By: Walt Whitman

I hear America singing, the varied carols I hear,  
Those of mechanics, each one singing his as it should be blithe  
and strong,  
The carpenter singing his as he measures his plank or beam,  
The mason singing his as he makes ready for work, or leaves off  
work,  
The boatman singing what belongs to him in his boat, the deck-  
hand singing on the steamboat deck,  
The shoemaker singing as he sits on his bench, the hatter singing  
as he stands,  
The woodcutter's song, the ploughboy's on his way in the morn-  
ing, or at noon intermission or at sundown,  
The delicious singing of the mother, or of the young wife at work,  
or of the girl sewing or washing,  
Each singing what belongs to him or her and to none else,  
The day what belongs to the day—at night the party of young  
fellows, robust, friendly,  
Singing with open mouths their strong melodious songs.

## **I Cant Hear America Singing:**

"I Hear America Singing" Rachel Clare Donaldson, 2014-09-26 Folk music is more than an idealized reminder of a simpler past. It reveals a great deal about present day understandings of community and belonging. It celebrates the shared traditions that define a group or nation. In America, folk music from African American spirituals to English ballads and protest songs renders the imagined community more tangible and comprises a critical component of our diverse national heritage. In *I Hear America Singing*, Rachel Donaldson traces the vibrant history of the twentieth century folk music revival from its origins in the 1930s through its end in the late 1960s. She investigates the relationship between the revival and concepts of nationalism, showing how key figures in the revival, including Pete Seeger, Alan Lomax, Moses Asch, and Ralph Rinzler, used songs to influence the ways in which Americans understood the values of the culture and the people of their own nation. As Donaldson chronicles how cultural norms were shaped over the course of the mid twentieth century, she underscores how various groups within the revival and their views shifted over time. *I Hear America Singing* provides a stirring account of how and why the revivalists sustained their culturally pluralist and politically democratic Americanism over this tumultuous period in American history.

*I Can't Hear America Singing*, **The Musical Monitor**, 1917 *Recreation*, 1918 **Hear America Sing** Earl Martin Pedersen, 1990 *Playground and Recreation*, 1918 *The Hatred of Poetry* Ben Lerner, 2016-06-07 No art has been denounced as often as poetry. It's even bemoaned by poets. I too dislike it, wrote Marianne Moore. Many more people agree they hate poetry, Ben Lerner writes, than can agree what poetry is. I too dislike it and have largely organized my life around it and do not experience that as a contradiction because poetry and the hatred of poetry are inextricable in ways it is my purpose to explore. In this inventive and lucid essay, Lerner takes the hatred of poetry as the starting point of his defense of the art. He examines poetry's greatest haters, beginning with Plato's famous claim that an ideal city had no place for poets who would only corrupt and mislead the young, and both its greatest and worst practitioners, providing inspired close readings of Keats, Dickinson, McGonagall, Whitman, and others. Throughout, he attempts to explain the noble failure at the heart of every truly great and truly horrible poem: the impulse to launch the experience of an individual into a timeless communal existence. In *The Hatred of Poetry*, Lerner has crafted an entertaining, personal, and entirely original examination of a vocation no less essential for being impossible.
