Howell, 2013-06-21 This book is about a family that goes through some What if situations that will change their lives forever. It's no main characters in this novel because everybody has a What if situation to go through. Someone gets shot, someone gets involved in a serious relationship, and someone finds God even when they weren't looking for him, and someone gets pregnant without sleeping with a man. It's gonna be some serious situations that the average person who has God in their lives wouldn't want to read this because of the explicit content in this book, but we all were born in sin and ain't nothing new under the sun. So give it a chance because it could be somebody you know what if it was you. **Heart of the Galaxy** Cristina
