

Liberty

vs.

Equality

# Liberty Versus Equality

**William Fletcher Russell**

## **Liberty Versus Equality:**

Liberty and Equality Tibor R. Machan, 2002-08-01 This book takes an unflinching look at the difficult often emotional issues that arise when egalitarianism collides with individual liberties ultimately showing why the kind of egalitarianism preached by socialists and other sentimentalists is not an option in a free society      **Equality and Liberty** Kai Nielsen, 1985 Probably no issue is more confounding in the social policy arena or more closely argued among political philosophers than the question of the relationship between equality and liberty are they compatible in a just society In a systematic discussion that expands our understanding of what constitutes liberty equality and especially justice Professor Nielsen puts forth a vigorous defense of an uncompromising egalitarianism based on a commitment to the belief that the interests of everyone matter and matter equally Marshalling the most persistent arguments against egalitarianism the author presents accounts of Nietzschean elitism meritocracy and conservative libertarianism as well as various shades of egalitarianism and systematically responds to each opposing view Followers of contemporary debates will especially welcome Nielsen's searching critiques of the liberal egalitarianism of John Rawls and Ronald Dworkin and of the conservative libertarianism of Milton Friedman Frederick Hayek and particularly Robert Nozick      **Liberty Vs. Equality**, 1936      Liberty and Equality Under the Constitution John Agresto, 1983      *Liberty and Equality in Political Economy* Nicholas Capaldi, Gordon Lloyd, 2016-05-27 Liberty and Equality in Political Economy is an evolutionary account of the ongoing debate between two narratives Locke and liberty versus Rousseau and equality Within this book Nicholas Capaldi and Gordon Lloyd view these authors and their texts as parts of a conversation therefore highlighting a new perspective on the texts themselves

Equality in Liberty and Justice Antony Flew, 2018-01-18 Equality in Liberty and Justice is an integrated collection of essays in political philosophy divided into two parts The first examines classically liberal ideas the ideas of the Founding Fathers of the American republic and some of the applications and the rejections of such ideas in our contemporary world Among other questions about liberty and responsibility it considers in the context of the imprisonment and psychiatric treatment of dissidents in the psychiatric hospitals of the former Soviet Union Plato's suggestion that all delinquency is an expression of mental disease The second part examines the relations and the lack of relations between old fashioned without prefix or suffix justice and what is called by its promoters social justice It therefore presses such questions as Equal outcomes or equal justice and Enemies of poverty or of inequality Equality in Liberty and Justice was originally published before the winning of the Cold War and the collapse of the Soviet Empire This second edition updates the arguments of the previous editor and draws present day moral conclusions This book will appeal to those for whom the classical liberal and conservative debates still have great meaning Flew might well be the most significant synthesizer of Tocqueville and Mill

Liberty Vs. Equality William Fletcher Russell, 1936      *Justice and Equality* Peter Vallentyne, 2002-12 This collection of facsimile articles reprints the most influential essays on the subject of justice and equality published in the last hundred

years They represent the theoretical debates and practical aspirations of democratic societies and the institutions that govern them Areas of coverage include the meaning scope and practical parameters defining contemporary notions of justice and social equality the conceptual foundation for requiring minimum justice and equality and who is entitled to justice and equality and who is obliged to provide these conditions and the legitimacy and limitations of universal procedural legal concepts of justice and equality

**Liberty or Equality** Erik von Kuehnelt-Leddihn, 2007 Sometime in the 18th century the word equality gained ground as a political ideal but the idea was always vague In this treatise Erik von Kuehnelt Leddihn argues that it reduced to one simple and very dangerous idea equality of political power as embodied in democracy He marshals the strongest possible case that democratic equality is the very basis not of liberty as is commonly believed but the total state He uses national socialism as his prime example He further argues the old notion of government by law is upheld in old monarchies restrained by a noble elite Aristocracy not democracy gave us liberty On his side in this argument he includes the whole of the old liberal tradition and offers overwhelming evidence for his case In our times war and totalitarianism do indeed sail under the democratic flag This book capable of overturning most of what you thought you knew about political systems was first published in 1952

**The Democratic Plan: Analysis and Diagnosis** Alan

March, 2016-03-16 Despite ongoing technical and professional advances urban and regional planning is often far less effective than we might hope Conflicting approaches and variable governmental settings have undermined planning s legitimacy and allowed its goals to be eroded and co opted in the face of mounting challenges Deeper organising principles for self understanding action and productive critique are lacking This book takes steps toward resolving these problems by providing a clear theoretical position to practically examine urban planning systems within democratic governance settings the basis of planning s legitimacy and action Joining practical planning with political science perspectives and the work of critical theorists such as J rgen Habermas it directly examines urban planning as a process of governance The dilemmas inherent to democracy are used as key organising principles and challenges for planning Collective knowledge development and steering processes are examined as the core purposes of urban planning Communicative planning s grounding in the work of Habermas is revisited to develop practical ways of examining overall planning systems This theoretical approach can be adapted to a range of planning systems and settings beyond those examined in the book such as corporate or political realms It is one of only a few analyses that bring together theoretical understandings and grounded and practical analyses of an Australian planning system Conceptual and highly practical explanations of how and why the Victorian system does and doesn t work are revealed The book demonstrates how specific placed based understandings and meaningful comparison between planning systems can be made using critical theory to suggest positive change

