**of a Deadbeat Dad** Vito LaGuido, 2020-09-08 If getting emotional is something you don t want to happen then reading this book is something you don t want to do because an emotional rollercoaster will be a direct understatement of what you will experience as your heart rattles and the words jump from the page in this real life diary If you think what you have to give is too much for this book so will be what is written inside It will be too much for you Forbidden from book clubs and anyone under the age of 18 without permission from their parents to read this may be your only opportunity to divulge in it So if you are thinking about waiting to read this you are not thinking at all It s currently not available in brick and mortar stores because it would be too expensive to plastic wrap each book to keep every ones lustful eyes off of the secrets within these pages If you are looking for a book with proper grammar and excellent spelling you have come to the wrong place as the Author once received an F in English class So if you are looking to read words from a literary genius you might as well go back in time because this modern day mock up won t make the cut If there is anything I CAN promise you it is that it won t be anything like you are thinking There is only one way not to find out that is by not reading it So keep your money and don t get the book because I don t need your money and you don t need the book or do you But I will stop there because it s not my job to convince you to read this in fact I don t even have a job **The Sportswriter** Richard Ford, 1995-06-13 In this
