Gcse Maths Do Brilliantly At S:

GCSE Mathematics - A Pocket Guide for Re-takers and Adults Mick Price, 2024-05-24 As its title suggests this book has been devised by author Mick Price as an essential guide for those revisiting Mathematics at GCSE level. Crafted from years of experience and class tested materials it serves as a unique revision tool tailored for both FE college students and adults seeking to improve their previous grades or refresh long forgotten knowledge. Stripping back the complexities of mathematics this book focuses on the fundamentals needed to achieve a grade 4 without overwhelming its readers with the entirety of KS4 content. GCSE Mathematics promises accessibility and convenience making it an indispensable companion for both classroom learning and self study. Inside you will find a blend of theoretical essentials, practical real life examples and exercises designed for both younger and more mature learners all presented in a straightforward uncondescending manner. GCSE Mathematics is not just a book it is a tool for success always within reach.

The Trouble with Maths Steve Chinn, 2013-07-03 Now in a second edition the award winning *The Trouble with Maths* offers important insights into the often confusing world of numeracy. By looking at learning difficulties in maths from several perspectives including the language of mathematics, thinking styles and the demands of individual topics this book offers a complete overview of the most common problems associated with mathematics teaching and learning. It draws on tried and tested methods based on research and the author's many years of classroom experience to provide an authoritative yet highly accessible one stop classroom resource. Combining advice, guidance and practical activities this user friendly guide will enable you to develop flexible thinking skills, use alternative strategies for pupils to access basic facts, understand the implications of pre-requisite skills such as working memory on learning, implement effective preventative measures before disaffection sets in, recognise maths anxiety and tackle self-esteem problems, tackle the difficulties with word problems that many pupils may have, select appropriate materials to enhance understanding. With useful features such as checklists for the evaluation of books, an outline for setting up an inclusive Maths Department policy and a brand new chapter on materials, manipulatives and communication this book will equip you with the essential skills to tackle your pupils' maths difficulties and improve standards. This book will be useful for all teachers, classroom assistants, learning support assistants and parents who have pupils who underachieve with maths.
