### **Hearings Before the President's Commission on the Assassination of President Kennedy** Estados Unidos.

President's Commission on the Assassination of President Kennedy, 1964      Beadle's Monthly, 1866      Almost Home Jim Sides, 2009-05 Jim Sides draws upon a lifetime of experiences to dovetail stories taking place on opposite sides of the world Through tragedy misfortune and international intrigue the participants discover the difference between head knowledge and heart knowledge That difference is the great divide illustrated most critically in the matter of a personal relationship with the Lord Jesus Christ The story opens with the hijacking of a Japanese airliner carrying a double agent to North Korea in 1969 Events in both Koreas become interspersed with the story of a spiritual transformation in the United States where the derelict Edwin Scruggs and the outwardly successful Reverend Reagan Ainsworth discover what it means to live true Christianity The death of Scruggs brings into focus the priorities of Ainsworth Daniels the mission worker Betty Hodges and the pompously religious Paul Johnson Even after his death Edwin Scruggs serves as a guide to the way home Tension between right and wrong in the arenas of leadership sovereignty of nations personal morality and the need for worldwide understanding and brotherhood is evident the importance of relationships is woven into the narrative from beginning to end Nearly all of the events are based on fact although they have been fictionalized for the telling Jim Sides received the Bachelor of Music Education degree in 1965 from Mars Hill College Mars Hill NC and holds the Master of Church Music 1967 and Doctor of Musical Arts 1982 from Southwestern Seminary Fort Worth TX From 1967 1971 he served on active duty as an Air Force Administrative Officer with assignments in Florida South Korea and Illinois He has served churches in the southeastern United States for thirty years and was on college music faculties for seven years      **The Male Factor** Shaunti Feldhahn, 2009-12-29 Based on a nationwide survey and confidential interviews with more than three thousand men bestselling author of *For Women Only* Shaunti Feldhahn has written a startling and unprecedented exploration of how men in the workplace tend to think which even the most astute women might otherwise miss In *The Male Factor* Feldhahn investigates and quantifies the private thoughts that men almost never publicly reveal or admit to but that every woman will want to know Never before has an author gotten inside the hearts and minds of men in the workplace from CEOs to managers from lawyers to factory workers to get a comprehensive and confidential picture of what men commonly think about their female colleagues how they view flextime and equal compensation what their expected rules of the workplace are what managing emotion means and how that lowcut top is perceived Because the men in the surveys and interviews were guaranteed anonymity they talk in a candid and uncensored way about their daily interactions with women bosses employees and colleagues as well as what they see as the most common forces of friction and misunderstanding between men and women at work Among the subjects *The Male Factor* tackles are how men with rare exception view almost any emotional display as a sign that the person can no longer think clearly as well as what they perceive to be emotion in the first place it s

not just crying why certain trendy clothes that women wear may create a career sabotaging land mine in terms of how male colleagues perceive them the unintentional signals that can change a man's perception of a woman from assertive and competent to difficult Women will likely be surprised even shocked by these revelations Some may find them challenging Yet what they will gain is an invaluable understanding of how their male bosses colleagues subordinates and customers react to a host of situations as well as the ability to correct common misperceptions The Male Factor offers a unique road map to what men in the workplace are thinking allowing women the opportunity to decide for themselves how to use the insights

Feldhahn reveals The New Monthly Magazine and Literary Journal, 1840 Voices of Change in the Spanish American Theater William I. Oliver, 2014-11-06 The aim of this anthology is to present a selection of plays that are representative of a fresh spirit and of societal pressures and changes in Spanish American culture The plays shun the earlier realistic sentimental and melodramatic conventions of Spanish American theater Instead they reflect the tenor of the dramatic imagination of the mid to late twentieth century an imagination that sought new forms and ways of expressing a new awareness of the Spanish American dilemma In selecting these plays William I Oliver looked for more than mere illustrations of these changes As a practicing director and playwright he sought works that are effective on the stage as well as on the page As an editor and translator he sought works that could be translated culturally as well as linguistically The six plays in this varied and vigorous anthology are the measure of his success The plays included are *The Day They Let the Lions Loose* by Emilio Carballido Mexico *The Camp* by Griselda Gambaro Argentina *The Library* by Carlos Maggi Uruguay *In the Right Hand of God the Father* by Enrique Buenaventura Colombia *The Mulatto's Orgy* by Luisa Josefina Hernández Mexico and *Vi a Three Beach Plays* by Sergio Vodnovic Chile **The Late Voice** Richard Elliott, 2015-10-22 Popular music artists as performers in the public eye offer a privileged site for the witnessing and analysis of ageing and its mediation The Late Voice undertakes such an analysis by considering issues of time memory innocence and experience in modern Anglophone popular song and the use by singers and songwriters of a late voice Lateness here refers to five primary issues chronology the stage in an artist's career the vocal act the ability to convincingly portray experience afterlife posthumous careers made possible by recorded sound retrospection how voices look back or anticipate looking back and the writing of age experience lateness and loss into song texts There has been recent growth in research on ageing and the experience of later stages of life focusing on physical health lifestyle and psychology with work in the latter field intersecting with the field of memory studies The Late Voice seeks to connect age experience and lateness with particular performers and performance traditions via the identification and analysis of a late voice in singers and songwriters of mid late twentieth century popular music
