My Ancestor Is Alive Tebogo Colin Moroka, 2016-03-11 Destroying all the yokes of darkness This book needs no summary It is by nature a summary and if I try to summarise it I will rewrite it It is very comprehensible And maybe the title of this book should have been *Is My Ancestor Alive* instead of *My Ancestor Is Alive* This book speaks and I trust that you will enjoy the conversation you will have with it and the thrilling experience of a book talking to you It aims to demonstrate that we do a lot of things that oppose Gods plan for our own salvation and also how we aid the forces of darkness to oppose Gods plan It also opens our spiritual eyes to realizing that you are either on the side of God which is under the Lordship of Jesus Christ or you are on the side of the devil that is headed by spirits of the dead witches and sangomas It also aims to assist you to restore and maintain your relationship with God through Jesus Christ and the Holy Spirit The is book aims to guide you to choose Jesus Christ over and above everything else because He is life MENE GOD has numbered your kingdom and finished it

Ancestors David Hertz, 2017-08-03 People involve their ancestors in every aspect of culture Individuals and societies worldwide and throughout history have incorporated ancestors into rituals public and private religious and secular Societies often organize their aristocracies tribes and other kinship groups around ancestral constructions which are defined through laws and customs governing marriage naming guardianship inheritance and other social practices Medical professionals consider ancestral information important to a patient s diagnosis and to the study of disease many psychiatrists consider one s relationship to ancestors important in understanding the mental and emotional disposition of subjects Ancestry and perceptions of ancestry frequently function as a determinant of personal ethnic racial and national identity For all its larger philosophical medical psychological and religious implications one fascinating aspect of ancestry is how passionately many people hold to their own ancestry and to their own perceptions of the same In *Ancestors* David Hertz offers an introductory foray into the nature of relationships people today have with their ancestors and explores the significance of ancestry and ancestral belief in our modern world Guided by two questions who are your ancestors and what is your relationship to your ancestors Hertz interviewed thirty five elders and people of prominence within particular social or intellectual communities Interviewees were accomplished in an area related to ancestry its nature or its meaning and included genealogists

geneticists tribal chiefs and elders researchers in some aspect of family or ancestry family elders and experienced practitioners or supervisors of particular ancestral rituals Interviewees were selected from a variety of cultural backgrounds for purposes of contrast comparison and breadth but they are not spokespeople and were not asked to represent particular belief systems doctrines or Peoples Rather the interviewees describe their own personal experiences and beliefs involving ancestors From these interviews Hertzfel identifies common themes to ancestral practices and beliefs such as the way we sanctify our ancestors how we create a living narrative of our ancestry and how experiences like suffering and love are shared across generations and appear to transcend death Excerpts from interviews serve as examples throughout his narrative exploration of the concept of ancestry a selection of full interviews are embedded throughout the text and offer glimpses into the diversity of ways that people think about who they are and where they come from *Tracing Your Ancestors Through Death Records* Celia Heritage,2013-04-19 Family historian Celia Heritage shares an unorthodox approach to researching genealogy in *Tracing Your Ancestors Through Death Records* Of all family history sources death records are probably the least used by researchers They are however frequently the most revealing of records giving a far greater insight into our ancestors lives and personalities than those records created during their lifetime Celia Heritage leads readers through the various types of death records showing how they can be found read and interpreted and how to glean as much information as possible from them In many cases they can be used as a starting point for developing your family history research into other equally rewarding areas This highly readable handbook is packed with useful information and helpful research advice In addition a thought provoking final chapter looks into the repercussions of death its effects on the surviving members of the family and the fact that a premature death could sometimes affect the family for generations to come There comes a time when you reach a dead end using the online services at which point you need expert advice on how to proceed Celia Heritage provides that expert advice going above and beyond in helping you through the details of finding and examining your ancestors death records A vital resource for family historians Books Monthly *The Ancestor's Tale* Joel Sinters,2024-02-16 15 years in the creation of this epic story It is a story of adventure as Lord Sontere sets out on an epic adventure to discover his family heritage as the Legendary hero known as the Jackal Guardian Along the way he will discover new allies as well as an enemy that s hiding in his midst **Survival: The Saga of My Ancestors** Lynne Gross,2017-06-11 Summary *Survival The Saga of My Ancestors* describes five generations that emanated from Germany and Italy It is based on research through ancestry com and other internet sources as well as interviews with relatives and discoveries in long forgotten closets and scrapbooks It includes tales of immigration settling and dealing with successes and failures The people depicted are hard working most of them in the steel related industries of Pittsburgh Pennsylvania In addition to chapters on each of the four branches of the author s heritage there are chapters that deal with the research process *The Book of Ancestors* Claire Goodchild,2023-10-03 Find spiritual healing and everyday magic in this beautifully mysterious guide to
