durante siglos en cultos tan ajenos a toda razón y todo buen sentido que verdaderamente al saber y conocer tal cúmulo de prácticas incalificables apenas podemos darles crédito. Prólogo al Tomo I Juan B Bergua La Historia de las Religiones nos va a permitir como un maravilloso caleidoscopio contemplar todo lo malo pero también todo lo bueno de que es capaz el espíritu humano. A saber por un lado de inventar dioses urdir ritos e imaginar asimismo toda clase de mitos por otro oponerse a todo ello es decir a todo lo falso a todo lo malo a todo lo artificioso sentando al hacerlo las bases de la ética y creando una moral que ni las montañas de arena levantadas por los huracanes del desierto de la ignorancia ni las olas frenéticas de los fanatismos serían capaces de sepultar. Pebbley, Thomas E. Payne, 2024-07-05 Kagayanen is a resilient Austronesian Greater Central Philippine Manobo language spoken by about 30 000 individuals mostly in Palawan province in the Philippines This grammar is the result of nearly 40 years of research by Carol Pebbley and a team of Kagayanen speakers and non Kagayanen co workers The primary data source is a corpus of texts collected over a 20 year period These texts three of which appear in an appendix to this book provide vivid insights into Kagayanen ways of being The grammar is written with a general linguistics audience in mind from a communication first perspective It should prove useful to specialists in Austronesian languages linguistic typologists and others interested in doing research in the central Philippines It is also hoped that this grammar will be an encouragement to Kagayanen speakers proving that their language is wonderfully complex and deserves an equal place alongside other regional and international languages *Los treynta libros de la Monarchia Ecclesiastica, o Historia universal del mundo divididas in cinco tomos.
