John Bunyan

I Dare:

Up and down the Cline □ The Nature of Grammaticalization Olga Fischer, Muriel Norde, Harry Perridon, 2004-05-28
The basic idea behind this volume is to probe the nature of grammaticalization. Its contributions focus on the following questions: i In how far can grammaticalization be considered a universal diachronic process or mechanism of change and in how far is it conditioned by synchronic factors ii What is the role of the speaker in grammaticalization iii Does grammaticalization itself provide a cause for change or is it an epiphenomenon i.e. a conglomeration of causal factors mechanisms which elsewhere occur independently iv If it is epiphenomenal how do we explain that similar pathways so often occur in known cases of grammaticalization v Is grammaticalization unidirectional vi What is the nature of the parameters guiding grammaticalization. The overall aim of the book is to enrich our understanding of what grammaticalization does or does not entail via detailed case studies in combination with theoretical and methodological discussions. *Medwords* Verna Safran, 2001-02-20 Using meditation and visualization the author has asked questions of the universe regarding a variety of individual concerns common to us all. The responses came to her from spirit guides in the form of animals and birds. Some of the questions she asked were: How can I make more money? How can I make more friends? How can I adjust to new surroundings? How can I find a loving partner? How can I get rid of bad habits? Sometimes funny, sometimes profound, the responses can offer help to others encountering similar dilemmas. Or drawing from the author's experience, readers may wish to form their own spiritual connection for help in finding their own spiritual path. Теорія і практика перекладу (аспектний переклад). [англ.] Корунець І. В., 2003 **The Twisted Muse** Richard Corey, 2014-12-30 Author Richard Corey has worn many different outfits in his young life. As a student in his undergraduate studies at Concord University to his masters studies at Ohio University he paid his way through school by performing musically and gambling professionally throughout the southeastern United States. Shaping his life and bending his mind to create *The Twisted Muse* which he started as early as 1989 to present day he presents a work of poetry that witnesses the evolution of his life from Diary of a Psychopath to the song *I Am Struggling* with economic hardship and bipolar disorder as well as almost losing his writing hand in a horrific accident. In 2009 he selected these poems and songs from his handwritten pages. Through these works Corey shares his multifaceted persona as a seeker, a reader, a lover of nature, of country music and cowboy movies. Filled with many vivid images and pleasing sonic effects, this collection of poetry offers insight into how Corey grew as a writer, lyricist and person while living with bipolar disorder. *The Entire Works of John Bunyan ...
