Partridge, 2006-05-02 The definitive work on the subject this Dictionary available again in its eighth edition gives a full account of slang and unconventional English over four centuries and will entertain and inform all language lovers Being and Becoming an Ex-Prisoner Diana Johns, 2017-07-20 Despite broad scholarship documenting the compounding effects and self reproducing character of incarceration ways of conceptualising imprisonment and the post prison experience have scarcely changed in over a century Contemporary correctional thinking has congealed around notions of risk and management This book aims to cast new light on men s experience of release from prison Drawing on research conducted in Australia it speaks to the challenges facing people leaving prison and seeking acceptance amongst the non imprisoned

around the world Johns reveals the complexity of the post prison experience which is frequently masked by constructions of risk that individualise responsibility for reoffending and reimprisonment This book highlights the important role of community in ex prisoner integration in providing opportunities for participation and acceptance Johns shows that the process of becoming an ex prisoner is not simply one of individual choice or larger structural forces but occurs in the spaces in between Being and Becoming an Ex Prisoner reveals the complex interplay between internal and external meanings and practices that causes men to feel neither locked up nor wholly free It will appeal to scholars and students interested in desistance criminology criminological or penological theory sociology and qualitative research methods **A System of**

*Invisible Women* Angela Devlin, 1998 More and more women are being sent to prison at the time when this book was written UK numbers had doubled over the last five years and the Prison Reform Trust called this a rate of increase without precedent in the modern era Indeed the figures for convicted women shows an even greater increase 76% according to the National Association of Probation Officers more than twice the increase for men Though the media focuses on high profile prisoners like Myra Hindley and Rosemary West most women become invisible as soon as they pass through the prison gates and are subsumed into a world that is predominantly masculine and insensitive to their very different needs The author spent

the past five years visiting twelve of the 16 prisons that take women interviewing prisoners and more unusually those whose job it is to care for them prison officers education probation and healthcare staff chaplains and counsellors In a book that is deliberately accessible to the general reader as well as to the prison professional she vividly recreates the realities of prison life for a woman at the end of the twentieth century as conditions worsen with overcrowding staff shortages and expenditure cuts Some of Devlin s findings will shock as well as inform she describes the over use of medication as a means of control the violence resulting from drug misuse the plight of ethnic minority and foreign national women and the self mutilation and suicide attempts of women in desperate need of help

skills based methods for helping offenders cope better with the problems they face in the community finding and keeping work and accommodation managing money and leisure time getting on with other people and in some cases controlling their drinking or violent behaviour Based on an action research project undertaken with nearly four hundred men in Ranby and Ashwell prisons and at the Sheffield day training centre the book outlines the origins of the project the design and development of course materials and the training of prison officers and probation staff to administer them It looks at the characteristics of the men who took part in the experiment and at their problems and details the content and conduct of the courses in practice The results of the work are also reported often in the words of the men who made use of the methods Overall offending rates were not reduced but violent offenders at Ranby were less likely to be re convicted of violent offences after release One of the outcomes of the project was a model for working with offenders which has spread to other prisons and probation areas A final chapter discusses the difficulties of doing innovative work in penal establishments and makes suggestions for developing social skills work with prisoners and probationers
