Four Views of the End Times Timothy Paul Jones,2010-07-21 What does the Bible say about the end times that lead to the return of Jesus Christ The differing ideas that divide believers into four major points of view are examined in this Four Views of the End Times DVD based small group study This new six week study shows four different Revelation timelines and

tackles Dispensational Premillennialism Postmillennialism Historic Premillennialism and Amillennialism For each view the study includes a definition supporting Scriptures a timeline of the view s popularity and a sampling of Christian leaders supporting that view Common questions and answers are handled as part of each session so you don t need to be the expert Note The companion DVD product is available separately ISBN 9781596364240 or UPC 031809109946 A Leader Guide is available separately Common questions and answers are handled as part of each session so you don t need to be the expert to be the leader An optional PowerPoint presentation is also available to provide more in depth information ISBN 9781596363014 or UPC 031809070734 The Complete Kit ISBN 9781596364127 or UPC 031809035436 offers up each of these resources and more About speaker and author Dr Timothy Paul Jones Dr Jones serves as Professor of Leadership and Church Ministry at The Southern Baptist Theological Seminary in Louisville Kentucky End Times Alaska Craig Martelle,2017-02-28 The world is destroyed in a devastating nuclear attack Now Chuck and his family must learn to survive in a harsh new dystopia in Fairbanks Alaska Retired Marine and survivalist Chuck Nagy his brilliant and brave wife Madison and his remarkable children are thrown from the modern world into a dystopian wasteland in the span of a few heartbeats Now it s up to Chuck to build a new life in a post apocalyptic world that becomes more dangerous every day The Nagys do more than simply survive a devastating surprise attack they thrive Together with other survivors the Nagys must rebuild their lives in the Alaskan wilderness and create a better society from scratch But the Russian military is closing in As Chuck leads the survivors through three hundred miles of Alaskan wilderness in a fight for freedom the odds are stacked against them Food is scarce and the weather is brutal In spite of these dire circumstances Chuck must unite the remaining survivors before they all even his own children are forced to pay the ultimate price **End Times** Peter Turchin,2023-06-13 Peter Turchin brings science to history Some like it and some prefer their history plain But everyone needs to pay attention to the well informed convincing and terrifying analysis in this book Angus Deaton winner of the Nobel Prize in Economics From the pioneering co founder of cliodynamics the groundbreaking new interdisciplinary science of history a big picture explanation for America s civil strife and its possible endgames Peter Turchin one of the most interesting social scientists of our age has infused the study of history with approaches and insights from other fields for more than a quarter century End Times is the culmination of his work to understand what causes political communities to cohere and what causes them to fall apart as applied to the current turmoil within the United States Back in 2010 when Nature magazine asked leading scientists to provide a ten year forecast Turchin used his models to predict that America was in a spiral of social disintegration that would lead to a breakdown in the political order circa 2020 The years since have proved his prediction more and more accurate and End Times reveals why The lessons of world history are clear Turchin argues When the equilibrium between ruling elites and the majority tips too far in favor of elites political instability is all but inevitable As income inequality surges and prosperity flows disproportionately into the hands of the elites the common people suffer and society wide efforts to become an elite

grow ever more frenzied He calls this process the wealth pump it s a world of the damned and the saved And since the number of such positions remains relatively fixed the overproduction of elites inevitably leads to frustrated elite aspirants who harness popular resentment to turn against the established order Turchin s models show that when this state has been reached societies become locked in a death spiral it s very hard to exit In America the wealth pump has been operating full blast for two generations As cliodynamics shows us our current cycle of elite overproduction and popular immiseration is far along the path to violent political rupture That is only one possible end time and the choice is up to us but the hour grows late

Understanding the New Testament and the End Times, Second Edition Rob Dalrymple, 2018-04-16 Many evangelicals have come to embrace a populist eschatology that has neither the support of the historical church nor of the scholarly world today For some this has led to a disillusionment with eschatological speculations For others the results are apathy and a failure to understand the mission of God s people This is tragic For when the entirety of the New Testament is read and understood from an eschatological perspective the grand narrative of Scripture and its fulfillment in Jesus comes clearly into focus A proper framework for understanding eschatology directly correlates to a proper understanding of the mission of God s people who are themselves carrying forth the biblical story as we approach the New Jerusalem To fail to comprehend eschatology is to fail to comprehend our mission This book has two objectives First to provide a proper hermeneutical framework from which we may discern a biblical eschatological worldview Second to demonstrate that a proper eschatological framework relates to the mission of God s people and the demand for holiness Thus eschatology matters

Apocalypse Revisited: A Critical Study on End Times Melis Mulazimoglu Erkal, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2015 Mankind s fascination with the Apocalypse is not new Starting from the Hindu notions of Kali Yuga to 2012 Phenomenon Apocalypse has been a part of our lives in the form of a cultural formation natural threat fictional entity ideological construct political fear or catastrophic end Apocalyptic discourses underline how one culture perceives and reflects pain trauma loss and fear as well as indicating the ability to face and get ready for disaster This inter disciplinary and academic study aims to discuss the end of the world in multiple contexts where the popularity of apocalypse always reigns In the scope of this work readers will see the multi dimensional nature of the Apocalypse referring more to progress rather than end or beginning an in between situation a becoming a formation local yet global phenomenon a product of fantasy plus a constructed reality both an object of consumption and life consuming mechanism an ideological presence in the absence of larger meta narratives

Beekeeping in the End Times Larisa Jašarević, 2024-03-05 Every hundred years as the story goes two angels wonder out loud whether the bees are still swarming For as long as the bees are swarming the angels are reassured the world holds together Still the tale suggests the angels live in anxious anticipation of the End Local beekeepers in Bosnia and Herzegovina retell the old tale with growing unease as their honeybees weather the ground effects of climate change Beekeeping in the End Times relates extreme weather events and quieter disasters that

have been altering honey ecologies across Bosnia and Herzegovina since 2014 While world wide endangerment of pollinators and bees in particular has been the subject of much global concern effects of climate change on the indispensable honeybees remain understudied Drawing on a five year long study the book suggests that local apiarists field observations resonate with many climate biologists concerns and speculations about the future of plant bee relations on the warming planet Local practice also adds to the record complex and puzzling trends that make honey scarce in otherwise lush biodiverse landscapes To Bosnian Muslims honeybees are more than pollinators They are inspired beings whose honey is another form of divinely revelation To appreciate the meaning of honeybees and to grasp the dire ecological catastrophe underway Ja arevi reads contemporary environmental writings and Sufi texts she listens to the seasoned beekeepers and collects local wisdom tales From start to finish Ja arevi pores over key Islamic texts the Quran and the Hadith and their popular retellings The Islamic end times lore the book proposes holds surprising lessons on how to live and strive in the not yet stalling the apocalypse
