Sawtooth Sunset Ranch Naomi Wadsworth,2003-08 This book proposes that a new sense of self is emerging in human beings It is a divine or Christ sense of self that transcends the current ego sense of self as the lord of one's being It is a change in human nature Unlike previous evolutionary steps this one happens in human consciousness When this new sense of self is experienced an individual gains an unprecedented ability to create a life abundantly full of meaning satisfaction and joy This new life is characterized by reduced struggle and stress and increased peace of mind This book presents a proven way to experience this new sense of self through the principles of Evolutionary Spirituality They are presented as an evolved form of the twelve steps well known to the recovery community This transformational change in human consciousness is a natural continuum of five billion years of the evolution of life on earth This evolutionary approach to growth and change is different and more effective than others because it provides a new kind of release from self condemnation This release makes it possible for people to break through the denial that is the main stumbling block to authentic transformation The reader will be able to see how this evolutionary approach makes the teachings of Jesus Christ more understandable accessible and

Martin,2008-12-30 In *Losing Everything* his first book of nonfiction acclaimed novelist David Lozell Martin tells his wildest most outlandish story yet his own One evening in the mountainous forest of his isolated West Virginia farmhouse Martin became disoriented when searching for a horse who had wandered off the property Wading through the dark and guiding his horse with a belt around its neck Martin felt as though every step was taking him deeper into the mountains Instead he unknowingly spent the night walking in a wide circle that brought him back to where he started This quickly became a metaphor for Martin s life The more lost I get the closer to home I come After growing up with a violent father who nearly killed Martin s clinically insane mother Martin pursued a writer s life with a vengeance becoming vulnerable to struggles with alcohol financial ruin and legal feuds Then after a betrayal by his soul mate Martin s sanity was in as much jeopardy as his mother s had ever been a state of mind that in his case led to gunfire divorce and at least one trip to the emergency room But *Losing Everything* is less about getting lost and more about finding your way home again In his pursuit of stability Martin uncovered lessons that might help others who have encountered loss take pleasure in something as small as an ampersand keep a list of people you know who have died meet your own death like a warrior and be glad you don t own a monkey Deeply personal yet surprisingly universal Martin s story is for anyone who has wandered astray If not a road map his journey is a guide providing hard earned wisdom to illuminate the path home

Pauly's Mother Paul James Mcallister,2012-06 Told in the first person present tense from the point of view of Pauly as a child Pauly s Mother is a mostly nonfiction autobiography It is a sad moving and sometimes humorous story about Pauly s tragedy and his recovery It is set against a background of being raised Irish Catholic on the South Side of Chicago during the 1950 s It is also a wonderful hopefilled upbeat story about coming of age during a more innocent era Cover

**THE KID FROM ARMOURDALE** Lloyd E. Howser,2007-05-15 This is a story about a kid that was raised during the Great Depression when the word welfare was virtually unspoken He had deep loyalties for God country and family It was the custom in those days to salute the flag each school day He attended weekday church school every Wednesday afternoon during his elementary school years His family was poor but proud and self reliant Lloyd learned early in life that if he wanted something he had to work for it His loyalty to his country was reflected in his leaving high school and volunteering for the navy the day after the Japanese attacked Pearl Harbor It s about the struggle of two high school dropouts that fell in love They started life together on the bottom rung and it never occurred to them to feel sorry for themselves They were happy in their stroll together down the rough and rocky road that lay ahead Theirs was a love affair that lasted fifty seven years They were both from broken homes and determined that their children would not suffer a similar fate It is the story of two kids willing to work hard to study and learn to save a penny wherever possible It is a story of survival They ate weeds as some people might call them They liked to call them spring greens He hunted rabbit squirrel and quail in winter and fished during the summer It all went into the larder Inch by inch they elevated their lot in life not unlike a waterlogged timber that might slowly rise to the surface and into the sunshine They grabbed snatches of education wherever

they could Esther took typing shorthand and secretarial courses and later a school of cosmetology Lloyd finished high school took college courses and acquired a little more than the equivalent of two years of college when the air force selected him for an engineering course at the University of Colorado It s about the search for Valhalla a place and the means to retire after a lifelong struggle by two kids so unlikely to succeed in life Together they proved the truth of the old adage If there is a will there is a way

*Three Quarters, Two Dimes and a Nickel* Steve Fiffer, 1999-09-24 What would you do if you were seventeen years old and broke your neck It s tough enough to stand on the verge of adulthood without the extra burden of not being able to stand at all Steve Fiffer had his whole life ahead of him in December 1967 when he fractured his fifth cervical vertebra in a wrestling accident at school shattering his dreams The diagnosis was quadriplegia and his parents were told that he would never walk again Steve however was not content to accept such a fate He had always been taught that he was a leader not a follower and he was not going to take this news lying down Within five months he was out of the hospital within seven he was on crutches and within nine he was beginning his freshman year at Yale University And most remarkable of all he never lost his wisecracking sense of humor or his hunger for all that life has to offer *Three Quarters Two Dimes and a Nickel* is Steve Fiffer s story of his coming of age and of how he created a normal life for himself despite his injury Steve refused to be consumed or defined by his physical condition he may not be a dollar bill he explains but he s still three quarters two dimes and a nickel His battle to come back from his injury casts into sharp relief the drama of becoming an adult and wrestling with issues of identity relationships and ambition We join him around the dinner table as he rebuilds his once distant relationship with his father and gains a new appreciation of their bond we agonize with him as he tries to find true love or at least lose his virginity despite his self consciousness about his physical awkwardness and we join him at the Lawson YMCA in downtown Chicago where he rebuilds his body under the watchful eye of the manic physical fitness coach Dick Woit a retired football star who puts Steve through a sort of boot camp to raise his sights even higher and propel him off his crutches for good Part guru part drill instructor Woit helps Steve to develop the mental toughness to put the injury behind him and to embrace adulthood and all its responsibilities By turns poignant darkly comic and ultimately triumphant *Three Quarters Two Dimes and a Nickel* is an affirmation of how the ordinary joys of life can win out even in extraordinary circumstances
