Martin,2009-05 This book is about the nuances of college life as viewed from a Christian perspective Dr Martin came to the conclusion that the quest for human knowledge is endless in its own seductive way Our educational bastions are an arms length from the church yet it appears the church is being neglected by many who labor in the halls of academics by their lack of participation in church It is durable and manageable for one to participate in both the educational process and the church however these individuals are becoming a rare breed and that is why Dr Martin challenges the educator to return to his her spiritual roots Dr Martin asserts spiritual values are a reality and to be negligent here is without excuse      Plotting Apocalypse Jennie Chapman,2013-09-13 It is the not too distant future and the rapture has occurred Every born again Christian on the planet has without prior warning been snatched from the earth to meet Christ in the heavens while all those without the requisite faith have been left behind to suffer the wrath of the Antichrist as the earth enters into its final days This is the premise that animates the enormously popular cultural phenomenon that is the Left Behind series of prophecy novels co written by Tim LaHaye and Jerry Jenkins and published between 1995 and 2007 But these books are more than fiction it is the sincere belief of many evangelicals that these events actually will occur soon Plotting Apocalypse delves into the world of rapture prophecy and tribulation in order to account for the extraordinary cultural salience of these books and the impact of the world they project Through penetrating readings of the novels Chapman shows how the series offers a new model of evangelical agency for its readership The novels teach that although believers are incapable of changing the course of a future that has been preordained by God they can become empowered by learning to read the prophetic books of the Bible and the signs of the times correctly Reading and interpretation become key indices of agency in the world that Left Behind limns Plotting Apocalypse reveals the significant cultural work that Left Behind performs in developing a counter narrative to the passivity and fatalism that can characterize evangelical prophecy belief Chapman s arguments may bear profound implications for the future of American evangelicalism and its interactions with culture society and politics      **Iris Leaf Blotch** William Burley Tisdale,1917      **Humphreys V.