**Liberty and Equality** S. Adam Seagrave, 2015-09-09 Alexis de Tocqueville one of the greatest commentators on the American political tradition viewed it through the lens of two related ideas liberty and equality These ideas so eloquently framed by Thomas Jefferson in the

Declaration of Independence have remained inextricably and uniquely conjoined in American political thought equality is understood as the equal possession of natural rights to life liberty and the pursuit of happiness By considering American reflections on these core ideas over time in relation to constitutional principles religion and race this volume provides an especially insightful perspective for understanding our political tradition The book is at once a summary of American history told through ideas and an inquiry into the ideas of liberty and equality through the lens of American history To a remarkable extent American politics has always been thoughtful and American thought has always been political In these pages we see how some of our greatest minds have grappled with the issues of liberty and equality Tocqueville and Jefferson Alexander Hamilton as Publius in *The Federalist* James Madison George Washington William Lloyd Garrison Frederick Douglass Abraham Lincoln debating Stephen Douglas and Franklin D Roosevelt In essays responding to these primary sources some of today's finest scholars take up topics critical to the American experiment in liberal democracy political inequality federalism the separation of powers the relationship between religion and politics the history of slavery and the legacy of racism Together these essays and sources help to clarify the character content and significance of American political thought taken as a whole They illuminate and continue the conversation that has animated and distinguished the American political tradition from the beginning and hopefully better equip readers to contribute to that conversation

*The Conflict Between Liberty and Equality* Arthur Twining Hadley, 1925      *Real Choices* Beth Kiyoko Jamieson, 2001 This book offers a new approach to thinking about liberty in the wake of decades of criticism of liberalism from feminists communitarians conservatives alike

**Liberal Modernity and Its Adversaries** Milan Zafirovski, 2007-06-30 This is a book about modern liberal society and its adversaries The book rediscovers and rehabilitates much maligned especially in America liberalism as the ideal system of liberty in relation to anti liberalism as one of unfreedom It rediscovers liberal modernity as a free equal and just social system and time thus most compatible with and enhancing of human civilization ushering in the 21st century It exposes anti liberal adversaries especially conservatism as ideologies and systems most inappropriate with and destructive of civilization The book rediscovers liberal modernity as the master process and destination of Western civilization and its anti liberal adversaries notably conservatism as the ghosts of a dead past The anti liberal rumors of the death of liberalism are greatly exaggerated

**Politics of Postanarchism** Saul Newman, 2010-03-24 What is the relevance of anarchist thought for politics and political theory today While many have dismissed anarchism in the past Saul Newman contends that anarchism's heretical critique of authority and its insistence on full equality and liberty places it at the forefront of the radical political imagination today With the unprecedented expansion of state power in the name of security the current crisis of capitalism and the terminal decline of Marxist and social democratic projects it is time to reconsider anarchism as a form of politics This book seeks to renew anarchist thought through the concept of postanarchism

*Political Theory* RC Agarwal, 2004-12 Comprehensively written this book presents the political theories concepts analysis thoughts and main

currents The book begins with introduction to political theory its history evolution approaches while also discussing forms organs of Government It progresses to discuss contemporary political analysis in light of American concepts and main currents of Political Thought in detail This book would be extremely useful for the students pursuing BA Political Science

**Studies in the English Social and Political Thinkers of the Nineteenth Century** Robert Henry Murray,1929

**Political Theory and Political Thought** N. D. Arora,S. S. Awasthy,2007      **American Social and Political Thought**

Andreas Hess,2003-04 This concise comprehensive primer on modern American social and political thought is the ideal introduction to the rich intellectual tradition of the United States Andreas Hess helps the reader to understand of American culture and politics through careful exploration of key and theorists In the first half of the book he focuses on the core traditions of American social and political thought American exceptionalism Calvinist Protestantism republicanism liberalism and 20th century pragmatism The second half of the book applies these traditions to a broad range of 20th century conditions and issues power and democracy justice and injustice multiculturalism and pluralism civil society social theory and the role of the intellectual The works of some of the most influential figures in the field such as De Tocqueville Lipset Arendt Hartz Pocock Dewey Moore Rawls Walzer Rorty and Alexander are drawn upon to illustrate the theories and issues being discussed Accessibly written and jargon free this treatment will be useful for students and scholars alike      NEP  
Political Theory B.A. 1st Sem (MJC-1) Dr. J. C. Johari,Dr. Rashmi Sharma,2024-11-27 1 Concept of Politics 2 Political Science Meaning Nature and Scope 3 Growth of Political Science Traditionalism Behaviourism and Post Behaviourism 4 Decline and Resurgence of Political Theory 5 Schools of Political Theory 6 Approaches to Political Science Normative Historical Legal Institutional and Empirical 7 State Meaning Elements Origin and Development 8 Sovereignty Monism and Pluralism 9 Liberty 10 Equality 11 Justice 12 Rights 13 Democracy 14 Debates in Political Theory 15 Feminism 16 Post Modernism 17 Environmentalism 18 Neo Liberalism
