Reviewer Midwest Book Review Meet Rowena Halley a former human rights activist turned academic Rowena thought teaching on US college campuses would be a lot safer than interviewing torture victims in Russia Boy was she wrong Rowena quickly gets caught up in campus intrigue that threatens to turn deadly Meanwhile the life and lover she thought she'd left behind in Moscow might not be so firmly back in the past as she'd believed Written by a Russian professor with extensive insider knowledge of the topic these books take a deep dive into the dark underbelly of American higher education Serious and satirical in turn they combine mystery dark humor and a touch of romance in a searingly funny examination of contemporary American and Russian society Content warning These books contain adult language and have the one star reviews to prove it Worse than that they have been accused of peddling philosophy and political science You've been warned Foreign Exchange bonus novella Rowena travels to Moscow to spend the holidays with her fiancé opposition journalist Dima Kuznetsov But a story he's investigating takes a potentially deadly turn for their love and maybe for their lives Campus Confidential Newly single and fresh from her dissertation defense Rowena starts her first faculty job She was expecting poor treatment and lousy pay Murder seems a bit much Permanent Position The good news Rowena has a new job and maybe even a new boyfriend The bad news the job pays starvation wages and the boyfriend is three states away Oh and Dima seems to want to be back in her life if his death wish doesn't get him first But it's when Rowena gets sucked into a nasty domestic dispute between a student and his mail order Belarusian bride that things get really dangerous Summer Session Rowena is looking forward to a fun interlude with American boyfriend Alex while teaching an intensive summer program But their weekend getaway is interrupted when a student goes missing Oh yeah and Dima seems ever more determined to stay in the picture Summer Break bonus novella Dima has spent the last year and a half in the comparative safety of the war zone in the Donbass But now his past is catching up with him A life or death confrontation might force him to rethink everything Trigger Warning Rowena is starting a new job that almost pays a living wage But when a prominent female gamer and feminist activist is targeted by a student men's rights organization Rowena gets drawn into a potentially deadly stew of toxic misogyny and heartbreak Winter Break bonus novella When the commander of a separatist battalion in the Donbass makes Dima an offer he can't refuse he finds himself one step closer to finding out who's behind the hit that's been put out on him But if he gets too close he might not survive long enough for it to matter
