

A silhouette of a wind turbine stands against a vibrant sunset sky. The sky transitions from a deep orange near the horizon to a darker, muted purple at the top. Wispy clouds are scattered across the lower half of the frame, catching the low light. The wind turbine's three blades are clearly visible, extending into the upper left portion of the image. The overall mood is serene and contemplative.

I Like Red:

Red or Blue, I Like You! (Sesame Street) Sarah Albee, 2020-11-24 A sweet story about diversity and acceptance starring Sesame Street's Elmo. In this wonderful book about acceptance and diversity, Elmo becomes friends with a blue monster named Angela. Unlike on Sesame Street where monsters of all colors live, Angela's neighborhood only has blue monsters. The new friends soon learn that red monsters and blue monsters may look different on the outside but they are very much alike on the inside. The subtle messages within the story will help young children to be more accepting and inclusive when it comes to people who look and or think differently than they do. Sesame Workshop, the nonprofit educational organization behind Sesame Street, aims to help kids grow smarter, stronger, and kinder through its many unique domestic and international initiatives. These projects cover a wide array of topics for families around the world. [The Young Woman's Journal](#), 1901

God Chats Carole Harris, 2005-06 In God Chats, you will find that God is your Father with whom you can talk to about anything that is on your heart. It can be something big in your life that causes great concern or something that you feel is very insignificant in your thinking. If it is important to you, it is important to God because you are His child.

ABC'S for Bully Prevention, Simple as 1-2-3 Mark Johnson, 2014-12-20 Bullying and victimization are not new. They have been around since the beginning of time. ABCs for Bully Prevention Simple as 1-2-3 corresponds to the letters of the alphabet to words that relate to victimization, bullying, and intervention. Words are simple yet relevant, a toolbox of different ideas and principles that can be used by all ages: students, teachers, parents, children, preachers, parishioners, correctional workers, law enforcement, supervisors, and employees to educate themselves and others. Concepts challenge the reader to develop an out-of-the-box perspective on how to approach bullying and reduce its negative effects. Author's personal opinion is that children are not born to hate; they are taught to hate. Use this book to reverse that cycle. **No Perfect People**

Allowed John Burke, 2005 How do we live out the message of Jesus in today's ever-changing culture? The church is facing its greatest challenge and its greatest opportunity in our postmodern, post-Christian world. God is drawing thousands of spiritually curious, imperfect people to become his church, but how are we doing at welcoming them? No Perfect People Allowed shows you how to deconstruct the five main barriers standing between emerging generations and your church by creating the right culture. From inspiring stories of real people once far from God to practical ideas that can be applied by any local church, this book offers a refreshing vision of the potential and power of the Body of Christ to transform lives today. We now are living in a post-Christian America, and that means we must be rethinking ministry through a missionary mindset. What makes this book both unique and extremely helpful is that it is filled with real-life stories of post-Christian people becoming followers of Jesus, not just statistics or data about them. Dan Kimball, Author, The Emerging Church, John's get it factor with people lost or found is something to behold. Reading this book filled me with optimism regarding the next generation of pastors and faith communities. Bill Hybels, Senior Pastor, Willow Creek Community Church, No Perfect People.
