cities from a wide variety of countries in the region highlighting the cultural and political effects of neoliberalism and globalization in the contemporary urban scene Twenty first century authors share an interest for images of ruins and dystopian landscapes and their view of the damaging effects of the global market in Latin America tends to be pessimistic As the book demonstrates however utopian elements or spaces of hope can also be found in these narrations which suggest the possibility of transforming a capitalist dominated living space **Adolfo Bioy Casares** Karl

Posso,2012-11-15 Best known as Jorge Luis Borges s right hand man Adolfo Bioy Casares 1914 1999 was in his own right an inventive writer of considerable skill His works often dismissed summarily as fantastic fiction are now ripe for reassessment This volume looks at Bioy s extensive oeuvre which offers many surprising reflections on the twentieth century s cultural social and political transformations both in Argentina and farther afield Topics covered include Bioy s meditations on isolation and logic and his enduring fascination with the impact of photography on all artistic representation

American nation state have turned into an engine of the state s undoing **Organization 2666** Christian De Cock,Damian O'Doherty,Christian Huber,Sine N. Just,2020-06-15 *Climate Chaos* Trump Brexit Terror the apocalypse looms large in the *Zeitgeist* Could and should this not provide the fulcrum for renewing the imaginative range of organization studies In this volume we bring together scholars who have taken Roberto Bola o s visionary novel 2666 as a starting point for reflections provocations and challenges to established imaginaries How can we cultivate and develop our attention to the violent organization of the world without reproducing more violence Contributors to this edited volume take on this challenge as they seek to break through the various blind spots in the discipline of management and organization studies Bola o s work

opens up hidden and fantastic dimensions in organization and provides alternative spaces and associations for new and bold organizational thinking. Various disturbing self-destructive and abyssal these essays reflect that something that terrifies us all as Bolaño wrote that something that crows and spurs us on. We call this something Organization 2666. **Drugs, Violence and Latin America** Joseph Patteson, 2021-12-01. This book undertakes a psychotropic analysis of texts that deal with the violence of drug trafficking and interdiction especially in Mexico. While most critics of so-called narcoculture have either focused on an aesthetic sobriety in these works or discounted them altogether as exploitative and unworthy of serious attention, *Drugs, Violence and Latin America* illuminates how such work may reflect and intervene in global networks of intoxication. Theorizing a dialectics of intoxication that illustrates how psychotropy may either solidify or destabilize the self and its relationship to the other, it proposes that these tendencies influence human behavior in distinct ways and are leveraged for social control within both licit and illicit economies. A consideration of a countercultural genealogy in Latin America provides a contrastive psychotropic context for contemporary novels that exposes links between narcoviolence and consumerism, challenging our addictions of thought and feeling about ourselves and our relationships to drugs and narco-violence.

**Corregir la muerte** Santiago Rebas, 2022-07-21. Un empuje a la corrección como último bastión de la ilusión de control sobre la trama de la vida da forma en algún sentido al específico sesgo del análisis que se encuentra distribuido en este libro. Santiago Rebas avanza sobre los textos con un arsenal de herramientas textuales, diversos dispositivos de análisis propios del campo psicoanalítico tanto como de la crítica literaria, historiográfica, lingüística. Utiliza esos instrumentos complementarios, acaso contradictorios, prestando atención a lo que cada texto requiere buscando que sea el relato, el discurso que lo interpela, el que conduzca y se aleje de un derrotero. El capítulo borgeano de un fragmentario programa de lecturas retóricas para psicoanalistas, un cuento de Borges donde un oxímoron puede ser el tratamiento de un solecismo, otro donde las oraciones concesivas permiten resolver o no resolver un enigma mortal, uno donde la puesta en escena de un drama literario como libreto produce efectos en la vida de un país o de una persona, un relato que es una máquina de transformación de otros textos tal como sucede en los sueños, la figura de la justificación que se recorta en otro cuento como un modo paradójico de la responsabilidad, el uso de la hipérbole en Borges que encuentra particular resonancia en el psicoanálisis. *Corregir la muerte* es o puede ser todas esas cosas. Como una letanía, *Corregir la muerte* indica una insistencia, da nombre a una búsqueda, a una obsesión que recorre cada palabra del libro, obstinación que como el Zahir amenaza sumergir al buscador en el olvido de todo.
