Disasters Randall Klein, 2018-05-22 A gripping novel about two young married couples expectant parents and new friends whose lives collide in a pile up of deceptions and indiscretions. It was the exhilaration of new parenthood that first united Michael and Paul outside the Brooklyn hospital where their wives Rebecca and Jenny had exiled them from the delivery room. For Paul, though tragedy swiftly followed that euphoria. Hoping to speed his and Jenny's recovery, he turns to Michael for a favor, unwittingly kindling the spark of connection between these couples into the affair that will blow them apart. One year later, on the same morning that the catastrophes of their personal lives come to an explosive head, a mysterious crisis in Midtown Manhattan all but shuts down the city, leaving both men stranded: Michael at the northernmost tip of the island and Paul in a dark subway tunnel under the East River. Each must make the arduous trek home through record-breaking heat, nervously eyeing the thin plume of smoke above the skyline, though it's their private turmoils that loom largest. Told in the alternating voices of these charismatic but deeply flawed men, *Disasters* deftly cuts between the suspense of the citywide disaster and the history of secrets, lies, and losses that has brought these four intertwined lives to the brink. Smart, unsparing, and bitingly funny, Randall Klein's debut is an engrossing story of the bonds of love and family and our unending urges to test them even when we need them most.

Paris in the Present Tense Mark Helprin, 2017-10-03 Mark Helprin's powerful, rapturous new novel is set in a present-day Paris caught between violent unrest and its well-known inescapable glories. Seventy-four-year-old Jules Lacour, a maître at Paris Sorbonne, cellist, widower, veteran of the war in Algeria, and child of the Holocaust, must find a balance between his strong obligations to the past and the attractions and beauties of life and love in the present. In the midst of what should be an effulgent time of life, days bright with music, family rowing on the Seine, Jules is confronted headlong and all at once by a series of challenges to his principles, livelihood, and home, forcing him to grapple with his complex past and find a way forward. He risks fraud to save his terminally ill infant grandson, matches wits with a renegade insurance investigator, is drawn into an act of savage violence, and falls deeply, excitingly in love with a young cellist a third his age. Against the backdrop of an exquisite and knowing vision of Paris and the way it can uniquely shape a life, he forges a denouement that is staggering in its humanity, elegance, and truth. In the intoxicating beauty of its prose and emotional amplitude of its storytelling, Mark Helprin's *Paris in the Present Tense* is a soaring achievement, a deep, dizzying look at a life through the purifying lenses of art and memory.
