I Found It At The Jcb Scholars Sources:

I Found it at the JCB John Carter Brown Library,1996 **The Venetian Discovery of America** Elizabeth Horodowich,2018-09-06 Few Renaissance Venetians saw the New World with their own eyes As the print capital of early modern Europe however Venice developed a unique relationship to the Americas Venetian editors mapmakers translators writers and cosmographers represented the New World at times as a place that the city s mariners had discovered before the Spanish a world linked to Marco Polo s China or another version of Venice especially in the case of Tenochtitlan Elizabeth Horodowich explores these various and distinctive modes of imagining the New World including Venetian rhetorics of firstness similitude othering comparison and simultaneity generated through forms of textual and visual pastiche that linked the wider world to the Venetian lagoon These wide ranging stances allowed Venetians to argue for their different but equivalent participation in the Age of Encounters Whereas historians have traditionally focused on the Spanish conquest and colonization of the New World and the Dutch and English mapping of it they have ignored the wide circulation of Venetian Americana Horodowich demonstrates how with their printed texts and maps Venetian newsmongers embraced a fertile tension between the distant and the close In doing so they played a crucial yet heretofore unrecognized role in the invention of America *The Early English Caribbean, 1570-1700 Vol 1* Carla Gardina Pestana,Sharon V Salinger,2021-12-16 This four volume collection brings together rare pamphlets from the formative years of the English involvement in the Caribbean Texts presented in the volumes cover the first impressions of the region imperial rivalries between European traders and settlers and the experience of day to day life in the colonies Volume 1 Conceptualizing the West Indies The texts in this volume chart the growth of English interest in the West Indies as seen through the publications of the time Beginning with the Spanish discovery and colonization there followed reports of Spanish cruelty Gradually the English started to make incursions into the area and this new era of colonization is reflected in the sources Later publications document the landscape of the islands the native inhabitants and the other settlers who began to arrive **The Early English Caribbean, 1570-1700 Vol 2** Carla Gardina Pestana,Sharon V Salinger,2021-12-16 This four volume collection brings together rare pamphlets from the formative years of the English involvement in the Caribbean Texts presented in the volumes cover the first impressions of the region imperial rivalries between European traders and settlers and the experience of day to day life in the colonies Volume 2 Fitting into the Empire This volume documents the political situation in the Caribbean within the context of imperial rivalries The Spanish tried to repulse all other newcomers and by the 1660s territorial disputes between the English the French and the Dutch were commonplace Eventually English French Dutch Portuguese and Spanish territories were established ushering in a new era of small colonial outposts Trading networks were built up with sugar becoming the main export and the source of both wealth and controversy Documents attest to the strong feelings provoked by the high duty on sugar as well as giving an insight into the day to day problems of managing plantations New territories required new systems of

governance Issues surrounding these were reported and discussed in various publications aimed at an English readership Printed compilations of colonial laws also gave readers back in England the chance to gain insights into the whole legal framework needed to meet the needs of Caribbean settlements **Converging Worlds** Louise A. I Found it at the JCB John Carter Brown Library,1996 Keter Arthur Green,2014-07-14 *Keter* is a close reading of fifty relatively brief Jewish texts tracing the motif of divine coronation from Jewish esoteric writings of late antiquity to the Zohar written in thirteenth century Spain In the course of this investigation Arthur Green draws a wide arc including Talmudic Midrashic liturgical Merkavah German Hasidic and Kabbalistic works showing through this single theme the spectrum of devotional mystical and magical views held by various circles of Jews over the course of a millennium or more The first portion of the work deals with late antiquity emphasizing the close relationship between texts of what is often depicted as normative Judaism and their mystical magical analogues The mythic imagination of ancient Judaism he suggests is shared across this spectrum The latter portion of the work turns to the medieval Jews who inherited this ancient tradition and its evolution into Kabbalah where keter plays a key role as the first of the ten divine emanations or sefirot The nature of these sefirot as symbols and the emergence of a structured and hierarchical symbolism out of the mythic imagery of the past are key themes in these later chapters As a whole *Keter* takes the reader on an exciting tour of the interior landscapes of the Jewish imagination offering some remarkable insights into the nature of mystical and symbolic thinking in the Jewish

tradition Originally published in 1997 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *European Review of Latin American and Caribbean Studies*, 1997 **John the Baptist** Catherine M. Murphy, 2003 Examines how and why the authors of the first three Gospels shaped the story of John the Baptist around the story of Jesus Careful comparison of these foundational texts yields not only the perspectives of the Synoptic authors but also a provisional sketch of the historical figure of the Baptist which is then placed within the religious political and economic context of first century C E Judea Special attention is given to the interface between John and the Qumran community that scholars have proposed ever since the Dead Sea Scrolls were discovered **The Oxford Handbook on the Sources of International Law** Samantha Besson, Jean D'Aspremont, Séverine Knuchel, 2017 This Oxford Handbook examines the sources of international law how the understanding of sources changed throughout the history of international law how the main legal theories understood sources the relationship between sources and the legitimacy of international law and how sources differ across the various sub areas of international law

