## I Macchiaioli:

**I macchiaioli** Silvestra Bietoletti, Istituto veneto di scienze, lettere ed arti, 2008      Nineteenth Century Painters and Painting Geraldine Norman, 2023-12-22      Painting and Sculpture in Europe 1780-1880 Fritz Novotny, 1995-01-01 From the Classicism of Jacques Louis David to the Realism of Courbet and the Early Impressionism of Renoir this book outlines the course taken by painting and sculpture in Europe during the 19th century Faced with the untidy sprawl of individualism which followed the French Revolution and threw up isolated geniuses like Goya the author nevertheless charts the currents in what was predominantly a century of Naturalism and also whilst artists were increasingly preoccupied with the inner man of great landscape painting when Friedrich Corot and the Impressionists proper added light and atmosphere to the former achievements of the great Dutch masters      *Gustave Caillebotte and the Fashioning of Identity in Impressionist Paris* Norma Broude, 2002 Once neglected Gustave Caillebotte 1848 1894 a painter associated with the French Impressionists has become the subject of intense public interest and renewed scholarly debate With a series of exhibitions showcasing his work Caillebotte s enigmatic paintings have begun to exert an unexpected fascination for postmodern audiences and have become rich sites for interpretive debate      *The Art of the Macchia and the Risorgimento* Albert Boime, 1993-05-15 During the 1860s and 70s more than a decade before the development of French Impressionism Italy produced a group of avant garde artists whose fervently nationalist paintings anticipated some of Impressionism s theoretical concerns These artists were called Macchiaioli because they based their technique on a quickly rendered macchia or sketch In the first extended sociopolitical interpretation in English of this important group Albert Boime places the Macchiaioli in the cultural context of the Risorgimento the political movement that unified Italy freed from foreign rule under a secular constitutional government Anglo American art criticism has generally neglected these painters probably because of their overt political affiliation and nationalist expression but Boime shows that these artists while deeply political nevertheless created aesthetically superior work Boime s study departs from previous research on the Macchiaioli by systematically investigating the group s writings sources and patronage in relation to the Risorgimento The book also examines both contemporary and later critical responses revealing how French art criticism has obscured the achievements of Macchiaioli art Richly illustrated *The Art of the Macchia and the Risorgimento* will appeal to anyone interested in nineteenth century European art or the history of Italy

*The Italian Presence in American Art, 1760-1860* Irma B. Jaffe, 1989 Annotation Sixteen essays examine aspects of American art that owe a debt to Italy and Italian artists A central theme is the tension between perceptions of Italy as a mythic presence the visual incarnation of spirit and a contrasting ambivalence felt by many Americans about the cultural ties binding them to Europe despite their political independence With some 200 illustrations 36 in color Not indexed Pre publication price 49 95 until 12 31 90 Annotation c 2003 Book News Inc Portland OR booknews com      **Barcelona 2004 - Edges of Experience: Memory and Emergence** Lyn Cowan, The stimulating program featured clinical artistic historical

**Republics and empires** Melissa Dabakis, Paul H. D. Kaplan, 2021-08-17 Republics and empires provides transnational perspectives on the significance of Italy to American art and visual culture and the impact of the United States on Italian art and popular culture Covering the period from the Risorgimento to the Cold War it reveals the complexity of the visual discourses that bound two relatively new nations together It also gives substantial attention to literary and critical texts that addressed the evolving cultural relationship between Italy and the United States While American art history has tended to privilege French British

and German ties these chapters highlight a rich body of contemporary research by Italian and American scholars that moves beyond a discussion of influence as a one way directive towards a deeper understanding of cultural transactions that profoundly affected the artistic expression of both nations      *Serial Revolutions 1848* Clare Pettitt,2022 Shows how a series of revolutions that erupted across Europe in the mid to late 1840s were crucial to the creation of modern ideas of constitutional democracy citizenship and human rights      *Hearings* United States. Gardner Coates,Kenneth D. S. Lapatin,Jon L. Seydl,Cleveland Museum of Art,Musée national des beaux-arts du Québec,2012 Destroyed yet paradoxically preserved by the eruption of Mount Vesuvius in A D 79 Pompeii and other nearby sites are usually considered places where we can most directly experience the daily lives of ancient Romans Rather than present these sites as windows to the past however the authors of The Last Days of Pompeii Decadence

Apocalypse Resurrection explore Pompeii as a modern obsession in which the Vesuvian sites function as mirrors of the present Through cultural appropriation and projection outstanding visual and literary artists of the last three centuries have made the ancient catastrophe their own expressing contemporary concerns in diverse media from paintings prints and sculpture to theatrical performances photography and film This lavishly illustrated volume featuring the works of artists such as Piranesi Fragonard Kaufmann Ingres Chassériau and Alma Tadema as well as Duchamp Dal Rothko Rauschenberg and Warhol surveys the legacy of Pompeii in the modern imagination under the three overarching rubrics of decadence apocalypse and resurrection Decadence investigates the perception of Pompeii as a site of impending and well deserved doom due to the excesses of the ancient Romans such as paganism licentiousness greed gluttony and violence The catastrophic demise of the Vesuvian sites has become inexorably linked with the understanding of antiquity turning Pompeii into a fundamental allegory for Apocalypse to which all subsequent disasters natural or man made are related from the San Francisco earthquake of 1906 to Hiroshima Nagasaki 9 11 and Hurricane Katrina Resurrection examines how Pompeii and the Vesuvian cities have been reincarnated in modern guise through both scientific archaeology and fantasy as each successive cultural reality superimposed its values and ideas on the distant past An exhibition of the same name will be on view at the Getty Villa from September 12 2012 through January 7 2013 at the Cleveland Museum of Art from February 24 through May 19 2013 and at the Musée national des beaux arts du Québec from June 13 through November 8 2013
