Clapp, 2012 Collection of footage featuring top skiers traversing extreme terrain at high speeds Hosted by Johnny Mosely the programme includes action from mountains in Japan Norway and Austria and features athletes such as Colby West Jess McMillan David Wise and Olympic medallist Ted Ligety

Crash Course in Library Gift Programs Ann Roberts, 2007-10-30 What do you do when you are offered any number of gifts including but not limited to artifacts letters historical documents collections of pictures postcards arrowheads This book helps you reject such offers keeping the prospective donor happy or add and maintain these in your collection so that they are useful and used Since archival

materials are not considered as the usual circulation materials how and when to loan them is another question answered You may also be able to get volunteers to help you at every step along the way when you are acquiring and restoring gifts Many librarians are recipients of a variety of gifts from members of the community How to accept or reject these donations is a continuing problem for persons who work in public libraries and will be even more of a question when the librarian has little formal training in archival or preservation work

Information Services Today Sandra Hirsh, 2018-03-02 This second edition of *Information Services Today: An Introduction* demonstrates the ever changing landscape of information services today and the need to re evaluate curriculum competency training and one's personal learning network in order to stay abreast of current trends and issues and more significantly remain competent to address the changing user needs of the information community Specifically the book provides a thorough introduction history and overall state of the field gives a diverse and global perspective of what it means to be a library and information professional today addresses why information organizations and information and technological literacy are more important today than ever before discusses how technology has influenced the ways that information professionals provide information resources and services in today's digital environment highlights current issues and trends and provides expert insight into emerging challenges innovations and opportunities for the future and identifies career management strategies and leadership opportunities in the information profession The new edition features chapter updates to address changes in information services introducing new topics such as strategic planning change management design thinking advocacy and data management and analysis and includes new contributing authors The book begins with an overview of libraries and their transformation as information and technological hubs within their local and digital communities It covers the various specializations within the field emphasizing the exciting yet complex roles and opportunities for information professionals in a variety of information environments With that foundation in place it presents the fundamentals of information services delves into management skills needed by information professionals today and explores emerging issues related to the rapid development of new technologies The book addresses how libraries and information centers serve different kinds of communities highlighting the unique needs of increasingly diverse users and how information organizations and information professionals work to fulfill those needs This book provokes discussion critical thinking and interaction to facilitate the learning process The content and supplemental materials discussion questions rich sets of online accessible materials multimedia webcast interviews featuring authors from this book discussing the trends and issues in their respective areas and chapter presentation slides for use by instructors give readers the opportunity to develop a deeper understanding of and engagement with the topics Additionally this book recognizes the broad range of environments that people with Master of Library and Information Science MLIS degrees work in which include both libraries and other information environments Thus this book does not only focus on libraries but instead encompasses ALL kinds of information organizations

Something to Talk about Ann-Marie Cyr, Kellie M.

Gillespie,2006 Many books provide advice and booktalks for adults who work with children and teens but *Something to Talk About Creative Booktalking for Adults* is the first book to focus solely on adults It provides step by step instructions on how to choose a book write a booktalk and publicize and present a program for adults Cyr and Gillespie explain what a booktalk is the benefits of booktalking and the difference between a booktalk and a book review They also discuss what makes a book appealing how to tailor a program for a specific audience and how to reach out to the community *Library Management and Marketing in a Multicultural World* James L. Mullins,2008-11-03 The papers collected in this volume were presented at the conference entitled Library Management and Marketing in a Multicultural World in Shanghai China from August 16 17 2006 held under the auspices of the Marketing and Management Section of the International Federation of Library Associations IFLA This book addresses some of the latest developments in the marketing and management of libraries worldwide recognizing the challenges to meet local needs in a global information society The authors used different approaches to identify trends opportunities and needs as well as effectiveness and assessment in countries ranging from Australia Belgium China Denmark Greece India Pakistan Spain the United States and elsewhere throughout the world Several authors describe successful programs designed to promote libraries within a community nation or academic community Others report on trends and changes taking place within the user community and present case studies on the response of libraries to meet challenges and opportunities through marketing and management **Adult Programs in the Library, Second Edition** Brett W. Lear,2013-06-11 Programming is an important means of not only drawing new people to the library but also better serving existing patrons Lear s invaluable guide to adult programs is back and better than ever with refreshed expanded content and new ideas to reinvigorate programs and give them a 21st century spin This edition includes Updated chapters on basics such as funding crafting guidelines topic selection publicity post program evaluations and more A new section on technology with ideas for online book discussions offering programs via Skype and turning programs into podcasts Methods for tailoring programs for specific groups such as men baby boomers and seniors A collection of five star programs from libraries around the country that can be easily adapted Walking the reader through every aspect of adult programming this new edition of a tried and true book is truly a librarian s best friend Doing the Work of Reference Linda S Katz,2013-10-18 Become more versatile competent and resourceful with these practical suggestions Becoming a first class reference librarian demands proficiency in a wide range of skills Doing the Work of Reference offers sound advice for the full spectrum of your responsibilities Though many aspects of a reference librarian s work are changing with astonishing speed the classic principles in this volume will never go out of date This comprehensive volume begins with hints for orienting yourself to a new job and concludes with ideas for serving the profession On the way Doing the Work of Reference covers such diverse topics as working with student assistants offering reference services to remote users and keeping up your professional development In addition you will find strategies for dealing with technological

change not high tech information that will become obsolete before the ink is dry but ways of approaching the process of change that will work today next week and ten years from now Doing the Work of Reference will help you increase your competence in getting along with other staff members marketing the library to users and faculty handling ephemeral materials keeping students attention in library instruction courses maintaining good relations with faculty increasing your subject knowledge and much more This comprehensive guide is an essential handbook for librarians in the trenches Whether you are a new librarian or a veteran at the reference desk Doing the Work of Reference will help you burnish your skills

Unveiling the Power of Verbal Artistry: An Emotional Sojourn through **Library Public Relations Promotions And Communications A Howtodoit Manual**

In a global inundated with monitors and the cacophony of fast communication, the profound power and psychological resonance of verbal beauty often disappear in to obscurity, eclipsed by the regular barrage of sound and distractions. Yet, set within the musical pages of **Library Public Relations Promotions And Communications A Howtodoit Manual**, a interesting function of literary brilliance that impulses with raw feelings, lies an remarkable journey waiting to be embarked upon. Penned by way of a virtuoso wordsmith, that interesting opus guides readers on a psychological odyssey, gently revealing the latent potential and profound affect embedded within the intricate web of language. Within the heart-wrenching expanse of the evocative evaluation, we shall embark upon an introspective exploration of the book is central subjects, dissect its interesting writing style, and immerse ourselves in the indelible effect it leaves upon the depths of readers souls.
