I Too Was A Child A Biography Of Oppression:

I Too Was a Child... Misty Marie, 2004-05 Welcome a biography of oppression told through the eyes of a lesbian a HOMO cide survivor I could easily relay some heart wrenching narrative about what you ll find here but that s not only typical it s not my style I will however tell you this I am honest observant and passionate about the subject of oppression and the desperate need for change I will ask you to remember that yesterday I may have been born the happy infant loved by all and today I may be the adult lesbian that society gets to meet and discuss But one day not long ago I too was a child a child of oppression And that child was damned to exist in a dark realm the closet if you will She was murdered by society before she could even tie her shoes It is that child that I have journeyed to discover that gay and forsaken child no one ever knew By recognizing the cycle of oppression and breaking it we will find the children the key to equality and we will set them free We have to try if we don t then we ve agreed to let them die It s time to wash the blood of the children from our hands America

Yale University's Beinecke Library and featuring fifty illustrations per volume this anniversary edition will offer a new generation of readers entrance to the life and mind of one of the twentieth century's greatest artists God the Child Graham Adams, 2024-04-30 We express the mystery of God with diverse metaphors but mostly in Adult terms In this experimental theological adventure Graham Adams imagines what might flow from a more thorough being of God Aware that the Child can be idealized he selects particular characteristics of childness in order to disrupt God's omnipresence omnipotence and omniscience The smallness of the Child re-envisages divine location in sites of smallness like an open palm receiving the experiences of the overlooked The weakness of the Child reimagines divine agency as chaos event subverting prevailing patterns of power and evoking relationships of mutuality And the curiosity of the Child reconceives divine encounter as horizon seeker imaginatively and empathetically pursuing the unknown These possibilities are brought into dialogue both with other theologies Black disabled and queer and with pastoral loss economic ecological injustice and theological education Through these conversations God the Child emerges not only as a new model for God but intrinsic to God's new social reality which is close at hand

Decolonizing Therapy: Oppression, Historical Trauma, and Politicizing Your Practice Jennifer Mullan, 2023-11-07 A call to action for therapists to politicize their practice through an emotional decolonial lens An essential work that centers colonial and historical trauma in a framework for healing Decolonizing Therapy illuminates that all therapy is and always has been inherently political To better understand the mental health oppression and institutional violence that exists today we must become familiar with the root of disembodiment from our histories homelands and healing practices Only then will readers see how colonial historical and intergenerational legacies have always played a role in the treatment of mental health This book is the emotional companion and guide to decolonization It is an invitation for Eurocentrically trained clinicians to acknowledge privileged and oppressed parts while relearning what we thought we knew Ignoring collective global trauma makes delivering effective therapy impossible not knowing how to interrogate privilege as a therapist client or both makes healing elusive and shying away from understanding how we as professionals may be participating in oppression is irresponsible

Inhabiting Implication in Racial Oppression and in Relational Psychoanalysis Rachel Kabasakalian-McKay, David Mark, 2022-11-21 What does it feel like to encounter ourselves and one another as implicated subjects both in our everyday lives and in the context of our work as clinicians and how does this matter With contributions from a diverse group of relational psychoanalytic thinkers this book reads Michael Rothberg's concept of the implicated subject the notion that we are continuously implicated in injustices even when not perpetrators as calling us to elaborate what it feels like to inhabit such subjectivities in relation to others both similarly and differently situated Implication and anti-Black racism are central to many chapters with attention given to the unique vulnerability of racial minority immigrants to Native American genocide and to the implication of ordinary Israelis in the oppression of Palestinians The book makes the case that the therapist's ongoing openness to learning of our own implication

Life John Ames Mitchell,1907 When "I" was Born Jing M. Wang,2008 In the period between the 1920s and 1940s a genre emerged in Chinese literature that would reveal crucial contradictions in Chinese culture that still exist today At a time of intense political conflict Chinese women began to write autobiography a genre that focused on personal identity and self exploration rather than the national collective identity that the country was championing When I Was Born Women s Autobiography in Modern China reclaims the voices of these particular writers voices that have been misinterpreted and overlooked for decades Tracing women writers as they move from autobiographical fiction often self revelatory and personal to explicit autobiographies that focused on women s roles in public life Jing M Wang reveals the factors that propelled this literary movement the roles that liberal translators and their renditions of Western life stories played and the way in which these women writers redefined writing and gender in the stories they told But Wang reveals another story as well the evolving history and identity of women in modern Chinese society When I Was Born adds to a growing body of important work in Chinese history and culture women s studies and autobiography in a global context Writers discussed include Xie Bingying Zhang Ailing Yu Yinzi Fei Pu Lu Meiyen Feng Heyi Ye Qian Bai Wei Shi Wen Fan Xiulin Su Xuelin and Lu Yin
