Life After Teaching:

Teaching, Making a Difference Steve Sonntag, 2016-12-31 Teachers may retire from their schools but they never retire from teaching Teaching Making a Difference includes two goals The first is to give guidance to teachers contemplating retirement while helping them to maintain realistic standards for their students The second goal is to present a multitude of options for just retired teachers to enjoy their well earned retirement while still using their knowledge and experience to benefit their communities Teachers will learn techniques that they can incorporate into their lesson plans as they continue to teach and upon retiring they will learn how to develop their own lesson plan to take care of themselves and to participate in their communities

Social Reconstruction Karen L. Riley, 2006-05-01 Social Reconstruction as a philosophy stream of thought or official program is often synonymous with Depression era Progressivism But Social Reconstruction unlike progressivism enjoyed political stardom The spirit of progressivism at least in terms of education found a home in those enthusiasts who supported a child centered perspective of education Others such as the essentialists viewed their progressive role as one that advanced the view of essential or basic education as the most sound approach to curriculum and teaching Still others more radical in their outlook believed that progress should be framed with questions about social justice and equity Proponents of social reconstruction included Harold Rugg and George Counts although the movement was rich with supporters To date social reconstruction is only a by word in most texts that deal with the Progressive Era or progressive education perhaps because Rugg and Counts the two most visible proponents sought and received the political limelight no matter how glaring In any event the depths of social reconstruction have yet to be plumbed Hence the first book in this series will offer a comprehensive treatment of Social Reconstruction which include chapters that examine its proponents political nature and social justice programs born of and within the tumultuous context of progressive politics

Purdue University , **Women in the Organization** Harold H. Frank, 2016-11-11 Includes a separate Instructor s Guide **Share Engage Educate** Vinesh Chandra, 2019-12-09 There is no doubt that our world is becoming increasingly more connected through digital technologies For meaningful participation in this environment we need to be digitally literate yet there are many children in developing countries who have yet to touch a computer because of social disadvantage For these children schools are the only place where they can build this capacity Regrettably many schools in these communities are under resourced They do not have sufficient and relevant library books let alone digital resources As a consequence teaching and learning strategies have remained unchanged for decades The field of critical pedagogy evolved through the initial work of Paulo Freire This theory is underpinned by critical thinking about societal issues followed by action and reflection When citizens are armed with such knowledge and skills they can

positively impact on the lives of the underprivileged Critical pedagogy however is still struggling to find its meaningful place particularly in higher education This is largely due to the lack of effective strategies and critical educators Share Engage Educate is an auto ethnography which presents accounts of the initiatives that were undertaken to promote print and digital literacy in rural and remote schools in eight developing countries It highlights the experiences of school leaders teachers university staff and students and globally minded citizens working alongside local communities to enhance the quality of education for over 15 000 children in these schools This book explores how critical pedagogy can unfold in educational spaces through knowledge sharing engaging and in the process educating all stakeholders

My Angel and Me Martha Manning, 2018-01-25 God communicates with me protects me and shows me His love through an angel which He gave to me when I was born in Martinez Georgia in 1936 My story takes place in the small towns of Martinez and Evans Georgia until I became seventeen years of age After high school graduation I married a Methodist minister and the South Carolina Methodist bishop sent us to churches in different areas of South Carolina In this book the reader will find out exactly how life was spent in each of these churches When my husband died in 2006 I moved to Rock Hill South Carolina and that is where I live now My angel has provided guidance and assistance to me throughout my entire life and this fact is illustrated in this book through actual experiences As you see my angel on the front of this book is wearing a tilted halo to show the world that life is not always perfect but we can receive guidance to help us through all of life's situations Three times I have seen my angel in person Other times I have felt the angel's presence and heard the words spoken by my angel My angel lets me know that God is near me Read this book to discover the three times my angel thought it was most important to visit me in person As you read I pray that you will be aware of your angel in your life guiding you Remember God is your Heavenly Father and His desire is to love you Your faith will acknowledge the hand of God caring for you
