The Top 1%: Habits, Attitudes & Strategies For Exceptional Success Dan Strutzel, 2018-10-09 In the past several years there has been a great deal of hyperbole disseminated by mass media about The Top 1% Most of this press has been negative casting the 1% as the villains and the 99% as the victims Most every major problem in our society and in individuals inability to progress has been blamed on this elite income class Yet the paradox is that the vast majority of people in America strive every day to become part of that 1% Why is this Because most people intuitively understand that the picture of the 1% is largely incorrect at worst or incomplete at the very least So is much of what we've been told about the 1% incorrect Is there another reality about the 1% that has not been told by the media And should you and I aspire to be part of The Top 1% The answers to these questions are an unqualified yes In this compelling book personal development expert and researcher Dan Strutzel will give you a completely new and ultimately inspiring view of this income class And best of all he will outline the specific things you need to do to become a proud member of The Top 1% You'll learn The most popular myths and the hidden truths of The Top 1% Why average is over and striving for the Top 1% should be everyone's goal regardless of whether you ever reach that goal The 12 qualities that The Top 1% have in common How to develop an owner's mentality not a consumer's mentality Why you don't get your dream job you create it Why traditional goal setting concepts no longer make sense and will not get you to the top 1% Why you should focus on value and equity and not on income Why the 1% and the 99% need each other to achieve the greatest level of success and happiness After reading this book you'll not only have a road map for joining The Top 1% you'll emerge more inspired and excited about your future and the future of our society

with a clear head open heart and endless energy      **And Somehow We Survive** Rudy Rosenberg, 2008-04-23 We have passed through the eye of the needle my father was fond of saying And indeed we had Now after four years and four months of German occupation we had survived Neither morality nor faith had anything to do with our survival but survive we did Money sex and luck all had a hand in it Germany the most powerful nation in Europe had decreed that all Jews were to be exterminated not only the adults but especially the children Once the children had been murdered the Jewish Question would have been resolved once and for all The Allied armies had finally swept through Belgium and liberated us after we had spent twenty seven months in hiding Our parents Hilaire and Frieda Rosenberg went about trying to resume some semblance of family life my sister Ruth and I would be going back to school after nearly three years of interrupted studies It would take years for me to fathom the enormity of what we had been through to understand why we did survive Our parents were gamblers and people they knew through the Casinos hid us Hilaire made large amounts of money in black market dealings with the Germans so we could pay for the cupidity of those who would hide us Frieda had an affair with an SS officer who warned us when we had to go into hiding After attending the 1991 Conference of Hidden Children in New York City I knew that this unusual story of survival had to be written Thus began a journey to a second liberation an understanding that although they had been less than perfect parents Hilaire and Frieda did all they humanly could do to ensure the survival of this nucleus of our family