Narrative Elements in the Double Tradition Stephen Hultgren, 2014-11-27 For a long time mainstream gospel scholarship has assumed that the so called Q material the double tradition in Matthew and Luke represents a document or tradition that was almost exclusively orientated towards the sayings of Jesus of Nazareth with little interest in a narrative about him This book argues on the contrary that the narrative material in the double tradition existed from the very beginning within a coherent Jesus narrative that ran from his baptism to his passion Far from being inserted by Matthew and Luke into the framework of Mark the double tradition is structured on the very same narrative framework as the Gospel of Mark a framework that predates Mark Conventional dichotomies in gospel origins the historical Jesus and the history of early Christianity are thus drawn into question **Jeremiah 26-52** Carolyn Sharp, 2021-11-22 This commentary illumines Jer 26 52 through historical literary feminist and postcolonial analysis Ideologies of subjugation and resistance are entangled in the Jeremiah traditions The reader is guided through narratives of extreme violence portrayals of iconic allies and adversaries and complex gestures of scribal resilience Judah's cultural trauma is refracted through prose that mimics Neo Babylonian colonizing ideology dramatic scenes of survival and poetry alight with the desire for vengeance against enemies The commentary's historical and literary arguments are enriched by insights from archaeology feminist translation theory and queer studies **Sources and Interpretations** Lawrence H. Schiffman, 2025-06-16 This volume brings together over forty of Schiffman's Studies on Ancient Judaism that have helped to shape this emerging field Throughout these studies display a wide ranging perspective bringing together all kinds of sources written or archaeological to illuminate ancient Judaism and

its complex history Topics explored include the history of the Jews and Judaism in Late Antiquity the Bible in Jewish tradition ancient Jewish thought law and liturgy magic and mysticism relation of the Dead Sea Scrolls to Rabbinic Literature Judean Desert texts and Judaism and Christianity The volume concludes with studies of the work of several modern rabbis and academic scholars The First World War and the Mobilization of Biblical Scholarship Andrew Mein,Nathan MacDonald,Matthew A. Collins,2019-02-07 This fascinating collection of essays charts for the first time the range of responses by scholars on both sides of the conflict to the outbreak of war in August 1914 The volume examines how biblical scholars like their compatriots from every walk of life responded to the great crisis they faced and with relatively few exceptions were keen to contribute to the war effort Some joined up as soldiers More commonly however biblical scholars and theologians put pen to paper as part of the torrent of patriotic publication that arose both in the United Kingdom and in Germany The contributors reveal that in many cases scholars were repeating or refining common arguments about the responsibility for the war In Germany and Britain where the Bible was still central to a Protestant national culture we also find numerous more specialized works where biblical scholars brought their own disciplinary expertise to bear on the matter of war in general and this war in particular The volume s contributors thus offer new insights into the place of both the Bible and biblical scholarship in early 20th century culture Johannine Studies 1975-2017 Francis J. Moloney,2017-03-13 The voice of Francis J Moloney has been heard in Johannine studies for many decades This volume gathers shorter journal articles from a publishing career that began in 1975 placing them together with new studies that appear for this first time and thus complementing Moloney s already well known commentary and scholarly monographs on the Fourth Gospel The author s work has encompassed all areas of Johannine scholarship the world that produced and first received the Fourth Gospel its theology and Christology and critical analysis of much discussed passages Well known for his extensive use of narrative and reader response criticism Francis J Moloney has in more recent years developed an interpretation of the gospel which suggests that the author s of this narrative regarded their work as the completion of scripture This unique collection therefore not only provides the past publications of a significant Johannine scholar but also reflects the development of Johannine scholarship from 1975 until today Synagogues in the Works of Flavius Josephus Andrew R. Krause,2017-02-13 In Synagogues in the Works of Flavius Josephus Andrew Krause analyses the place of the synagogue within the cultural and spatial rhetoric of Flavius Josephus Engaging with both rhetorical critical methods and critical spatial theories Krause argues that in his later writings Josephus portrays the Jewish institutions as an important aspect of the post Temple pan diasporic Judaism that he creates Specifically Josephus consistently treats the synagogue as a supra local rallying point for the Jews throughout the world in which the Jewish customs and Law may be practiced and disseminated following the loss of the Temple and the Land Conversely in his earliest extant work Bellum judaicum Josephus portrays synagogues as local temples in order to condemn the Jewish insurgents who violated them *I Found it at the JCB (John Carter Brown Library)* ,1996

Approaches to the 'Chosen Place' Rannfrid I. Thelle, 2014-04-10 Deuteronomy's command to restrict cultic practice to one chosen place has occupied a central position in scholars' understandings of the book and their reconstruction of Israelite political and religious history. The debates about the date of Deuteronomy, its proposed connections to Josiah's reform, and most profoundly the Deuteronomistic History (DH) hypothesis have dominated study of the idea of chosen place. These debates have to a large extent determined how we read Deuteronomy and the Former Prophets in general. Through a reading of key texts from these corpora, this book provides a new textually grounded perspective of the chosen place.

The Gospel of John Francis Moloney, 2005-06-01 Recognized as an innovative interpreter of the Gospel of John for decades, Francis J. Moloney has approached the sacred literature in a way that attends both to the details of the text and to the several contexts that gave life to the original story. This text and context approach continues to enrich the reading and interpretation of the Gospel in today's world. *Gospel of John: Text and Context* gathers Francis Moloney's key studies on John's Gospel written over the course of his career. The three sections of the work comprise studies of Johannine history, theology, and research; exegetical studies ranging across all parts of the Johannine narrative; and an exploration of how the Fourth Gospel came to be understood as sacred Scripture.
