I See Patterns:

Patterns & Pawnshops Shelby Kent, Sarah Sharpe has spent the last six months managing her aunt's boutique Broken Dishes and she's never been happier. Her days are filled with working at Broken Dishes making memories with her family and friends and rediscovering her love and confidence for interior design. Everything is going well until it isn't. Mr. Morgan, the owner of the pawnshop across the street, has been murdered. Harlan and Phoebe are barely speaking and Nate reveals a secret that turns Sarah's world upside down. After solving Daniel Eunice's murder, Sarah promised not to insert herself on any more cases. But when a family friend is accused of killing Mr. Morgan, Sarah must choose between keeping her promise to her family or finding the true killer. Along the way, Sarah discovers some truths of her own, but is she willing to face them? And will those truths lead to more happiness or devastation?

Parasite Communities: Patterns and Processes Gerald W. Esch, 2012-12-06 We first discussed the possibility of organizing a symposium on helminth communities in June 1986. At that time we were engaged in writing a joint paper on potential structuring mechanisms in helminth communities; we disagreed on a number of issues. We felt the reason for such debate was because the discipline was in a great state of flux with many new concepts and approaches being introduced with increasing frequency. After considerable discussion about the need, scope, and the inevitable limitations of such a symposium, we decided that the time was ripe to bring other ecologists engaged in similar research face to face. There were many individuals from whom to choose; we selected those who were actively publishing on helminth communities or those who had expertise in areas which we felt were particularly appropriate. We compiled a list of potential participants, contacted them, and received unanimous support to organize such a symposium. Our intent was to cover several broad areas, fully recognizing that breadth negates depth, at least with a publisher's limitation on the number of pages. We felt it important to consider patterns amongst different kinds of hosts because this is where we had disagreed among ourselves.

Patterns of High Performance Jerry L. Fletcher, 1995-02 Everyone can be a high performer according to Jerry Fletcher. Not just in occasional heroic bursts of success but consistently in everything we do. It's not a matter of imitating star athletes or successful entrepreneurs. In fact, you just have to be fully yourself at your best.

Eighteen-year-old Spencer Sandoval wishes she knew. As rumors swirl that her ex Ethan was the reckless driver, she can't bring herself to defend him. And their messy breakup has nothing to do with it; she can't remember anything from that night, not even what put her in that car with Ethan. Chris and Tabby Hill, the new loner in school, the hunt for answers intensifies when a local true crime podcast takes an interest in the case, pushing Spencer further into the depths of this sinister mystery. Was it all just a night out that went very wrong? And is it a coincidence that all but Chris is on Armstrong's esteemed honor roll, the Headmaster's List? In a place ruled by pedigree and privilege, the truth can only come at a deadly price.
